Forward Aggressive and Living out Loud Rick Mirandette, 2022-02-21 Have you ever felt uncomfortable from people getting too close, using disrespectful, condescending language or even their uninvited, inappropriate touching? Are you fearful of confrontation believing that if things escalated you wouldn't be able to handle it? Were you taught that you can't expect to defend yourself against a larger person or a man? Do you believe you would just freeze up? Maybe you've always wanted to take a self-defense course or karate to learn the secrets of the masters who seem unshakable against seemingly insurmountable odds, at any age, or wondered if any of that is real. Good news: There are some simple skills and tactics that you can employ to gain the advantage, shift the balance of power in your favor and greatly reduce the risk of assault or injury. You can take charge. You can move from fear to freedom. This book shows you how. One rape survivor said, "I took two other self-defense courses but Mirandette's program gave me my life back." One corporate leadership company president said: "This program guides people through a process of discovery that frees them from a variety of self-limiting assumptions to see grander visions and new possibilities for personal and professional transformation." Founder of Bartell & Bartell, Ltd, Center for Executive Assessment and Development This book is a must for people heading off to college and everyone else.

The Swords of Nehemiah Joseph M. Gilbert, 2023-10-20 Every house of worship in America faces a growing constant threat of violent attacks from terrorists, social fanatics, violent anti-religions, the mentally ill, drug-ravaged, and others who crave the social media and news fame of a mass killer. In the last twenty years, there was an average of two deadly force incidents (DFI) at houses of worship in America each week. No state, county, city, or house of worship of any religion is exempt from these threats. Violence, unrest, and criminal attacks are increasing nationwide with no penalty, accountability, or restrictions. Violent criminals are released into society with no controls. Churches of all denominations are seen as soft targets, and they must address these threats and take actions to protect those who come to worship. Retired FBI Superintendent Ed Mireles says, "This book is a highly recommended, must read, for all Church Security Personnel." This book gives the reader an extremely valuable program of strategies and tactics that can be immediately applied to provide protections against these violent threats, to limit the number of threats that occur and minimize the effects of those that

happen. With years of direct experience and multiple sessions of very high-quality training, the author faces these threats head-on and then moves directly to provide counter methods. Hard-hitting, direct, and fast-paced, The Swords of Nehemiah is the essential How to playbook for church protection strategies that have proven successful and can be immediately implemented and consistently improved and enhanced. Retired Professor of Criminal Justice Dr. Jeffrey P. Rush says it best, "This is the book every church, every security team needs. Read it, learn it, live it."

SIERRA TWO Marc Lonergan-Hertel, 2018-05-15 ...a large wave buries the bow of Seamaster and I am exhaling bubbles into the ocean as I try to call for help. And then I am hit with a distinct sensation—I can no longer breathe... This and other incredible adventures are shared in SIERRA TWO, the true story of one man's literal and metaphysical journeys. In the end, it's a story about embarking on a mission greater than oneself—a journey of finding the value in your life and the responsibility of following your true life's path as a protector of others, no matter what the cost. On a river code-named SIERRA TWO, Marc Lonergan-Hertel is seriously wounded after he loses his jungle guide to a violent death in the "lost world" of the Amazon. At his lowest moment of scouting a three-thousand-mile journey for a National Geographic television show in one of the last remaining biosphere reserves in the Guiana Shield, he is befriended by a lost indigenous child and an old shaman from an ancient tribe. In an act that seems like repayment for his earlier sacrifices in the cities and slums of Brazil, the shaman saves his life and gives Marc an ominous warning—death will follow the former SEAL through the steaming jungles. It will take everything Marc has learned in his life to keep himself and others alive. Travel with Marc Lonergan-Hertel on his extraordinary adventures and real-world odyssey to make a difference in this world—one life at a time.
