Summary of The Four Agreements , Summary of The Four Agreements - every action we take is the result of agreements we have made, including agreements with God, other people, ourselves, and the universe. The agreements we establish with ourselves, though, are the most significant. We define who we are, how to act, and what is feasible and

impractical for us in these agreements. A single agreement may not be a big deal, but we frequently make agreements out of fear that drain our strength and make us feel less valuable. It explores the root of self-limiting ideas that rob us of joy and cause unnecessarily pain. A strong rule of behavior based on the wisdom of the Toltecs, can quickly change our lives and forge a new sense of liberation, genuine happiness, and love. The Fourth Industrial Revolution and Military-Civil Fusion Yoram Evron, Richard A. Bitzinger, 2023-06-15 Advanced commercial technologies offer new opportunities for defense applications that could greatly affect military power and metrics of military advantage. This is relevant when it comes to civilian-based technological innovations found in the emerging 'fourth industrial revolution,' such as artificial intelligence, autonomous systems, 'big data,' and quantum computing. Militaries and governments around the world are increasingly focused on how and where advanced commercial technologies, innovations, and breakthroughs could potentially create new capacities for military power, advantage, and leverage. This process of exploiting civilian-based advanced technologies is referred to as 'military-civil fusion' (MCF). This book addresses MCF not only from a conceptual and practical sense but also comparatively as it explores how four different countries - the United States, China, India, and Israel - are attempting to use MCF to support national military-technological innovation. It will interest scholars, researchers, and advanced students of military, security, and technology studies, as well as analysts and policymakers in military and defense organizations.
