

What Makes Me Me

Samuel Richardson

The Meme Machine Susan J. Blackmore, 2000-03-16 Humans are extraordinary creatures, with the unique ability among animals to imitate and so copy from one another ideas, habits, skills, behaviours, inventions, songs, and stories. These are all memes, a term first coined by Richard Dawkins in 1976 in his book *The Selfish Gene*. Memes, like genes, are replicators, and this enthralling book is an investigation of whether this link between genes and memes can lead to important discoveries about the nature of the inner self. Confronting the deepest questions about our inner selves, with all our emotions, memories, beliefs, and decisions, Susan Blackmore makes a compelling case for the theory that the inner self is merely an illusion created by the memes for the sake of replication.

Living on a Meme Richard Telofski, 2012 *Living on a Meme - How Anti-Corporate Activists Bend the Truth, and You, to Get What They Want* is about the NGOs and activist groups that engage corporations adversarially and how they use meme to further their anti-corporate agendas. What's meme? Say the word as meeeeeem. The dictionary says that a meme is an idea that spreads from one person to another. And thanks to today's Internet, memes get started, spread, and believed in a flash, whether they are true or not, making them formidable tools for groups that damage company reputations. Here in his fifth book, author Richard Telofski takes an in-depth look at anti-corporate NGOs and activist groups that use memes cleverly to compete with the image of the companies they target. These groups unabashedly use unchallenged memes to bribe people to their side of their anti-corporate argument. Bribe? Yes. By leveraging a meme, these groups bribe people with something, a way to feel better about themselves, often with scant or no support of the meme. Through their meme-mangling, adversarial NGOs and activists can impose undeserved damage on corporate reputations, costing market share, revenue, and jobs, maybe one of them yours. These organizations are truly competitors, not only to the individual corporations that they target, but also to the economic system in general. *Living on a Meme* is compiled from a selection of articles published on Richard's Web site, Telofski.com, between August 1, 2009 through August 3, 2010. But, many of these writings are more essay than article. Within the essays in this book, you'll find insights, theories, as well as specific facts and analysis on how certain NGOs and activist groups operate online and offline to sap companies of their vital reputation. By reading this book, you'll discover how these irregular competitors make use of existing cultural memes, true or not, and how they contribute to those memes, strengthening them and contributing to the degradation of a company's image. Don't worry. This book isn't just

a repackaging of blog postings. You're going to get more than that. At the end of each chapter you will find bonus Take-Aways. Those Take-Aways are critical analyses of the essays in the chapter, pointing out for you how what was just discussed relates to an NGO's or activist's reliance of living on a meme or their hope that YOU are living on THEIR meme for them. You'll also find in this book 23 exclusive essays that appear only in this book. So, start your journey now into the understanding of how anti-corporate NGOs and activists bend the truth, and the beliefs of people, to get what they want.

What Makes Me A Me? Ben Faulks, 2018-03-22 Who am I? I ask myself. What makes me a ME? I think hard with all my might, And look around to see. What makes you a you? Are you like a sports car – lightning fast? Or maybe you're like a tree ... Do your arms stick out like branches? No? Then perhaps you're like a snail – very slow (especially when it's time for school!). A funny and thought-provoking look at what makes us us, from Ben Faulks (known as Mr Bloom from CBeebies) and David Tazzyman (bestselling illustrator of *You Can't Take an Elephant on the Bus*). Guaranteed to feed the imagination, this celebration of being who we are is perfect for inquisitive (and inventive!) little minds. This eBook comes with a glorious audio accompaniment, read by CBeebies star Justin Fletcher.

The Magnetic Fields' 69 Love Songs LD Beghtol, 2006-11-03 A fully illustrated oral history of the Magnetic Fields' 1999 triple album, *69 Love Songs* - an album that was afforded classic status by many almost as soon as it was released. LD Beghtol's book is chatty, incestuous, funny, dark, digressive, sexy, maddening, and delightful in equal measures. It documents a vital and influential scene from the inside, involving ukuleles and tears, citations and footnotes, analogue drum machines, and floods of cognac. Oh, and a crossword puzzle too. The centre of the book is the secret history of these tuneful, acerbic, and sometimes heartbreaking songs of old love, new love, lost love, punk rock love, gay love, straight love, experimental music love, true love, blue love, and the utter lack of love that fill the album - as told by participants, fans, imitators, naysayers, and others. Also included are a lexicon of words culled from the album's lyrics, recording details, performance notes from the full album shows in New York, Boston and London, plus rare and unpublished images, personal memorabilia, and much much more.
