12 Rules for Life Jordan B. Peterson, 2018-01-23 OVER TEN MILLION COPIES SOLD #1 INTERNATIONAL BESTSELLER What are the most valuable things that everyone should know? Acclaimed clinical psychologist Jordan B. Peterson has influenced the modern understanding of personality, and now he has become one of the world's most popular public thinkers, with his lectures on topics from the Bible to romantic relationships to mythology drawing tens of millions of viewers. In an era of unprecedented change and polarizing politics, his frank and refreshing message about the value of individual responsibility and ancient wisdom has resonated around the world. In this book, he provides twelve profound and practical principles for how to live a meaningful life, from setting your house in order before criticising others to comparing yourself to who you were yesterday, not someone else today. Happiness is a pointless goal, he shows us. Instead we must search for meaning, not for its own sake, but as a defence against the suffering that is intrinsic to our existence. Drawing on vivid examples from the author's clinical practice and personal life, cutting-edge psychology and philosophy, and lessons from humanity's oldest myths and stories, 12 Rules for Life offers a deeply rewarding antidote to the chaos in our lives: eternal truths applied to our modern problems.

From right to left, *Other People's Politics* is the indispensable guide to post-2016 life. 'Other People's Politics is to contemporary political debates what Virginia Woolf's *A Room of One's Own* was to early feminism: a call for progressives to work tirelessly so that everyone is granted the material conditions necessary for reading a difficult book like James Joyce's *Ulysses*, if they choose to.'
