Francis Hargrave

American Buddhist Rebel: The Story of Rama - Dr. Frederick Lenz Liz Lewinson, 2021-03-03 Winner of the Eric Hoffer and Benjamin Franklin awards, this biography presents the original, illuminating story of Rama - Dr. Frederick P. Lenz (1950 - 1998), an enlightened teacher who became a best-selling author, taught American Buddhism to thousands of people, and served as an example of triumph over adversity. This is definitely a book that changes your perspective on life for the better --Independent Book Publishers Association (IBPA), Benjamin Franklin Award Review This fascinating biography captures the wisdom of a genuine, compelling teacher who combined absolute miracles with humor, fun and adventure. --Lynn V. Andrews, author of The Medicine Woman Series Rama - Dr. Frederick Lenz was a teacher from an ancient lineage. He healed people. He filled large auditoriums with sparkling golden light. He made huge audiences shake with laughter as he filled them with luminosity and inner joy. He helped penniless students become helpful, impeccable entrepreneurs. Omens of an unusual, not special life (Rama's words) began in 1953 when, as a toddler, he slipped into samadhi--a timeless state of immersion in infinite light--in his mother's garden. His journey continued after high school, when he flew from Connecticut to Kathmandu, Nepal with a homemade snowboard, seeking to snow-surf the highest mountains he could find. On his first downhill run, he plowed into an aged Buddhist monk who told the incredulous teen their meeting was destiny, that his past life enlightenment would return, and he would help millions of people. Upon his return to the U.S., he earned his Ph.D., began to teach on his own, and implemented new, American ways of placing Westerners on the path to enlightenment, beginning with higher and happier states of mind. As his own realization grew, the energy he emanated was like a huge, benevolent force. This true biography includes interviews and one on one stories from over 100 students and colleagues, each with a different perspective. Rama did not just speak about enlightenment; he modeled it. Compassionate, controversial, wise, prescient, reverent, irreverent, he is your Zen koan.

I Knew Who I Was This Morning [Alice's Adventures in Wonderland Journal and Diary] Buffy Naillon,John Tenniel,2015-11-23 One-hundred-fifty years ago, Lewis Carroll created a new literary and creative landscape called Wonderland. This blank keepsake journal honors that creative endeavor. In its pages may you find your own magical landscapes. Whether you're thinking of at least six impossible things before breakfast or pondering which way to go on the journey of life, these pages are the perfect place to capture your musings. Sure, you can record your thoughts on its 8 x 10-inch pages, but don't just stop at words. Alice and her adventures in Wonderland are just about that: Wonder. So celebrate the wonder of your life in these pages. It's filled with pages designed to get your crazy, creative juices flowing. Dispersed throughout the book are quotes -- sometimes written in mirror image and sometimes upside down -- from Alice's Adventures in Wonderland. What else could there be in a book inspired by Wonderland? The zany designs of the pages encourage more than just words. Paste and draw pictures on the pages, doodle, scribble notes, make paper airplanes, origami, paper cutouts, or collages. Let your soul soar as you tumble down the rabbit hole!

The Autofictional Alexandra Effe,Hannie Lawlor,2022-01-03 This open access book offers innovative and wide-ranging responses to the continuously flourishing literary phenomenon of autofiction. The book shows the insights that are gained in the shift from the genre descriptor to the adjective, and from a broad application of “the autofictional” as a theoretical lens and aesthetic strategy. In three sections on “Approaches,” “Affordances,” and “Forms,” the volume proposes new theoretical approaches for the study of autofiction and the autofictional, offers fresh perspectives on many of the prominent authors in the discussion, draws them into a dialogue with autofictional practice from across the globe, and brings into view texts, forms, and media that have not traditionally been considered for their autofictional dimensions. The book, in sum, expands the parameters of research on autofiction to date to allow new voices and viewpoints to emerge.
