Black Feminist Thought Patricia Hill Collins,2000 On Black feminism

The Life and Loves of Mr. Jiveass Nigger Cecil Brown,2008-07-29 “If you're black you don't need to get at anything. You're already there. You can live right out of your insides.” So says the antihero of this legendary novel that reimagines the Bible's prodigal son as a young black man in post-Civil Rights-era America. George Washington—one of his many aliases—is a classic trickster figure, a blend of con artist, deep thinker, and willing object of white women's sexual fantasies. Fed up with life in racist America, he leaves his rural South for Denmark on a curious quest, determined to discover if there is “any mother fucker in this spiteful world who ever told himself the truth.” In Denmark he spends his days bantering with fellow black expatriates and his nights bedding a series of white women who project their desires on him. Inevitably, these worlds collide, with Washington, aka Anthony Miller, aka Paul Winthrop, aka Mr. Jiveass Nigger, increasingly alienated in a world of opportunists. A return to America after his self-imposed exile promises transformation, but is Washington too far gone? Cecil Brown brings blistering prose, unabashed eroticism, and biting satire to this controversial masterpiece that's as timely today as when it was first published.

Toxic: Women, Fame, and the Tabloid 2000s Sarah Ditum, 2024-01-23 A scathing reexamination of the lives of nine female celebrities in the 2000s—Britney, Paris, Lindsay, Aaliyah, Janet, Amy, Kim, Chyna, and Jen—and the sexist, exploitative culture that let them down Welcome to celebrity culture in the early aughts: the reign of Perez Hilton, celebrity sex tapes, and dueling tabloids fed by paparazzi who were willing to do anything to get the shot. The internet was still the Wild West: slut-shaming, fat-shaming, and revenge porn were all fair game, and celebrity was seen as a commodity to be consumed. And for the famous women of this era, they were never as popular—or as vulnerable—as when they were in crisis. In *Toxic*, journalist Sarah Ditum tells the stories of nine famous women who defined this era and explores how they were devoured by fame, how they attempted to control their own narratives, and how they succeeded or (more often) failed. Whatever you think you already know, leave it at the door. *Toxic* reveals these women neither as pure victims nor as conniving strategists, but as complex individuals trying to navigate celebrity while under attack from a vicious and fast-changing media. It's time to come to terms with how these iconic women and their experiences living under the public gaze shaped the way we see ourselves, our bodies, our relationships, and our aspirations. We are all products of the toxic decade.

Florida Without Borders Sharon Kay Masters,Judy A. Hayden,Kim Marie Vaz,2008 Florida without Borders: Women at the Intersections of the Local and Global highlights the problems facing women around the world by featuring papers that explore womenâ (TM)s activism across borders regarding gender and human rights, issues regarding women and poverty, globalization, economic value of immigrant labor, militarism and human trafficking. Also discussed are the opportunities and obstacles women face when they act to counter the negative impact of these forces. This anthology is a collection of essays by feminist scholars and students who examine discourses on border crossings, political and cultural censorship, gendered codes of conduct, prescribed behavior for women and the activism that emerges to address identity formation, to advance contested meanings and to build coalitions. Throughout the essays, the authors investigate the concepts of the gendered body in the context of global activism, the uses of womenâ (TM)s bodies in domestic, military, and sexual service, and the breaching of the bodyâ (TM)s borders and boundaries in the project of feminist social change.
