

Julio Mendivil En Contra De La Musica

Morten Michelsen, Mads Krogh, Steen Kaargaard Nielsen, Iben Have

En contra de la música Julio Mendivil, 2016

The Invention of Latin American Music Pablo Palomino, 2020 The ethnically and geographically heterogeneous countries that comprise Latin America have each produced music in unique styles and genres - but how and why have these disparate musical streams come to fall under the single category of Latin American music? Reconstructing how this category came to be, author Pablo Palomino tells the dynamic history of the modernization of musical practices in Latin America. He focuses on the intellectual, commercial, musicological, and diplomatic actors that spurred these changes in the region between the 1920s and the 1960s, offering a transnational story based on primary sources from countries in and outside of Latin America. The Invention of Latin American Music portrays music as the field where, for the first time, the cultural idea of Latin America disseminated through and beyond the region, connecting the culture and music of the region to the wider, global culture, promoting the now-established notion of Latin America as a single musical market. Palomino explores multiple interconnected narratives throughout, pairing popular and specialist traveling musicians, commercial investments and repertoires, unionization and musicology, and music pedagogy and Pan American diplomacy. Uncovering remarkable transnational networks far from a Western cultural center, The Invention of Latin American Music firmly asserts that the democratic legitimacy and massive reach of Latin American identity and modernization explain the spread and success of Latin American music.

Encounters in Ethnomusicology LIT Verlag, 2022-08-25 Philip V. Bohlman's impact on the scope and meaning of ethnomusicology is difficult to overstate. His influence is manifest not only in his numerous publications, his service to the discipline, and his presence at institutions and gatherings across the globe, but also in the work of his students. This volume, featuring essays written by his students and peers, honors his enormous contributions to the discipline by focusing on three analytic lenses through which Bohlman's work has excavated the complexities of encounter - ethics, memory, and performance. The essays engaging ethics treat topics including scholarship as activism, the power/politics of knowledge, and the ethics of musical practice and performance. Memory is explored through essays exploring issues related to modernity, commemoration, the nation, and historiography. The essays concerned with performance interrogate historical, symbolic, and experiential aspects of musical performance and wrestle with the enduring questions of belonging that often accompany

such performances. Throughout, it is clear that each contribution draws inspiration and methodological strength from the authors' formative encounters with Bohlman's body of work. Michael A. Figueroa is Associate Professor of Music at University of North Carolina at Chapel Hill. Jaime Jones is Associate Professor of Ethnomusicology at University College Dublin. Timothy Rommen is Professor of Music and Africana Studies at University of Pennsylvania. Philip V. Bohlman's impact on the scope and meaning of ethnomusicology is profound. This volume, featuring essays written by his students and peers, honors his enormous contributions to the discipline by focusing on the complexities of encounter. Part I: Ethics addresses scholarship as activism, the power/politics of knowledge, and the ethics of musical practice and performance. Part II: Memory examines commemoration, the nation, and historiography. Part III: Performance interrogates historical, symbolic, and experiential aspects of musical performance, wrestling with enduring questions of belonging. Michael A. Figueroa is Associate Professor of Music at University of North Carolina at Chapel Hill. Jaime Jones is Associate Professor of Ethnomusicology at University College Dublin. Timothy Rommen is Professor of Music and Africana Studies at University of Pennsylvania.

Studies on a Global History of Music Reinhard Strohm, 2018-04-09 The idea of a global history of music may be traced back to the Enlightenment, and today, the question of a conceptual framework for a history of music that pays due attention to global relationships in music is often raised. But how might a historical interpretation of those relationships proceed? How should it position, or justify, itself? What would 'Western music' look like in an account of music history that aspires to be truly global? The studies presented in this volume aim to promote post-European historical thinking. They are based on the idea that a global history of music cannot be one single, hegemonic history. They rather explore the paradigms and terminologies that might describe a history of many different voices. The chapters address historical practices and interpretations of music in different parts of the world, from Japan to Argentina and from Mexico to India. Many of these narratives are about relations between these cultures and the Western tradition; several also consider socio-political and historical circumstances that have affected music in the various regions. The book addresses aspects that Western musical historiography has tended to neglect even when looking at its own culture: performance, dance, nostalgia, topicality, enlightenment, the relationships between traditional, classical, and pop musics, and the regards croisés between European, Asian, or Latin American interpretations of each other's musical traditions. These studies have been derived from the Balzan Musicology Project Towards a Global History of Music (2013–2016), which was funded by the International Balzan Foundation through the award of the Balzan Prize in Musicology to the editor, and designed by music historians and ethnomusicologists together. A global history of music may never be written in its entirety, but will rather be realised through interaction, practice, and discussion, in all parts of the world.

Music Radio Morten Michelsen, Mads Krogh, Steen Kaargaard Nielsen, Iben Have, 2018-12-27 Why is music so important

to radio? This anthology explores the ways in which musical life and radio interact, overlap and have influenced each other for nearly a century. One of music radio's major functions is to help build smaller or larger communities by continuously offering broadcast music as a means to create identity and senses of belonging. Music radio also helps identify and develop musical genres in collaboration with listeners and the music industry by mediating and by gatekeeping. Focusing on music from around the world, Music Radio discusses what music radio is and why or for what purposes it is produced. Each essay illuminates the intricate cultural processes associated with music and radio and suggests ways of working with such complexities.

Etnomusicología Jacob Rekedal (editor), 2022-04-01 ¿Qué es la etnomusicología? ¿Por qué es relevante hoy en día? ¿Cómo ha cambiado esta área de estudios a lo largo del tiempo y qué potencial tiene para arrojar luz sobre temas complejos relacionados con la música, el sonido, la cultura y la sociedad? Los temas de este libro varían ampliamente, y la colección no rehúye la contradicción ni pretende pintar un cuadro nítido y cohesivo de la etnomusicología en otras latitudes. Más bien, los capítulos de este libro abordan desafíos clave en la disciplina, que van desde lo ético y político hasta lo existencial y ontológico. Representan una disciplina que está a la vez repleta de innovación y luchando por reconciliar su lugar en un mundo lleno de conflictos.

Rusia hoy Martín Baña, 2025-03-31 A pesar de su presencia constante en medios de comunicación y redes sociales, ¿sabemos qué es Rusia hoy? Las reacciones a la vacuna Sputnik durante la pandemia (el orgullo de algunos y la paranoia de otros ante la posibilidad de ser inoculados de comunismo) o a la invasión rusa a Ucrania (que reavivó debates sobre geopolítica y también desató respuestas absurdas, como cancelar a artistas rusos en Europa o eliminar la ensalada rusa de algunos menús en la Argentina) nos recuerdan que seguimos mirando a ese país con los ojos del siglo XX, atrapados en categorías del mundo bipolar de la Guerra Fría que impiden comprender su historia y su presente. Las visiones reduccionistas afectan tanto a la derecha como al progresismo, que parecen ignorar las contradicciones reales de la política y la sociedad rusas. Si la primera oscila entre el rechazo visceral al cuco comunista y el consumo irónico, el segundo no consigue salir de la reivindicación acrítica y la justificación. En este ensayo deslumbrante, Martín Baña, uno de los especialistas más reconocidos en el tema, busca en el pasado para contar cómo es la Rusia actual. Y pone el foco en los tres ejes que producen mayor incomodidad: el legado del comunismo, que Putin invoca pragmáticamente en un país integrado por completo al capitalismo; el autoritarismo, encarnado en un liderazgo que reprime la disidencia; y el imperialismo, evidente en la anexión de territorios aun cuando se sostenga una retórica antiimperialista. ¿Por dónde pasaría hoy la construcción de una sociedad emancipada y qué lugar ocuparía allí el legado ruso? Este libro aporta una respuesta sin el lastre que imponen las emociones y los estereotipos.

Beiträge zur Jahrestagung der Gesellschaft für Musikforschung in Kassel 2017 Annette van Dyck-Hemming, Jan

Hemming,2018-12-28 Dieses Buch versammelt Ansätze der Musikwissenschaft, die auf der Tagung der Gesellschaft für Musikforschung in Kassel 2017 diskutiert wurden. Studien zu Gitarrenriffs im Heavy Metal, Vokalmusik der Renaissance oder Techno stehen dabei neben Untersuchungen zum Einfluss Th. W. Adornos auf die Forschung und Forderungen, populäre Musik ernst zu nehmen. Zweiter Themenschwerpunkt sind Verlage, ihre Netzwerke und ihr Verhältnis u. a. zu Beethoven sowie Fragen zu Urheberrecht und digitaler Publikation. Der Band dokumentiert die Vielfalt musikologischer Forschung, die sich mit Musikwirtschaft und -software, Aufnahmetechnik, aber auch Instrumentenbau, Klaviersonaten und der Freundschaft zwischen Luciano Berio und Umberto Eco beschäftigt, und gibt so Antworten auf aktuelle und historische musikalische Fragen.
