Jason Bivins

The Rising Tim LaHaye, Jerry B. Jenkins, 2005 The countdown to Rapture begins as Marilena Carpathia unknowingly gives birth to the Antichrist, and half a world away, God's plans begin to take form in young Ray Steele.

American Evangelicals for Trump André Gagné, 2023-12-01 This book introduces the American Evangelical movement and the role it played in the support of Donald Trump. Specifically, it focuses on the Neocharismatic-Pentecostal (NCP) leaders, their beliefs, and their political strategies. The author examines why 81% of white evangelicals voted for Trump in 2016, and why he still received between 76% and 81% of their vote in 2020 despite losing the presidency. Additionally, the book discusses how NCP leaders are part of the Christian Right, a religious coalition with a political agenda centered on controversial issues such as anti-abortion activism, opposition to LGBTQ+ rights, and the protection of religious freedom. Structured around the three main ideas inspiring NCP leaders who supported Trump in 2016 and 2020—Dominion, Spiritual Warfare, and Eschatology (the End Times)—the book examines how these ideas have sustained the evangelicals close to U.S. political power in the Trump era. In light of the potential for Trump's return to power in 2024, the book serves as a warning of what a renewed alliance between Trump and his former NCP supporters could bring. It is an essential read for all students and researchers of Evangelicalism, Religion in America, Political Theology, or Religion and Politics.

Left Behind Answered Verse by Verse David Reed, 2008-01-01 Will unbelievers and half-hearted churchgoers have 7 more years to make up their minds about Christ after He raptures the Church? LEFT BEHIND gives them all a 'second chance.' But is that what Jesus taught? His parables of the talents, the wise and foolish virgins, the wheat and the tares, and the faithful and evil servant all show him returning unexpectedly with both rewards and punishments in his hands. Neither the parables nor the plain words of Christ teach a second chance for those surprised by his coming. But LEFT BEHIND does. Few Christians realize LEFT BEHIND tosses aside the teachings of Luther, Calvin, Tyndale, Wesley, Wycliffe and Spurgeon. Read dozens of quotes from these and other respected sources that show LEFT BEHIND strays far from the truths Bible readers have understood for centuries. Author of JEHOVAH'S WITNESSES ANSWERED VERSE BY VERSE and MORMONS ANSWERED VERSE BY VERSE (Baker Book House), David A. Reed is known worldwide as an expert in refuting false

prophecy.

American Cities in Post-Apocalyptic Science Fiction Robert Yeates, 2021-11-15 Visions of the American city in post-apocalyptic ruin permeate literary and popular fiction, across print, visual, audio and digital media. *American Cities in Post-Apocalyptic Science Fiction* explores the prevalence of these representations in American culture, drawing from a wide range of primary and critical works from the early-twentieth century to today. Beginning with science fiction in literary magazines, before taking in radio dramas, film, video games and expansive transmedia franchises, Robert Yeates argues that post-apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues. Examining how the post-apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century, this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible. Chapters present media-specific analyses of these texts, situating them within their historical contexts and the broader history of representations of urban ruins in American fiction. Original in its scope and cross-media approach, *American Cities in Post-Apocalyptic Science Fiction* both illuminates little-studied texts and provides provocative new readings of familiar works such as *Blade Runner* and *The Walking Dead*, placing them within the larger historical context of imaginings of the American city in ruins.

The Left Behind Fantasy William Powell Tuck, 2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995. Jerry Falwell pronounced it the most important series of books in the history of modern Christianity. Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it. But according to real biblical scholarship, this series is seriously flawed. Based on a misreading of many scriptures, including Daniel and the Book of Revelation, it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden, unexpected return of Jesus. In this book, William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books, critiquing them in the light of genuine biblical scholarship and common sense.

Evangelical America Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history, dynamics, and influence of evangelicalism in recent American history, politics, and culture. What makes evangelical or born-again Christians different from those who identify themselves more simply as Christian? What percentage of Americans believe in the Rapture? How are evangelicalism and Baptism similar? What is the influence of evangelical religions on U.S. politics? Readers of *Evangelical America: An Encyclopedia of Contemporary American Religious Culture* will learn the answers to these questions and many more through this single-volume work's coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific

contributions evangelicals have made in American society and culture. It also illustrates the Evangelical movement's influence internationally in key issues such as human rights, environmentalism, and gender and sexuality.

American Political Fictions Peter Swirski, 2015-06-03 Through a discussion of diverse art and media such as apocalyptic thrillers, rap, and television, Swirski debunks the American political system, sieving out fact from a sea of bipartisan untruths. Engaging with close analysis and multiple case studies, this book forges a more accurate picture of contemporary American culture and of America itself.

Religion of Fear Jason Bivins, 2008-08-28 Conservative evangelicalism has transformed American politics, working not just through conventional channels, but through subcultures and alternate modes of communication. This text is a significant introduction to our understanding of the new shapes of political religion, and of American evangelicalism.

Star Code Chris Ward, 2010 For thousands of years humans looked to the stars for navigation, deities, personality insights, predictions and omens about the future. What can we learn from these heavenly bodies? The Bible says that the Lord placed them there as faithful witnesses to mark the seasons, the days, and the times. The Bible also tells of Wise Men from the east that followed a star to Bethlehem to find a king. What other events might be revealed by the movement of the stars and planets? Is there more hidden in the stars? Is there a Star Code?
