**Caleb Steele**

**The Cult of the Black Moon** Caleb Steele,2018-11-11 Adopted by a temple community at the age of five, Korin Volcalt has come to accept the life of religious sacrifice. Although educated about the worlds around him, Korin has nonetheless been conditioned to avoid contact with the mage population and their magic. But one chilling night, Korin faces the Temple's ultimate test, quickly learning the true nature of his religious leaders. After nearing death multiple times escaping from his trial, Korin discovers a shocking truth: He's a mage. Korin immediately leaves behind his old life and begins his studies at Teloston University, gradually learning how to wield magic. Gladly embracing his new situation, he soon makes friends before successfully engaging in incredible extracurricular activities. Meanwhile, he progressively overcomes the several afflicting thoughts of his non-mage past. During his journey of self-discovery, however, Korin learns that he will need to navigate and contend with the numerous – and at times, unbelievable – cultural and political problems the mages also face. In stages over the first semester, he uncovers lost knowledge, ancient cults, and the tip of a dark, complex conspiracy... In the first of an epic series, the story is set in the Caelverse – a 'universe' filled with geometrically-positioned solar systems, gravitationally-warped worlds, mystifying astral planes, and an astonishingly-diverse civilization, with regions featuring primitive forest trolls, to transhumanists in computerized arcologies.

Classic Horror Films and the Literature That Inspired Them Ron Backer,2015-05-11 Classic horror films such as Dracula, Frankenstein and The Picture of Dorian Gray are based on famous novels. Less well known--even to avid horror fans--are the many other memorable films based on literary works. Beginning in the silent era and continuing to the present, numerous horror films found their inspiration in novels, novellas, short stories and poems, though many of these written works are long forgotten. This book examines 43 works of literature--from the famous to the obscure--that provided the basis for 62 horror films. Both the written works and the films are analyzed critically, with an emphasis on the symbiosis between the two. Background on the authors and their writings is provided.

*SCP Series Two Field Manual* SCP Foundation,Various Authors, SCP Foundation anomalies SCP-1000 through to SCP-1999, including containment procedures, experiment logs and interview transcripts. An encyclopedia of the unnatural.

The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold: Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior. ————— About the ebook This ebook is an offline edition of the second series of fictional documentation from the SCP Foundation Wiki. All illustrations, subsections and supporting documentation pages are included. All content is indexed and cross-referenced. Essentially, this is what a SCP Foundation researcher would carry day-to-day in their Foundation-issued ebook reader. The text has been optimised for offline reading on phones and ebook readers, and for listening to via Google Play Book's Read Aloud feature. Tables have been edited into a format that is intelligible when read aloud, the narration will announce visual features like redactions and overstrikes, and there are numerous other small optimisations for listeners. The SCP text are a living work and the SCP documentation is a gateway into the SCP fictional universe, so links to authors, stories and media are preserved, and will open your reader's web browser. **A Year of Fear** Bryan Senn, 2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year. For example, the author recommends commemorating United Nations Day (October 24) with a screening of *The Colossus of New York*, whose startling climax takes place at the U.N. Building. Each day-by-day entry includes the movie title, production year, plot summary and critique, along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film's production.

**Golden Horrors** Bryan Senn, 2015-09-03 From the grindhouse oddities to major studio releases, this work details 46 horror films released during the genre's golden era. Each entry includes cast and credits, a plot synopsis, in-depth critical analysis, contemporary reviews, time of release, brief biographies of the principal cast and crew, and a production history. Apart from the 46 main entries, 71 additional borderline horrors are examined and critiqued in an appendix.

**Fly me to the moon** Bik Van der Pol,2007 Suppose the New Rijksmuseum were in the market for a site on the moon, some time in the near or distant future. Would it be sensible, or nonsensical, for the Rijksmuseum to purchase a lunar plot where it can safely house its collection? Since the discovery of the moon, people have laid claim to it, whether symbolic or genuine. The moon has resources that could potentially be extracted using technologies yet to be developed. What is more, it may become possible for people to live on the moon someday. Pending future developments, there is a lively Internet trade in deeds to pieces of the moon, available at bargain prices. The legality of this form of private enterprise is obviously debatable, and yet... Bik Van der Pol took as core item of the project one of the oldest objects in the collection of the Rijksmuseum: a moon rock. The crew of the first manned lunar landing mission, Apollo 11, brought this rock back to earth in 1969. That same year the three astronauts Neil Armstrong, Edwin Aldrin, and Michael Collins visited the Netherlands. Willem Drees, a former Dutch prime minister, received the rock on that occasion as a present from the United States ambassador. And later, this piece of stone was donated to the Rijksmuseum. The moon rock creates links between the site of the museum, the city, the collection and its own origins. These links are examined from various perspectives. In the background are questions concerning the public and private significance of a collection, as well as questions of public interest.

Drums of Terror Bryan Senn,1998 The purpose of this book is to chronicle, critique and explore every theatrically released, English-language voodoo movie to date. Admittedly, sometimes the stories behind a film's making prove more entertaining than the movie itself, but such are the hazards of the job. While some are good, many are bad and a few are downright ugly, most voodoo movies contain at least the promise (occasionally fulfilled, more often not) of a glimpse into an alternate world view and spirituality that can be both fascinating and unsettling. Films such *White Zombie*, *I Walked With a Zombie*, *Macumba Love*, *I Eat Your Skin*, *Angel Heart* and *The Believers* are included in this fascinating film history.
