Looking for Love in All the Wrong Places Danyelle Newton, 2012-05-16 Looking For Love In All The Wrong Places is an inspirational book for females of all race and age groups. Many females struggle with acceptance and love and because of this they end up involved in different types of unhealthy relationships. This book will teach females that if they put their trust and love in God first then the right type of love and acceptance they desire will come. Included in this book is scripture reference for each chapter, so the reader will have a bible basis to reflect on. Also there are discussion questions at the end of each chapter for studying and reflection. Danyelle Newton's struggle for looking for love in all of the wrong places is reflected throughout the pages of this book. This book is not only her testimony of the wrong love she looked for because she didn't have her trust and faith in God, but it reflects her journey towards finding the right type of love as well. Once she found Christ, her views on love changed and the love she was searching for didn't have to be found because it was right inside of her all along.

A Century of Musicals in Black and White Bernard L. Peterson Jr., 1993-10-25 This comprehensive reference book provides succinct information on almost thirteen hundred musical stage works written and produced from the 1870s to the 1990s involving contributions by black librettists, lyricists, composers, musicians, producers, or performers or containing thematic materials relevant to the black experience. Organized alphabetically, they include tent and outdoor shows, vaudeville, operas and operettas, comedies, farces, spectacles, revues, cabaret and nightclub shows, children's musicals, skits, one-act musicals, one-person shows, and even a musical without songs. In addition to the hundreds of shows independently created, produced, and performed by black writers and theatrical artists, it presents hundreds more representing a collaboration of black and white talents. An appendix organizes the shows chronologically and highlights those that were most significant in the history of the black American musical stage. An extensive bibliography and indexes of names, songs, and subjects complete the work.

Stamford, 2007-05-29 A scientifically proven 9-step program for understanding the dating brain and finding the love of your life Psychiatrist Paul Dobransky presents a patented, clinically proven, easy-to-follow nine-step program that can lead to lasting love.
