**Dr. Muhsin Khan, Dr. Taqi-Ud-Din Hilali**

*The Glorious Quran* Dr Shehnaz Shaikh M D, Kausar Khatri, 2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: \* A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. \* Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

**Study The Noble Quran Word-For-Word (3 Vol. Set)** Dr. Muhsin Khan, Dr. Taqi-Ud-Din Hilali, 1999-01-01 To understand the Qur'an, it is necessary that one should know the translation of every word of the Verses. It is very difficult to understand the Qur'an without knowledge of the meanings of the Arabic words. Therefore, to overcome this difficulty and to convey to the people the accurate meaning of the Qur'anic Verses, we are producing the word-for-word translation of the meanings of the Noble Qur'an. Since mere word-for-word translation itself does not lead to complete understanding, we have produced the idiomatic translation also in order to allow the readers to see the word-for-word translation of the Arabic Verses along with the idiomatic one on the same page. All the present English translations of the meanings of the Qur'an are idiomatic. Such translations are not designed to help the reader learn the meanings of each Arabic word. Therefore, the

readers and reciters simply proceed forward without 'knowledge of the Arabic vocabulary used in the Verses. But when one knows the Meanings of each Arabic word of the Verse, then whether he himself recites the Qur'an, or listens to some other's recitation, he gets the pleasure of understanding it.

### **The Glorious Quran Word-for-Word Translation to Facilitate Learning of Quranic Arabic Shehnaz**

*Iraab Ul Quran* MOHAMMAD SAEED AHMAD. SHAH,2025-02-11 The Irab-ul-Quran-ul-Karim provides grammar and translation of the Holy Quran. The translation consists of word-to-word translation as well as simple translation of the verses. For the grammar part, each word is analysed for its essential morphology and syntax. The grammar is split in two rows. The lower row provides a brief morphology such as root letters, past tense, present and future tenses, verbal noun and its form. The upper row provides a brief syntax such as verb, subject, object, preposition and noun, etc. The diagram in the Introduction section illustrates the layout of the Irab-ul-Quran-ul-Karim. The grammar and translation are taken from the resources referenced in the Introduction section. The objective is to facilitate reader with word-to-word translation and grammar all on one page. It is hoped that this book will be helpful and beneficial to the students and teachers of the Holy Quran.

**Al-Quran Al-Kareem the Noble Quran Word-By-Word Translation & Color Coded Tajweed (Arabic-English) B5 Size (Color May Vary)-Maqdis Quarn B5** ,2020-11 Al-Quran Al-Kareem Maqdis is a translation learning method of word-

by-word Al-Quran with every word and sentence is colored differently, in Arabic and English. Every word in the Quran was translated literally so that the reader could understand the meaning of every single word. It needs to be remembered that not all literal translation represents the exact meaning of the word since the Quran uses varied Arabic language style and sometimes metaphor. Accordingly, to understand the full or intended meaning of the word or the verse, Muhsin Khan's the Holy Quran Translation had been included in this edition. However, to comprehend more of the meaning of the Quran, reading the commentary of the Quran from trusted scholars would be necessary. Approved by the Department of Islamic Development of Malaysia (JAKIM) and Malaysian Ministry of Home Affairs (KDN).

*The Quran: Word List (Volume 3)* Elie Wardini, 2020 The aim with the present series, The Quran: Word List, is to present the Quran as raw data with as little interpretation as possible. The digital text used is the Uthmani text of the Tanzil Quran Text. This text is widely used, and we have conducted some comparison to pre-digital age printed editions of the Quran. This series is divided into three volumes. In the first volume, each attested word form in the Quran--adjectives, nouns, proper nouns and verbs--is listed with no parsing and no alteration whatsoever to the orthography of the Tanzil Uthmani text. They are listed as follows: word form.

**The Mini Mu'min's Quran** Lala + Mo, 2025-08

Holy Quran Bashiruddin Mahmud Ahmad, 1988 A popular edition of an account of the life of the Prophet of Islam described as the most influential man in the history of the world. An orphan beckoned to the Call, persecuted by neighbors,

driven from his home with a price tag on his head, quickly establishing a strong community of believers ready to die for his teachings and finally returning triumphantly only to forgive his tormentors. This biography does not merely recount the major events and turning points of Muhammad's life but helps the reader draw a code for himself from the many walks of life through which Muhammad traversed. No one can afford to read this detailed and fascinating account and not be influenced by it. Yet Muhammad's life has always been an open book pieced together by followers who observed everything he did. This book certainly opens up this life in a wonderful manner.

**Al-Quran Al-Kareem Maqdis Word-By-Word Translation** Daniel Harder, 2022-12-14 The Quran is the holy book which Muslims recite and turn to for guidance in all aspects of their lives. Its verses have remained intact since their original revelation by God in the 7th century. This brochure explains the divine origin of the Quran by elaborating upon its preservation, authenticity and miracles. It also discusses the Quranic message which has universal appeal and is relevant for all times. The Quran is the last testament in a series of divine revelations from God (Allah in Arabic). It consists of the unaltered and direct words of God, which were revealed through the Angel Gabriel to Muhammad, the final prophet of Islam, more than 1400 years ago. Islam is a continuation of the message received by previous prophets, such as Noah, Abraham, David, Moses and Jesus, peace be upon them all. Therefore, the Quran maintains the pure teachings of previous revelations, including the Torah and the Gospel. The Quran describes that all the prophets taught people to believe in the One God, the Creator. The messengers also instructed them to spend their lives with God-consciousness, doing good deeds and avoiding sins. Moreover, they warned their fellow humans of accountability in the afterlife, a subject which the Quran returns to again and again. Since its revelation, the Quran (also spelled 'Koran') has remained preserved in its exact, primary text. While numerous translations of the Quran exist, they are all based on the single, original Arabic script, making the Quran unique from previous scriptures in its pure authenticity. **The Religion Is Easy** Adam Brown, 2025-07-01 Islam continues to be a source of curiosity in a world where many other faith traditions are losing followers. Intended as inspiration for minds curious about Islam, *The Religion Is Easy* offers a rich content addressing many core issues, like the pillars of Islamic practice and scientific discoveries that relate to the Quran. Other intriguing concepts discussed in the book include “authorship” of the Scripture, why people convert, etc. Aiming to emphasize the fact that Islam is not a difficult, exotic, austere religion, but one that is easy to understand and easy to follow, *The Religion Is Easy* provides a modern angle that will appeal to non-Muslims with data on tangible features that argues that the world is created, not random. While combatting the misunderstanding and mistranslation of Islamic concepts such as jihad and fatwa often found in western media, the book also describes some heroes of Islam, from the Prophet’s time (e.g.

Bilal) to the present day (e.g. Sadio Mané).
