The New Broadway Song Companion David P. DeVenney, 2009-07-29 This is a completely revised and expanded second edition of *The Broadway Song Companion*, the first complete guide and access point to the vast literature of the Broadway musical for the solo performer. Designed with the working actor in mind, the volume lists every song from over 300 Broadway shows, including at least 90 more than the first edition. Organized by show, each song is annotated with the name of the character(s) who sing(s) the song, the vocal range, and a style category, such as uptempo, narrative ballad, swing ballad, moderate character piece, etc. Several indexes are supplied, organizing the songs by voice type (soprano, baritone, etc.) and song style, vocal arrangement (duets, trios, chorus, etc.), and composer and lyricist, allowing increased access to the repertoire. For instance, a soprano looking for a ballad to sing will find every song in that category in the index. All solos, duets, and trios are indexed in this manner, with quartets and larger ensembles listed by voice type. Furthermore, the instant breakdowns (how many lead characters, who sings what song, and the range requirements of each character) will be a valuable resource to directors and producers.

Broadway Musicals Stanley Green, Cary Ginell, 2019-12-15 This updated edition of one of the bestselling and comprehensive Broadway reference books, first published in 1985, has been expanded to include many of the most important and memorable productions of American musical theater, including revivals. Arranged chronologically, beginning with musicals from just after the Civil War, each successive edition of the book has added valuable updates about trends in musical theater as well as capsule features on the most significant musicals of the day. The ninth edition documents important musicals produced since the end of the 2012-2013 season through spring 2019. *Broadway Musicals, Show by Show* features a wealth of statistics and inside information, plus critical reception, cast lists, pithy commentary about each show, and numerous detailed indexes that no Broadway fan will want to be without. Since its original publication, *Broadway Musicals* has proved to be an indispensable addition to any Broadway aficionado's library.

Theatre World John Willis, Ben Hodges, 2007-02-26 Scenes from the plays and portraits of leading actors accompany a statistical record of the current season

Theatre World 2006-2007 - The Most Complete Record of the American Theatre John Willis, Ben Hodges, 2009-06-01 (*Theatre World*). Applause Theatre & Cinema Books is pleased to make this venerable continuing series

complete by publishing Theatre World Volume 63 . Theatre World remains the authoritative pictorial and statistical record of the season on Broadway, Off-Broadway, Off-Off-Broadway, and for regional theatre companies. Tom Stoppard's The Coast of Utopia captured the Best Play Tony Award, as well as Tonys for featured actors Billy Crudup and Jennifer Ehle. Frasier star David Hyde Pierce returned to his theatre roots to capture a Tony for Kander and Ebb's Curtains , and other highlights of the season include the Off-Broadway musical In the Heights as well as Passing Strange , which debuted at the Berkeley Repertory Theatre. Both have since transferred to Broadway and become critical and popular hits. As always, Theatre World 's outstanding features include: * An expanded section of professional regional productions from across the U.S. * The longest running shows on and Off-Broadway * Full coverage of the Theatre World Awards for Broadway and Off-Broadway debuts * Expanded obituaries and a comprehensive index

Theatre World Daniel C. Blum, John A. Willis, 2004

Theatre World 2005-2006: The Most Complete Record of the American Theatre John Willis, Ben Hodges, 2008-07-01 Now in its 62nd year, 'Theatre World' provides a complete statistical and pictorial record of the Broadway and off-Broadway theatre season. Each entry includes complete cast lists, producers and directors, authors and composers, opening dates, plot synopses, and biographical information.

Off Broadway Musicals, 1910-2007 Dan Dietz, 2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

Broadway Musicals: Show by Show Stanley Green, Kay Green, 2008-11 The most comprehensive and widely used

Broadway reference book has been expanded and updated to include nearly 400 of the most important and memorable productions of the American musical theatre, including revivals. Chronologically arranged beginning with The Black Crook in 1866, the sixth edition adds entries on numerous musicals from recent years, including The Lion King, Hairspray, The Producers, Wicked, Mamma Mia!, Thoroughly Modern Millie, Avenue Q, and others. Features a wealth of statistics, including: music and lyrics information; names of producers, directors and choreographers; cast lists; New York run dates; songs; and more. Also includes inside information, info on critical reception, and pithy commentary about each show.
