7b S N S R Sekar,2023-02-27 7B is a mesmerizing extract from the life of the author, who met with a fire accident when he was just eleven days old, separated from his parents at the age of three, and on being re- united and living in a garage for home, vowed something deep inside at that tender age. Years of struggle rolled by. He aced in academics at a national level and had countless choices across the globe at his doorstep, but his resolve made him choose a path less dared, less taken. A path based on a firm set of values he believed in. 7B is the author going back in time back and forth, reminiscing those choices, the events which transpired from them, and the lessons he learnt from the souls who made him who he is!

*Ancient Chants for Modern Living* Aatmanika Ram,2024-04-15 The twenty-first century has seen so many

advancements—in technology, research, healthcare and education. We are now more connected through technology than our ancestors have ever been, yet we are more isolated and lonely than our ancestors ever were. The ease with which things are available to us has led to a fast-paced lifestyle. That lifestyle, accompanied by a bad diet and lack of exercise, can sometimes lead to dysregulated thoughts. Awareness of this anomaly, acceptance to change and finally, embracing tools to regulate our feelings, are required to ensure we lead balanced lives that centre our thoughts and emotions. In *Ancient Chants for Modern Times*, Aatmanika Ram harnesses the wisdom of some of the ancient beliefs and practices of her Indian roots, and suggests tools to help overcome any stressful situations that may arise. These suggestions are global in nature and are easy to follow irrespective of where you live. Apart from information on mantras/chants, this book also includes advice on the diet and yoga asanas to follow to ensure that the body and mind respond in a balanced proportion to any situation. This is the perfect guide to becoming emotionally stronger and stress-free in the long run.

**India and Her Futures** Gopalkrishna Gandhi, 2025-11-07 *India and Her Futures* is a collection of essays by one of India's most prolific public intellectuals, Gopalkrishna Gandhi. As a former public servant, diplomat and scholar, his contribution to thinking about South Asian and world history is a debt many owe him. Reflecting on a wide canvas, including India's culture, diversity and the richness of its literary and intellectual history, Gandhi has been a committed loyalist of the essay as a form of expression through decades of writing for news dailies and monthly magazines. These curated essays from his larger oeuvre have allowed him the precision of form to express the urgency and vitality of its varied subjects. Written with unparalleled fluency and clarity of expression, here are meditations on foreign policy and India's place in the world, burning domestic political and social issues, biographical homages, chronicles on the making and unmaking of India, reflections on Indians who birthed the modern democratic republic, fundamental ideas of India and appraisals of key public institutions of India. Here is a once-in-a-generation writer, a uniquely gifted voice one looks to and will continue to consult to make sense of the India we have come to inhabit and an India to come.

**THE POWER WITHIN STORIES OF WOMEN WHO CHANGED THE WORLD** ,2025-12-05 The human spirit, in its purest form, is a boundless wellspring of resilience, innovation, and courage. While history often highlights the grand narratives of nations and revolutions, it is within the personal journeys of individuals that we truly find the indelible marks of change. And among these individuals, the stories of women—often unsung, sometimes overlooked—shine with a particular brilliance. It is this conviction that led to the creation of *The Power Within: Stories of Women Who Changed the World*. As an Associate Professor of Chemistry with nearly two decades of teaching experience, my daily life at Assam Engineering College, Guwahati, revolves around the scientific principles that govern our universe. My academic journey, from my B.Sc. at Cotton University to my M.Sc. and Ph.D. at Gauhati University, has instilled in me a profound appreciation for methodical inquiry, critical thinking, and the relentless pursuit of knowledge. My scholarly interests in Green Chemistry, Synthetic Organic Chemistry, Environmental Chemistry, and Sustainable Chemistry are driven by a desire to understand and improve the world around us. Yet, beyond the laboratory and the lecture hall, I have always been captivated by the human element of progress. My involvement with organizations like the Indian Science Congress Association, the Association of Chemistry Teachers, and the Assam Science Society, coupled with my publications in national and international journals, has allowed me to witness the transformative power of dedication and intellect across various fields. Accolades such as the Best Student Award from ISCA in 2004 and the Best Teacher Award from CRSI in 2011 are humbling reminders of the impact one can have through commitment to learning and teaching. But this book steps beyond the realm of chemical reactions and into the rich tapestry of human lives. While my professional life is dedicated to the molecular world, my broader interests extend to the societal and humanistic aspects of our existence. My active participation in administrative roles, guidance of student organizations, and engagement in social initiatives like tree plantation drives and community relief efforts underscore my belief in the power of individual action to shape a better future. *The Power Within* is a testament to this very belief. It is not a textbook on chemical reactions, but rather a collection of narratives that showcase the extraordinary strength, ingenuity, and unwavering spirit of women from diverse backgrounds and across different eras. These are stories that transcend geographical boundaries and historical timelines, revealing common threads of determination, resilience, and an innate capacity to

overcome adversity. In these pages, you will encounter women who defied societal norms, championed forgotten causes, pioneered new frontiers, and, in doing so, left an indelible mark on humanity. Their triumphs are not merely personal victories, but beacons of inspiration for all of us. As a single author, I have meticulously researched and crafted these narratives, aiming to bring their experiences to life with the respect and admiration they deserve. It is my sincere hope that these stories will resonate with readers, sparking a renewed appreciation for the often-underestimated power that lies within each individual, especially within women. May *The Power Within* serve as a reminder that change, however monumental, often begins with the quiet courage of one person, daring to dream, to defy, and to make a difference.

*Women of South Asia* Carol Sakala, 1980 Annotated bibliography and guide to librarys, archives and other information sources on women of South East Asia - covers relationships between women and religious practice, traditional culture, family, employment (woman workers), historical social role, social movements, women's rights, etc. References.
