David H. Levy

Lost in His Eyes Andrew Neiderman, 2015-12-01 A California housewife begins an ill-advised affair - with devastating consequences Bored California housewife Clea Howard meets a handsome man in her local supermarket, and is instantly smitten. Knowing almost nothing about him, she rushes headlong into a passionate affair without stopping to think about the consequences, nor to question how come the intelligent and charming Lancaster seems to know so much about her. As the lies she is forced to tell family and friends in order to cover up the adulterous affair become ever more intricate, Clea's life threatens to spin wildly out of control. Who exactly is the mysterious Lancaster? And what is he really after?

Edward FitzGerald's Rubáiyát of Omar Khayyám William Henry Martin, Sandra Mason, 2011 The book presents the text of Edward FitzGerald's three main versions of the Rubáiyát of Omar Khayyám, together with non-technical commentary on the origins, role and influence of the poem, including the story of its publication. The commentary also addresses the many spin-offs the poem has generated in the fields of art and music, as well as its message and its worldwide influence during the 150 years since its first appearance.

Hocus Pocus Kurt Vonnegut, 1997-10-01 From the New York Times bestselling author of Slaughterhouse-Five comes an irresistible novel that combines "clever wit with keen social observation...[and] re-establishes Mr. Vonnegut's place as the Mark Twain of our times" (Atlanta Journal & Constitution). Here is the adventure of Eugene Debs Hartke. He's a Vietnam veteran, a jazz pianist, a college professor, and a prognosticator of the apocalypse (and other things Earth-shattering). But that's neither here nor there. Because at Tarkington College—where he teaches—the excrement is about to hit the air-conditioning. And it's all Eugene's fault.

Scotland Yard's Murder Squad Dick Kirby, 2021-10-01 Get a behind-the-scenes look at fourteen historic cases from the Murder Squad of Scotland Yard in this collection perfect for true crime fans. In 1906 the Metropolitan Police Commissioner was asked by the Home Office to make available skilled investigators for murder inquiries nationwide as few constabularies

had sufficiently skilled—or indeed, any—detectives. Thus was born the Reserve Squad, or Murder Squad, as it later became known. Despite a reluctance by some forces to call upon The Met, the Murder Squad has proved its effectiveness on countless occasions with its remit extended to British territories overseas. A particularly sensitive case was the murder of a local superintendent on St. Kitts and Nevis. A former Scotland Yard detective, the author uses his contacts and experiences to get the inside track on a gruesome collection of infamous cases. Child murderers, a Peer's butler, a King's housekeeper, gangsters, jealous spouses and the notorious mass murderer Dr. Bodkin Adams compete for space in this spine-chilling and gripping book which is testament to the Murder Squad's skills and ingenuity—and the evil of the perpetrators. Brimming with gruesome killings, this highly readable book proves that there is no substitute for old fashioned footwork and instinct.

The Man who Sold the Milky Way David H. Levy,1993 Distinguished astronomy researcher, teacher, and lecturer, Bart Bok always loved to talk about astronomy's big picture, observes David Levy, and in his lifetime of commitment to the Milky Way, he had seen that picture evolve. Drawing on more than fifty interviews with Bok over the two years before his death, Levy's biography was first undertaken over Bok's protests but later gained his full cooperation. The book shows not only what made Bok an exceptional scientist but also what it was like to be an astronomer in an era of significant progress in that field.
