**Hussin A.Rothana**

Civilization or Barbarism Cheikh Anta Diop, Yaa-Lengi Meema Ngemi, 2012-09-01 Challenging societal beliefs, this volume rethinks African and world history from an Afrocentric perspective.

**The African Origin of Civilization** Cheikh Anta Diop, 1974 Edited and translated by Mercer Cook. Laymen and scholars alike will welcome the publication of this one-volume translation of the major sections of C. A. Diop's two books, *Nations nègres et culture* and *Antériorité des civilisations nègres*, which have profoundly influenced thinking about Africa around the world. It was largely because of these works that, at the World Festival of the Arts held in Dakar in 1966, Dr. Diop shared with the late W. E. B. DuBois an award as the writer who had exerted the greatest influence on Negro thought in the 20th century.

*The Surreptitious Speech* V. Y. Mudimbe, 1992-09 Distinguished scholar V. Y. Mudimbe assembles a lively tribute to *Presence Africaine*, the landmark African studies journal begun in 1947 Paris. While it celebrates the project's forty-year history, *The Surreptitious Speech* does not naively canonize the journal but rather offers a vibrant discussion and critical reading of its context, characteristics, and significance.

**Black World/Negro Digest**, 1974-07 Founded in 1943, *Negro Digest* (later "Black World") was the publication that launched Johnson Publishing. During the most turbulent years of the civil rights movement, *Negro Digest/Black World* served as a critical vehicle for political thought for supporters of the movement.

**Black Africa** Cheikh Anta Diop, 1987 This expanded edition continues Diop's campaign for the political and economic unification of the nations of black Africa. It concludes with a lengthy interview with Diop.

**Encyclopedia of the African Diaspora** Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people, places, and events of the African Diaspora, spanning five continents and five centuries. The field of African Diaspora studies is rapidly growing. Until now there was no single, authoritative source for information on this broad, complex discipline. Drawing on the work of over 300 scholars, this encyclopedia fills that void. Now the researcher, from high school level up, can go to a single reference for information on the historical, political, economic, and cultural relations between people of African descent and the rest of the world community. Five hundred years of relocation and dislocation, of assimilation and separation have produced a rich tapestry of history and culture into which are woven people, places, and

events. This authoritative, accessible work picks out the strands of the tapestry, telling the story of diverse peoples, separated by time and distance, but retaining a commonality of origin and experience. Organized in A-Z sections covering global topics, country of origin, and destination country, the work is designed for easy use by all.

Precolonial Black Africa Cheikh Anta Diop, 1987 Diop compares the political and social systems of Europe and black Africa from antiquity to the formation of modern states. Throughout, his intent is not to provide a history as such, but rather guidelines for historians and others who seek a scientific understanding of precolonial societies in Africa, the Mediterranean, and Europe and their links with the earliest known stages of human development. Students and scholars of Africa and world history will be challenged by Diop's original -- thought controversial == analysis of the similarities and striking differences between black Africa and the West. -- Back cover.

*The Cultural Unity of Black Africa* Cheikh Anta Diop, 1989 The Cultural Unity of Black Africa is a profound contribution to the universal store of knowledge in that it situates the geographical and cultural origins of patriarchy and matriarchy in Europe and Africa respectively, and shows that social systems evolve out of specific climatic and environmental factors. These proclivities predispose the inhabitants of both zones towards a particular world-view and thus meaningful conflict. Diop also demonstrates the extensive influence of ancient Egypt on classical Greece in terms of literature, science and
