Negotiating Feminism and Faith in the Lives and Works of Late Medieval and Early Modern Women Holly Faith Nelson,Adrea Johnson,2025-10-01 This wide-ranging transnational collection theorizes how late medieval and early modern Western women critically and creatively negotiated their faith and feminism, taking into account intersecting factors such as class, culture, confessional stance, institutional affiliation, ethnicity, dis/ability, geography, and historical circumstance. It presents thirteen original case studies on the diversity, complexity, and subtlety of the intersection of faith and feminism in the lives and works of twenty-two women writers over a 350-year period in six nations. Along the way, it interrogates the accuracy of the view that monotheistic religions only constrict and oppress women, stifling their agency, autonomy, and authority.

Encyclopedia of Diversity in Education James A. Banks,2012-05-24 Presents research and statistics, case studies and best practices, policies and programs at pre- and post-secondary levels. Prepub price \$535.00 valid to 21.07.12, then \$595.00.

The Federalist Papers Alexander Hamilton,James Madison,John Jay,2009-04-28 This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

A Writing Halfway Between Theory and Fiction Miriam Wallraven,2007 This book is focused on the surprisingly large number of feminist women writers in literary history who use different genres for their feminist ideas while subverting or transgressing established boundaries between fictional and theoretical writing. In particular, texts by such diverse authors as Mary Wollstonecraft, Mary Hays, Mary Robinson, Harriet Martineau, Olive Schreiner, Virginia Woolf, the French Feminists

Hélène Cixous and Monique Wittig, Margaret Cavendish, and Michèle Roberts are analysed. This chronological in-depth reading of feminist texts is based on the interrelation of content, genre and discourse. The study provides the first analysis of the phenomenon of the gendering of genre and feminists' troubled involvement in theory as well as literature. In this way, key questions concerning the emergence of feminism during the last four hundred years are presented in a new and revealing light; e.g., for what reason did Mary Wollstonecraft not only write her famous feminist treatise *A Vindication of the Rights of Woman*, but also a novel in which she tests the arguments of her theoretical treatise by means of fiction? What is the significance of Virginia Woolf's *Novel-Essay The Pargiters*, which seeks to connect theoretical and fictional parts by juxtaposing them? How can the mixture of genres be interpreted which Catherine Clément attributes to the texts of Hélène Cixous as a writing halfway between theory and fiction?'--Back cover.

Historical Dictionary of Feminist Philosophy Catherine Villanueva Gardner, 2006-01-19 Having only emerged in the past few decades, Feminist Philosophy is rapidly developing its own thrust in areas of particular importance to feminism-and women more generally-while also reevaluating and reshaping most other fields of philosophy, from ethics to logic and Marxism to environmentalism. It draws not only on feminist philosophers but criticizes, approves, or appropriates the work of the leading philosophers of all times. The introduction to this reference work provides a useful overview of the subject area and the chronology runs the gamut from Ancient Greek philosophers to contemporary feminist ones. The cross-referenced dictionary entries cover both the central figures and ideas from the historical tradition of philosophy, as well as ideas and theories from contemporary feminist philosophy, such as epistemology (the philosophy of science) and topics that have been introduced by the feminist movement itself, like abortion and sexuality. In addition to including entries on Aristotle, Plato, Descartes, Kant, Wollstonecraft, Beauvoir, and Daly, relevant aspects of other fields of philosophy, the major concepts, and prevailing interpretations and conjectures are also covered. A comprehensive bibliography allows for further reading.

The Future of Feminist Eighteenth-Century Scholarship Robin Runia, 2017-11-10 There is an unfortunate argument being made that feminist scholarship of eighteenth-century literary studies has fulfilled its potential in academic circles. *The Future of Eighteenth-Century Feminist Scholarship: Beyond Recovery* shows us otherwise. Each of the essays in this volume reaffirms the feminist principles that form the foundation of this area, then builds upon them by acknowledging the inevitable conflicts they or their subjects have faced and the contradictions they or their subjects have lived.

Encyclopedia of Race and Racism John H. Moore, 2008 Examines the anthropological, sociological, historical, economic, and scientific theories of race and racism in the modern era. Delves into the historic origins of ideas of race and racism and explores their social and scientific consequences. Includes biographies of significant theorists, as well as political and social leaders and notorious racists.

Prolific Ground Nicolle Jordan, 2024-11-15 Land ownership—and engagement with land more generally—constituted a

crucial dimension of female independence in eighteenth-century Britain. Because political citizenship was restricted to male property owners, women could not wield political power in the way propertied men did. Given its foundational sociopolitical function, land necessarily generated copious writing that vested it with considerable aesthetic and economic value. This book, then, situates these issues in relation to the historical transformation of landscape under emergent capitalism. The women writers featured herein—including Jane Barker, Anne Finch, Sarah Scott, and Elizabeth Montagu—participated in this transformation by celebrating female estate stewardship and evaluating the estate stewardship of men. By asserting their authority in such matters, these writers acquired a degree of independence and self-determination that otherwise proved elusive.

Countering Established Conventions. Re-Inventions of Femininity in Maya Deren's Avant-Garde Cinema

Victoria Schatara, 2020-05-06 Seminar paper from the year 2019 in the subject English Language and Literature Studies - Other, grade: 1,7, University of Regensburg, language: English, abstract: The Ukrainian-American avant-garde video artist Maya Deren is going to be in the object of study in the main body of this paper which focuses on the question of what, in particular, makes her representations of femininity outstanding and contrary to the ones in the contemporary woman's film. As to the structure of the paper at hand, the first part will briefly outline Simone de Beauvoir's academic theory of femininity, the key aspects of representation of women in woman's cinema and give information on avant-garde cinema. In the second part, then, Maya Deren's approach to gender will be introduced. Following and based on the first part, the third part will then closely analyze, how femininity is treated in her works and, thus, how it differs from the woman's film's approach. Finally, the results will be summarized into a conclusion and an outlook will be offered.

Passionate Collaborations Karin Cope, English Literary Studies, 2005 *Passionate Collaborations* takes Stein's life and her prose as an occasion to reflect upon the place of life or living -- in all of its intricate, messy, contradictory, elusive and mundane details -- in acts of reading and writing. By exploring -- through phenomenologically and psychoanalytically inflected lenses -- a series of documented historical, collaborative, combative, and conflictual relationships with Stein, her writings, and reputation, *Passionate Collaborations* lays the groundwork for a reconsideration of contemporary approaches to Stein's work, as well as other acts of reading, and the practice of criticism in general. Written increasingly in dialogue and concluding with a paly, *Passionate Collaborations* invites its readers, too, into the space of and for a passionate collaboration, a space where writing listens to and calls for attention to the manifold variety and detail of bodily experience, living, and feeling. In its very form, the text demonstrates that serious theorizing and criticism may take place in a variety of ostensibly uncritical modes of languages; that the practice of drama or fiction are not merely objects of critical theory, but, often enough, its very best medium.

The Professional Socialization of Women's Studies Scholars Sharon Ann Nero, 1991

Sexing Hardy Margaret Elvy, 1998 **SEXING HARDY: THOMAS HARDY AND FEMINISM** There are surprisingly few feminist analyses of the work of British novelist Thomas Hardy, and most do not get beyond vague notions of sexism and misogyny, in the Kate Millett and second wave feminist manner. Margaret Elvy's book, however, uses up-to-date research in the fields of cultural studies, feminist poetics, gay, lesbian and queer theory. This new, postmodern and incisive exploration of Thomas Hardy offers an exciting and radical reappraisal of the discourses of gender, desire, class, economy, socialization, identity and patriarchy in his fiction and poetry. This new edition of *Sexing Hardy* includes a new introduction and a new bibliography. **EXTRACT FROM CHAPTER ONE: THOMAS HARDY AND FEMINISM** Is Thomas Hardy a feminist? Are Thomas Hardy's works feminist? How much do his works reflect and bolster the patriarchal attitudes and behaviour of his era, and how much do they question them? What is the relation between Hardy and the feminists of his time? And what is the link between Hardy's works and the feminism of the early 21st century? Thomas Hardy's theme is what you might call 'Wessexuality', 'Wes-sex-mania', Wessexual politics. Hardy's works are sexist, patriarchal and masculinist, and yet they question notions of sexism, gender, identity, patriarchy and masculinism. A text such as *Tess of the d'Urbervilles* is 'traditional', and follows patriarchal codes and morals. Yet it also questions them, and offers a number of feminist critiques of late 19th century society. In his letters, Thomas Hardy proposed feminist views; he wrote to feminists such as the suffragette leader Millicent Fawcett that a child was the mother's own business, not the father's (*Collected Letters*, 3, 238). One can see these feminist sentiments in, for example, Hardy's treatment of Tess in her motherhood: she works in the fields just a few

weeks after the birth, even though she is melancholy (she seems to be suffering a mild form of post-natal depression). Tess further subverts patriarchy by taking her child's baptism into her own hands. She goes against her father, the vicar, and the whole church with her self-made baptism. ...] Thomas Hardy's novels were not always received favourably by women critics and readers. Hardy's own views, expressed outside of the novels, did not always square with those of feminists of the 1880s and 1890s. The ideological gap between Hardy and the women critics and feminists of the late 19th century is illustrated by Hardy's remark to Edmund Yates (in 1891): 'many of my novels have suffered so much from misrepresentation as being attacks on womankind' (Collected Letters, I, 250). Hardy hoped that works such as *Tess of the d'Urbervilles* would redress the balance.
