Quotes for Signboards, Marquees, Church Signs, Inspiration, and Reflection Stan H. McCarley,2024-02-02 Character is doing what is right when no one else is looking. Keep your fears to yourself, but share your courage with others. Never put the key to your happiness in someone else's pocket. Quantity is what you count; quality is what you count on. Very few burdens are heavy if everyone lifts. These are just a few of the quotations that I have included in this book. It is a culmination of over four decades of gathering quotes and sayings, noticing church and marquee signs and bumper stickers and, most recently, researching on the Internet. In the preface for this book, I went through and listed quotes that meant a lot to me, but as I look back, I realize that they all mean something to me. I hope that you can use them for motivation, reflection, and inspiration.

185 Quotes & Thoughts from Steve Jobs Sophy,2018-05-04 Steve Jobs - MacWorld - 1997 "Sometimes, points of view can really make you look at things differently" This single quote summarizes the very reason why we publish the "185 quotes and thoughts from Steve Jobs": we focused on the things that could broaden your horizon, develop your critical thinking or reassess a situation. What is it that Steve - as everyone called him - had said that could have an impact today on your business or on your life? This is the purpose of this book: collect some of the finest words of Steve that you can reflect on. Genius, innovator, inventor, artist, world-changer; one of the greatest advocate of innovation and quality. There is thousands of web pages and dozens of books about Steve. Yet, in the same way Steve relentlessly repeated during his lifetime, we were not satisfied with current publications, so we create our own book, organized it in the way that made sense to us, favored long-form quotes when we could, and included some interview passages that other publishers disregarded, but that we found of great interest. This volume is the result of countless hours of searching, reading, watching, collecting any work about Steve. Whether it is books, written or videos interviews, articles and reportages. We had found not only quotable pieces, but also ideas Steve expressed that we deemed relevant to truly understand and capture Steve's spirit and timeless philosophy on life.
