**Eleanor Cameron** Paul V. Allen, 2018-02-20 Eleanor Cameron (1912-1996) was an innovative and genre-defying author of children's fiction and children's literature criticism. From her beginnings as a librarian, Cameron went on to become a prominent and respected voice in children's literature, writing one of the most beloved children's science fiction novels of all time, *The Wonderful Flight to the Mushroom Planet*, and later winning the National Book Award for her time fantasy *The Court of the Stone Children*. In addition, Eleanor Cameron played an often vocal role in critical debates about children's literature. She was one of the first authors to take up literary criticism of children's novels and published two influential books of criticism, including *The Green and Burning Tree*. One of Cameron's most notable acts of criticism came in 1973, when she wrote a scathing critique of Roald Dahl's *Charlie and the Chocolate Factory*. Dahl responded in kind, and the result was a fiery imbroglio within the pages of the *Horn Book Magazine*. Yet despite her many accomplishments, most of Cameron's books went out of print by the end of her life, and her star faded. This biography aims to reinsert Cameron into the conversation by taking an in-depth look at her tumultuous early life in Ohio and California, her unforgettably forceful personality and criticism, and her graceful, heartfelt novels. The biography includes detailed analysis of the creative process behind each of her published works and how Cameron's feminism, environmentalism, and strong sense of ethics are reflected

in and represented by her writings. Drawn from over twenty interviews, thousands of letters, and several unpublished manuscripts in her personal papers, Eleanor Cameron is a tour of the most exciting and creative periods of American children's literature through the experience of one of its valiant purveyors and champions.

*Fantastic Cities* Stefan Rabitsch, Michael Fuchs, Stefan L. Brandt, 2022-02-04 Contributions by Carl Abbott, Jacob Babb, Marleen S. Barr, Michael Fuchs, John Glover, Stephen Joyce, Sarah Lahm, James McAdams, Cynthia J. Miller, Fernando Gabriel Pagnoni Berns, Chris Pak, María Isabel Pérez Ramos, Stefan Rabitsch, J. Jesse Ramírez, A. Bowdoin Van Riper, Andrew Wasserman, Jeffrey Andrew Weinstock, and Robert Yeates Metropolis, Gotham City, Mega-City One, Panem's Capitol, the Sprawl, Caprica City—American (and Americanized) urban environments have always been a part of the fantastic imagination. *Fantastic Cities: American Urban Spaces in Science Fiction, Fantasy, and Horror* focuses on the American city as a fantastic geography constrained neither by media nor rigid genre boundaries. *Fantastic Cities* builds on a mix of theoretical and methodological tools that are drawn from criticism of the fantastic, media studies, cultural studies, American studies, and urban studies. Contributors explore cultural media across many platforms such as Christopher Nolan's *Dark Knight* Trilogy, the *Arkham Asylum* video games, the 1935 movie serial *The Phantom Empire*, Kim Stanley Robinson's fiction, Colson Whitehead's novel *Zone One*, the vampire films *Only Lovers Left Alive* and *A Girl Walks Home Alone at Night*, Paolo Bacigalupi's novel *The Water Knife*, some of Kenny Scharf's videos, and Samuel Delany's classic *Dhalgren*. Together, the contributions in *Fantastic Cities* demonstrate that the fantastic is able to “real-ize” that which is normally confined to the abstract, metaphorical, and/or subjective. Consequently, both utopian aspirations for and dystopian anxieties about the American city become literalized in the fantastic city.

**Jewels from the Moon and the Meteor That Couldn't Stay** Eleanor Cameron, 2014-07-06 In the mid-1960s, author Eleanor Cameron was asked to write a pair of short stories to be used as part of a reading program for schools. Her stories were taken from the characters in her *Mushroom Planet* books and feature many of the same characters as well as a couple of new ones. Printed in small quantities and by a company that was only in business for under two years, this has all but been lost to history and rumor or history. But, now with restored illustrations and all of the teaching materials included, you have the opportunity to hold in your hand this rare book. NOTE: I have not been able to find who, if anyone, owns the rights to this gem. If you are and can prove you hold those rights, please contact me via Amazon. My intent has not been to make money from this booklet but to get it back out in circulation so everyone can enjoy it as much as we all have enjoyed Eleanor's *Mushroom Planet* stories!
