

In The Choice Does Gabby Die

Karin Nielsen-Saines

Lost Legacies (Book 1) Marie Nye-Shutt, In a world of many supernatural races, most unknown to the world it makes it hard for them to find a mate, so when Dylan Vito meets Rose Bellamy things start getting complicated, but he just can't stay away from her and it's a risk he knows he shouldn't take but can't help taking, the relationship isn't the only thing getting complicated. A whirlwind of things become evident in their lives. Can they overcome it all and survive the complications and obstacles coming their way or will things spiral out of control as the web of hunters, and races put them on the run. Or another question weighing on their minds is who or what Rose really is? Will there be enough clues and research left behind to figure it out?

Vigilante Feminists and Agents of Destiny Laura Mattoon D'Amore, 2021-04-07 This interdisciplinary study examines the relationship between violence, empowerment, and the teenage super/heroine in comics and young adult fantasy novels. The author analyzes stories of teenage super/heroines who have experienced trauma, abduction, assault, and sexual violence that has led to a loss of agency, and then tracks the way that their use of violence empowers them to reclaim agency over their lives and bodies. The author identifies these characters as vigilante feminist teenage super/heroines because they become vigilantes in order to protect other girls and young women from violence and create safer communities. The teenage super/heroines examined in this book are characters who have the ability—through super power, or supernatural and magical ability—to fight back against those who seek to cause them harm. They are a product of and a response to both the pervasive culture of violence against girls and women and a system that fails to protect girls and women from harm. While this book is part of a robust intellectual conversation about the role of girls and women in popular literature and culture and about feminist analyses of comics and YA literature, it is unique in its reading of violence as empowerment and in its careful tracing—and naming—of the teenage vigilante super/heroine, a characterization that is hugely popular and deserves this close reading.

I Wonder Why I Have Autism Jacob Tanner, 2022-08-05 *I Wonder Why I Have Autism* was six years in the making. Started by a particularly difficult time in Jacob's life. When he was younger, fourteen-year-old Jacob Tanner knew he was different than other children his age; everything was hard for him to learn. He couldn't play in physical education or cut with scissors like others nor ride a bike. He didn't know how to talk to other kids, but he worked hard every day because he wanted to be

like everyone else. In *I Wonder Why I Have Autism*, Tanner shares his story of what living with high-functioning autism is like. Written from his perspective, he talks about school, learning, teachers, friends, pets, and his challenges and his wins. In addition, he offers insights from his friends and his parents. *I Wonder Why I Have Autism* is a tool to be used by God to give hope to kids who have struggles like Jacob's and to the parents of those children who need guidance to help them.

Lady Justice Vicki Hinze, 2008-12-18 The Consortium, an international group of businessmen, launches a silent war against the United States using biological contaminants to destroy crops and create the need for medical technology it intends to black market. The goal? Financial Gain. The method of attaining it? Manipulate the economy and, through it, the government. The war will be won before the U.S. realizes it has been attacked--and the Consortium will rule the U.S. But the Consortium didn't plan on the Special Detail Unit Senior Special Agent, Gabby Kincaid, discovering there is a war and it's being fought and won by the enemy: a discovery that exposes Gabby's cover and marks her for elimination by her partner, Special Agent Max Grayson. Max attempts to execute his orders, but he and Gabby become the U.S.'s strongest defense. They must work together to expose the enemy--before more innocents die from deliberate contamination; before the economy collapses; and before the country is crippled. Few things surprise Gabby or Max on this mission, but one stuns them. Neither expected to fall in love.

Loose-leaf Version for Quantitative Literacy Bruce Crauder, Benny Evans, Jerry Johnson, Alan Noell, 2014-12-26 I finally understand why I need to learn some math! says a student after finishing a course that used Quantitative Literacy. That enthusiastic response gets to the heart of how this remarkable textbook works. Quantitative Literacy shows students that they use math in their everyday lives more than they realize, and that learning math in real-world contexts not only makes it easier to get better grades, but prepares them for decisions they'll face about money, voting and politics, health issues, and much more. The authors draw on a wide range of examples to give students basic mathematical tools— from sports to personal finance to sociopolitical action to medical tests to the arts—with coverage that neatly balances discussions of ideas with computational practice.

The Wrath of the Fallen Amber V. Nicole, 2025-10-28 Never before published! A viral favorite among fans of Rebecca Yarros and Carissa Broadbent, the slowburn, high-stakes epic romantasy series continues with this highly anticipated 4th installment. When Gods dance with Monsters, the world will tremble. A BEAUTIFUL ENEMY ONCE SAVED HIM. With the return of Samkiel, the rightful heir to the throne, tensions grow in the remaining realms. Battle lines begin to form between those pledging their loyalties to either Samkiel or Nismera. War looms on the horizon, and Samkiel must deal with his growing power. Without the Ring of Oblivion, the dark ancient force living under his skin begins to lash out. Meanwhile, an ancient power calls to Dianna, plaguing her dreams with messages of retribution. Samkiel, seeking to protect the woman he

loves, sets out on a desperate search for answers, but the solution will mean a dangerous voyage to the one place he dares not go—the Otherworld. BUT WHO IS THE REAL MONSTER? It is a race against time as Nismara hunts for Vincent and Camilla, seeking what they stole. Her thirst for power and her armada only grow stronger as she rampages across the realms. Forces, primal and eternal, have taken notice, forcing Ig'Morruthens and gods to work together on a quest to reclaim an object capable of unraveling reality. An unlikely bond is formed in blood and fire, leaving all affected with no choice but one—save the realms or themselves.
