**José M. Faraldo, Gutmaro Gómez Bravo**

**Interacting Francoism** José M. Faraldo, Gutmaro Gómez Bravo, 2023-06-23 The book presents various investigation into 20th-century European dictatorships, with its focus on Franco's dictatorship and the Spanish Civil War. Francisco Franco's dictatorship in Spain (1936/1939-1975/1978) was a modern form of authoritarianism, with a strong totalitarian period, like many other dictatorships of the time. Francoism occupies a place in history alongside other different dictatorships of its age, and a comparative analysis might prove to be a powerful tool in order to understand how, in the middle of the 20th century, such a repressive and authoritarian form of political control emerged. One of the most forgotten fascisms, which at the same time was influenced by and influenced other dictatorships, there are many aspects of the transnational connections of Francoism that remain under-researched. Following this methodology, thus, an attempt is made to situate Francoism in the context of the other dictatorships of the time, in an attempt to transcend explanations centered on the nation. The chapters cover groundbreaking topics such as the Spanish Civil War as one of the first total wars or Spanish fascism in context as one of the main European totalitarianisms. The chapters always have more than one dimension: they speak of interrelation, entanglement, collaboration and diffusion, and, in general, put the different dictatorships (essentially: Francoism, diverse Fascisms and Communism) in context and comparison.

**Gender and Contemporary Television in Iberia and Latin America** Anja Louis, Abigail Loxham, 2025-08-07 This book provides an inclusive and intersectional look into television from Latin America and the Iberian Peninsula. Each of the essays, written by international scholars across various disciplines, offer close textual analyses of popular series from Mexico, Spain, Brazil and Cuba, these include *La casa de papel* (2017-2021), *Drag Race España* (2021-), *Inés del alma mía* (2020) and *El ministerio del tiempo* (2015). The detailed case studies of seminal local and global hits provide overdue critical attention to Latin American television programming, highlighting on screen representations of gendered identities and the role of online streaming in facilitating social change. The collection goes on to explore recent industrial changes through first hand interviews with prominent practitioners such as Veronica Fernandez and Leticia Dolera. Discussing a broad range of genres including the telenovela, melodrama, historical drama and reality TV, alongside critical theories of media and gender, the collection contextualises and interrogates representational practices in Spanish television programming.

La memoria novelada Hans Lauge Hansen, 2012 En la última década, una gran parte de las novelas publicadas en España ha tenido como eje vertebrador de sus narraciones el tema de la memoria histórica. Siguiendo ese interés, esta edición se ocupa de la cuestión de la forma, en relación a las distintas estrategias narrativas que los escritores han venido desarrollando de 2000 a 2010. Dentro de este paradigma, la metaficción, el documentalismo o la hibridación de géneros aparecerán como algunas de las formas narrativas más recurrentes en este tipo de obras. Las distintas contribuciones que componen este libro nos acercan a estas estrategias narrativas con el fin de resaltar las diferencias con modelos anteriores. A su vez, estos usos narrativos se relacionan no solo con la propia estética de la novela, sino, aún más, con la existencia de una ética en la que se reflejan los hechos narrados. Todos estos asuntos, así mismo, son observados a través de algunas de las perspectivas teóricas más relevantes que en los últimos años se han desarrollado en el ámbito de los estudios de la memoria. El volumen presenta los resultados del simposio La memoria novelada, celebrado en La Universidad de Aarhus en noviembre de 2010.
