

The Stranger Daniel Morcombe

August von Kotzebue

Where is Daniel? Bruce Morcombe, Denise Morcombe, 2014-08-04 On 7 December 2003 Daniel Morcombe disappeared on the Sunshine Coast, while waiting for a bus. For Bruce and Denise Morcombe - the parents of Daniel - and his brothers, Bradley and Dean, it was apparent within hours that something was very wrong. In the first few days following Daniel's disappearance, Bruce and Denise made a promise to their son that they would never ever stop looking for him, and bring who was responsible to justice. 'We will never give up.' As the nightmare of hours became days then weeks, and months and years, the family mobilised to become the moral force behind the longest criminal investigation in Australia's history. *Where is Daniel?* covers the decade-long investigation into the disappearance of Daniel and the extraordinary courage, dignity, persistence and fortitude Bruce and Denise displayed under unbearable circumstances. This determination also applied to Bruce and Denise's desire to mine something positive from the darkest of experiences. They started the Daniel Morcombe Foundation in 2005, to teach children about safety, and have since visited hundreds of schools around Australia. They've established Australia's largest annual child safety day-of-action, 'Day for Daniel', and utilised the funds raised to support other children who have been the victims of abuse. Over a decade later, with Daniel's killer brought to justice thanks to an amazing covert police sting, this is the family's story. *Where is Daniel?* is a testament to the enduring power of love between parents and their child, and the strength and bonds of family to survive.

The Sting Kate Kyriacou, 2015-08-01 The disappearance of Queensland schoolboy Daniel Morcombe was one of the most heartbreaking and confounding child abduction and murder cases of the century, spanning almost a decade prior to the eventual arrest of known pedophile Brett Peter Cowan, one of the original persons of interest. The story of the police sting that resulted in his confession reads like crime fiction, featuring an elaborately staged fake crime gang run by a 'Mr Big' that lured Cowan in with the promise of a hefty payout. *The Sting* takes you on a journey behind Australia's most sensational undercover bust, revealing extraordinary new details. It is a shocking insight into one of the country's most evil killers, and the operation that brought him down.

Children's Health and Wellbeing in Urban Environments Christina R. Ergler, Robin Kearns, Karen Witten, 2017-07-06 How children experience, negotiate and connect with or resist their surroundings impacts on their health and wellbeing. In cities, various aspects of the physical and social environment can affect children's wellbeing. This edited collection brings

together different accounts and experiences of children's health and wellbeing in urban environments from majority and minority world perspectives. Privileging children's expertise, this timely volume explicitly explores the relationships between health, wellbeing and place. To demonstrate the importance of a place-based understanding of urban children's health and wellbeing, the authors unpack the meanings of the physical, social and symbolic environments that constrain or enable children's flourishing in urban environments. Drawing on the expertise of geographers, educationists, anthropologists, psychologists, planners and public health researchers, as well as nurses and social workers, this book, above all, sees children as the experts on their experiences of the issues that affect their wellbeing. *Children's Health and Wellbeing in Urban Environments* will be fascinating reading for anyone with an interest in cultural geography, urban geography, environmental geography, children's health, youth studies or urban planning.
