Happy Place Emily Henry, 2023-04-25 #1 NEW YORK TIMES BESTSELLER • A couple who broke up months ago pretend to still be together for their annual weeklong vacation with their best friends in this glittering and wise novel from #1 New York Times bestselling author Emily Henry. “The beach-read master hooks us again.—People Harriet and Wyn have been the perfect couple since they met in college—they go together like salt and pepper, honey and tea, lobster and rolls. Except, now—for reasons they’re still not discussing—they don’t. They broke up five months ago. And still haven’t told their best friends. Which is how they find themselves sharing a bedroom at the Maine cottage that has been their friend group’s yearly getaway for the last decade. Their annual respite from the world, where for one vibrant, blissful week they leave behind their daily lives; have copious amounts of cheese, wine, and seafood; and soak up the salty coastal air with the people who understand them most. Only this year, Harriet and Wyn are lying through their teeth while trying not to notice how desperately they still want each other. Because the cottage is for sale and this is the last week they’ll all have together in this place. They can’t stand to break their friends’ hearts, and so they’ll play their parts. Harriet will be the driven surgical resident who never starts a fight, and Wyn will be the laid-back charmer who never lets the cracks show. It’s a flawless plan (if you look at it from a great distance and through a pair of sunscreen-smear sunglasses). After years of being in love, how hard can it be to fake it for one week...in front of those who know you best?

Funny Story Emily Henry, 2024-04-23 #1 NEW YORK TIMES BESTSELLER • A shimmering, joyful novel about a pair of opposites with the wrong thing in common, from #1 New York Times bestselling author Emily Henry. A NEW YORK TIMES NOTABLE BOOK OF 2024 Named a Must-Read Book of 2024 by TIME • NPR • ELLE • Parade • Woman's World and more! Daphne always loved the way her fiancé Peter told their story. How they met (on a blustery day), fell in love (over an errant hat), and moved back to his lakeside hometown to begin their life together. He really was good at telling it...right up until the moment he realized he was actually in love with his childhood best friend Petra. Which is how Daphne begins her new story: Stranded in beautiful Waning Bay, Michigan, without friends or family but with a dream job as a children's librarian (that barely pays the bills), and proposing to be roommates with the only person who could possibly understand her predicament: Petra's ex, Miles Nowak. Scruffy and chaotic—with a penchant for taking solace in the sounds of heart break love ballads—Miles is exactly the opposite of practical, buttoned up Daphne, whose coworkers know so little about her they have a running bet that she's either FBI or in witness protection. The roommates mainly avoid one another, until one day, while drowning their sorrows, they form a tenuous friendship and a plan. If said plan also involves posting deliberately misleading photos of their summer adventures together, well, who could blame them? But it's all just for show, of course, because

there's no way Daphne would actually start her new chapter by falling in love with her ex-fiancé's new fiancée's ex . . . right?
