Book Of Vision Quest Steven Foster, 2011-10-18 Blending numerous heritages, wisdoms, and teachings, this powerfully wrought book encourages people to take charge of their lives, heal themselves, and grow. Movingly rendered, The Book of the Vision Quest is for all who long for renewal and personal transformation. In this revised edition—with two new chapters and added tales from vision questers—Steven Foster recounts his experiences guiding contemporary seekers. He recreates an ancient rite of passage—that of “dying,” “passing through,” and “being reborn”—known as a vision quest. A sacred ceremony that culminates in a three-day, three-night fast, alone, in a place of natural power, the vision quest is a mystical, practical, and intensely personal journey of self-knowledge.

The Three Rooms Kevin Murphy, 2018-08-07 Move into the Present Room and Enjoy Your Life “The Three Rooms is a heartfelt seminal text which addresses self-understanding in spatial and temporal terms, simple enough for a child to

understand, yet deep enough to awaken a true spiritual seeker.” —Dr. Michael R. Cunningham, Chancellor, National University System Most of us are sleepwalking, focusing on the physical world when we should be paying attention to our inner selves, and to being in the present. The Three Rooms will help readers awaken and align with their Higher Self. The book uses the metaphor of rooms to represent places our thoughts go: backwards to the Past Room, forward to the Future Room, or now in the Present Room. In the Present Room, there are no regrets of the past or fears of the future; it is the ideal state “where we can find joy, peace, acceptance, and compassion,” among other positive emotions. That is where we are meant to be.

The Entrepreneurial Project Manager Chris Cook, 2017-09-11 Doing more with less is a skill mastered by entrepreneurs. Budgets are tight, deadlines are short, and time is of the essence. Entrepreneurial project managers use these parameters to their benefit. Hurdling over obstacles with the bare minimum of effort makes their projects and teams stand out. Focusing inward to develop the skills and mindset necessary to accomplish anything with anyone sets an entrepreneurial project manager apart from the group. This book builds on the basics of project management knowledge with tools and techniques to get you as well as your projects and teams performing on an advanced level. No matter your industry or experience level, this book gives you practical ways to improve any project. More importantly, it shows how you can improve your own performance. The biggest improvements a project manager can make are about him- or herself. Personal limitations can be the hardest obstacle to overcome, and this book explains how to overcome them. The techniques have been tried and tested by the author who shares them with you in this book. Whether in your projects or career, all the right things can be said and done, yet the results are always unpredictable. We all have little control over events. This book’s tools and techniques give you the ability to handle anything that may come your way. Entrepreneurs are constantly changing and adapting to the world around them. They must stay cutting-edge to make their businesses thrive. This book explains how to take a cutting-edge approach to project management. The goal is to take your technical skills as a project manager, add the elements of an entrepreneur, and create a high-powered team around you as well as become the best project manager you can be.

Way of the Peaceful Warrior Dan Millman, 2009-05-06 More and more people are "waking up" spiritually. And for most of them, the question becomes: now what? "Information about life after awakening is usually not made public, " explains Adyashanti. "It's most often shared only between teachers and their students." The End of Your World is his response to a growing need for direction on the spiritual path. Consider the book you hold in your hands Adyashanti's personal welcome to "a new world, a state of oneness."

Sacred Journey of the Peaceful Warrior Millman Dan, 2015-01-29 This is the second book in the Peaceful Warrior Saga. Neither a sequel nor prequel, this adventure takes place within the context of the original book, shedding new light on the path he was to travel, and would one day teach. After a period of training with the man he calls Socrates, Dan Millman is sent away by his old mentor to apply what he has learned to everyday life. Struggling with personal failure and growing disillusion, Dan sets out on a worldwide quest to rediscover the sense of clarity, meaning and purpose he found with Socrates. Then a long-forgotten memory drives Dan to seek a mysterious woman shaman in Hawaii. She is the gateway to all his hopes and fears — and the only one who can prepare him for what may follow. Deep in a rain forest on the island of Molokai, Dan encounters mortal challenges, vivid characters, and startling revelations as he ascends the peaceful warrior's path toward the light that shines at the heart of creation. In this compelling tale, the author breathes new life into ancient wisdom and reminds us that all our journeys are sacred, and all our lives an adventure.
