

Synopsis Of Anxious People

Fredrik Backman

Anxious People Fredrik Backman, 2020-09-08 #1 New York Times bestseller From the #1 New York Times bestselling author of *A Man Called Ove* and “writer of astonishing depth” (The Washington Times) comes a poignant comedy about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Viewing an apartment normally doesn’t turn into a life-or-death situation, but this particular open house becomes just that when a failed bank robber bursts in and takes everyone in the apartment hostage. As the pressure mounts, the eight strangers begin slowly opening up to one another and reveal long-hidden truths. First is Zara, a wealthy bank director who has been too busy to care about anyone else until tragedy changed her life. Now, she’s obsessed with visiting open houses to see how ordinary people live—and, perhaps, to set an old wrong to right. Then there’s Roger and Anna-Lena, an Ikea-addicted retired couple who are on a never-ending hunt for fixer-uppers to hide the fact that they don’t know how to fix their own failing marriage. Julia and Ro are a young lesbian couple and soon-to-be parents who are nervous about their chances for a successful life together since they can’t agree on anything. And there’s Estelle, an eighty-year-old woman who has lived long enough to be unimpressed by a masked bank robber waving a gun in her face. And despite the story she tells them all, Estelle hasn’t really come to the apartment to view it for her daughter, and her husband really isn’t outside parking the car. As police surround the premises and television channels broadcast the hostage situation live, the tension mounts and even deeper secrets are slowly revealed. Before long, the robber must decide which is the more terrifying prospect: going out to face the police, or staying in the apartment with this group of impossible people. Rich with Fredrik Backman’s “pitch-perfect dialogue and an unparalleled understanding of human nature” (Shelf Awareness), *Anxious People*’s whimsical plot serves up unforgettable insights into the human condition and a gentle reminder to be compassionate to all the anxious people we encounter every day.

Summary of Anxious People Alexander Cooper, 2021-10-16 Summary of *Anxious People* - A Comprehensive Summary It is quite hard and stressful to be a human being... Making sure that you seem to be normal and you know what you are doing. A 39-year-old woman planned to rob a bank, but it did not go well. Trying to escape she ran into the first house, up the stairs, into a flat, which was for sale. There were eight people inside, so the robbery became a hostage drama. Later all the people were released but by the time the police arrived at the flat, it was empty, and the robber had disappeared. Ten years ago a man was standing on a bridge, planning to end his life. But since this man will not be the protagonist of the story, you do not have to remember or even think of him. Is this possible? Because at the moment you read something you instantly think of that thing. The police officer tries to find out some information about the incident, so he asks the real estate agent. But as it turns out, the Realtor prefers to talk about the advantages of the apartment. She mentions its great location, the amount of sunshine that it gets. But the truth is that the perpetrator could be still in the apartment, so they have to find out if there are any hiding places in it. During the questioning, the police officer remembers his parents' idea about his career choice. They believed that those boys who decided to be a policeman only chose this path because they did not have any better idea. If you'd like to purchase the original book, please paste this link in your browser: <https://amzn.to/2HmPnpz> In their eye-opening book, Doctor Amir Levine and psychologist Rachel Heller use the attachment theory to provide insight into how love actually works. Discover your attachment style and learn how it affects your romantic relationships--for better or for worse. What does this ZIP Reads Summary Include? Synopsis of the original bookDetailed explanation of each attachment styleHow to identify your, and your partners, stylesCommon pitfalls for each styleHow to create a healthy dynamic moving forwardEditorial reviewBackground on the authors About the Original Book: In Attached, Amir Levine and Rachel Heller take a scientific approach to explain how romantic relationships work and why some are more dysfunctional than others. They use real-life stories as well as cutting-edge research to educate us on why some people are able to thrive in their relationships while others seem trapped in a vicious cycle of perpetual disappointment. The authors show us that people in relationships can be grouped into three main attachment styles: secure, anxious, and avoidant. By finding out which category you and your partner fall under, you stand a better chance of making your relationship succeed. Synopsis of Sleep Medicine S. R. Pandi-Perumal,2016-10-26 Sleep medicine encompasses an unusually board spectrum of contributions from biology, technology, and medicine. This volume summarizes the considerable mass of knowledge that has been accumulated in the field and imparts its major findings in a manner that is comprehensive yet not overwhelming. Edited by an eminent sleep researcher and with contributions from leading experts in the field, the volume provides a basic grounding in sleep medicine and covers the fascinating complexity of the field. It separates figure from ground for those who are newcomers to the field and who are seeking guideposts for further research. Sleep problems are frequently co-morbid

with other medical conditions, and clinicians need to be alert to this interconnectedness and to recognize which difficulties are primary and which are not. Synopsis of Sleep Medicine will be a valuable tool for clinicians in many specialties for addressing diagnostic problems in sleep medicine. The volume is the first of its kind, rich yet comprehensive and focused and one that is sure to meet the needs of both basic and clinical research for some years to come.

Anxious People Fredrik Backman, 2020-08-20 The funny, touching and unpredictable No. 1 New York Times bestseller, now a major Netflix TV series 'A brilliant and comforting read' MATT HAIG 'Funny, compassionate and wise. An absolute joy' A.J. PEARCE 'A surefooted insight into the absurdity, beauty and ache of life' GUARDIAN 'I laughed, I sobbed, I recommended it to literally everyone I know' BUZZFEED 'Captures the messy essence of being human' WASHINGTON POST From the 18 million copy internationally bestselling author of *A Man Called Ove* _____ It's New Year's Eve and House Tricks estate agents are hosting an open viewing in an up-market apartment when an incompetent bank robber rushes in and politely takes everyone hostage. For Anna-Lena and Roger, busy buying-up apartments to fill the hole in their marriage, it's something else to talk about. For Julia and Ro, panicky parents-to-be, it's yet another worry. Lonely bank manager Zara only came here for the view. While 87-year-old grandmother Estelle seems rather pleased by the company . . . As the police gather outside, the anxious strangers huddled within try to make the best of a very sticky situation - but could it be that they have a whole lot more in common than meets the eye? _____ Readers are loving *Anxious People*! Dilemmas of Leadership Tudor Rickards,2015-06-17 Leadership, the practice of focusing and motivating a group or organization to achieve its aims, is a much discussed but often misunderstood concept. This comprehensive textbook introduces the subject for Masters level students. Readers are invited to make a series of metaphorical journeys of discovery, thematically organized around fundamental dilemmas within the field of leadership studies. Building on the success of previous editions, the text uses a simple map-based approach to consider dilemmas such as: Is a leader born or made? How are tensions between ethical dilemmas and economic self-interest resolved? How does a leader's desire for control balance with the need to empower members of the organization? This third edition contains a brand new chapter on leadership in sport, an enhanced chapter on creativity, and more international content. Also new to this edition is a companion website containing PowerPoint slides, revision quizzes and a tutor's guide. This text will be essential reading for Masters and MBA students on leadership courses, and will also be illuminating for managers pursuing leadership development.
