Light in August William Faulkner, 2002-04-02 Selected by the Modern Library as one of the 100 best novels of all time From the Modern Library's new set of beautifully repackaged hardcover classics by William Faulkner—also available are *Snapes*, *As I Lay Dying*, *The Sound and the Fury*, *Absalom, Absalom!*, and *Selected Short Stories* One of William Faulkner's most admired and accessible novels, *Light in August* reveals the great American author at the height of his powers. Lena Grove's resolute search for the father of her unborn child begets a rich, poignant, and ultimately hopeful story of perseverance in the face of mortality. It also acquaints us with several of Faulkner's most unforgettable characters, including the Reverend Gail Hightower, plagued by visions of Confederate horsemen, and Joe Christmas, a ragged, itinerant soul obsessed with his mixed-race ancestry. Powerfully entwining these characters' stories, *Light in August* brings to life Faulkner's imaginary South, one of literature's great invented landscapes, in all of its unerringly fascinating glory. Along with a new Foreword by C. E. Morgan, this edition reproduces the corrected text of *Light in August* as established in 1985 by Faulkner expert Noel Polk.

**The Burden of the Past in "Light in August" by William Faulkner** Lisa Speidel,2017-10-16 Seminar paper from the year 2013 in the subject English Language and Literature Studies - Literature, grade: 1,2, University of Stuttgart, language: English, abstract: As almost in all of William Faulkner's novels in "Light in August" the past determines the present like nothing else in the whole story. Although the book is considered as primarily Christmas' story it is noticeable that the story of Christmas life from adolescence to his present age of thirty-three just takes a few pages in the whole novel. Therefore it is likely that another point in the novel is far more important than simply the story of Christmas' life: the past that determines the present and burdens its owners. The novel also explores issues of gender and race specifically, but these particular thematic currents intersect to become part of Faulkner's larger inquiry concerning the nature of identity and how it is influenced by ones' own history. The past is one of the most important facts in the whole story for half of the book is written in flashbacks, while the story itself seems to take just a small part from the whole large part. To understand Faulkner's characters actions in the present it is necessary to understand and know their history in the past, which determines their present greatly. Although the novel explores the issues of gender and race specifically, these particular thematic actions are part of Faulkner's larger, more all-encompassing inquiry concerning the nature of identity and how it is influenced by a families history, the society and individual lives of the protagonists. But not only the actions of the main protagonist Joe Christmas, are caused by the events in his past. Altogether there are three of Faulkner's protagonists in "Light in August" which are prominent examples for how the past of a person can determine their actions in the present or their whole life in general. This three are for one Joe Christmas, whose troubled past determines his actions and his self-consciousness, Joanna Burden, who is namely affected by her ancestors religious beliefs and Gail Hightower, who is also affected by his ancestors history, but instead of Joanna not by religion, but the civil war. The townsfolk of Jefferson has resolved a acceptance of Reverend Hightower, Joanna Burden, and Joe Christmas, but each of these characters deliberately resists or abandons the distorting influence of a rigid social and moral order. They live their lives in solidarity because of the past, their ancestors left them as heritage and burden. [...]

William Faulkner Reads Selections from His Novel: Light in August William Faulkner,1979

*Light in August William Faulkner* William Faulkner,1932 The novel is set in the American South in the 1930s, during the time of Prohibition and Jim Crow laws that legalized racial segregation in the South. It begins with the journey of Lena Grove, a young pregnant white woman from Doane's Mill, Alabama, who is trying to find Lucas Burch, the father of her unborn child. He has been fired from his job in Doane's Mill and moved to Mississippi, promising to send word to her when he has a new job. Not hearing from Burch and harassed by her older brother for her illegitimate pregnancy, Lena walks and hitchhikes to

Jefferson, Mississippi, a town in Faulkner's fictional Yoknapatawpha County. There she expects to find Lucas working at another planing mill, ready to marry her. Those who help her along her four-week trek are skeptical that Lucas Burch will be found, or that he will keep his promise when she catches up with him. When she arrives in Jefferson, Lucas is there, but he has changed his name to Joe Brown. Looking for Lucas, sweet, trusting Lena meets shy, mild-mannered Byron Bunch, who falls in love with Lena but feels honor-bound to help her find Joe Brown. Thoughtful and quietly religious, Byron is superior to Brown in every way, but his shyness prevents him from revealing his feelings to Lena. The novel then switches to the second plot strand, the story of Lucas Burch/Joe Brown's partner Joe Christmas. The surly, psychopathic Christmas has been on the run for years, ever since at least injuring, perhaps even killing his strict Presbyterian adopted father. Although he has light skin, Christmas suspects that he is of African American ancestry. Consumed with rage, he is a bitter outcast who wanders between black and white society, constantly provoking fights with blacks and whites alike. Christmas comes to Jefferson three years prior to the central events of the novel and gets a job at the mill where Byron, and later Joe Brown, work. The job at the mill is a cover for Christmas's bootlegging operation, which is illegal under Prohibition. He has a sexual relationship with Joanna Burden, an older woman who descended from a formerly powerful abolitionist family whom the town despises as carpetbaggers. Though their relationship is passionate at first, Joanna begins menopause and turns to religion, which frustrates and angers Christmas. At the end of her relationship with Christmas, Joanna tries to force him, at gunpoint, to kneel and pray. Joanna is murdered soon after: her throat is slit and she is nearly decapitated.
