Consolidated Guideline on Sexual and Reproductive Health and Rights of Women Living with HIV World Health Organization,2017-02-20 The starting point for this guideline is the point at which a woman has learnt that she is living with HIV and it therefore covers key issues for providing comprehensive sexual and reproductive health and rights-related services and support for women living with HIV. As women living with HIV face unique challenges and human rights violations related to their sexuality and reproduction within their families and communities as well as from the health-care institutions where they seek care particular emphasis is placed on the creation of an enabling environment to support more effective health interventions and better health outcomes. This guideline is meant to help countries to more effectively and efficiently plan develop and monitor programmes and services that promote gender equality and human rights and hence are more acceptable and appropriate for women living with HIV taking into account the national and local epidemiological context. Living with Things Nicky Gregson, 2007 Living with Things provides an account of consumption in terms of its centrality to our dwelling practices. Its focus is on the home, particularly on the movement of people and things within and through it in everyday habitation. Here dwelling is seen as an activity, as doing things with and to the things to hand around us. Being 'at home' is achieved through living amongst things, as well as amongst people and other non-human presences, such as pets and gardens. Being at home is achieved through what we do with objects, the things that are acquired and stored, that linger around in our homes, sometimes for decades, and which we may eventually get rid of. These ordinary things make dwelling structures accommodating accommodations; they make them homes. Based primarily on a former coal-mining village in North-east England, this book explores practices of inhabitation, from moving in or being modernised, to the daily accommodation of sleep and children. It provides a demonstration of what happens to consumption research when it 'comes home' and is positioned not in sites of exchange but within the home and in households.

Voces del Pueblo Ray Hernández-Durán,Irene Vásquez,2025-12-02 Long overdue art catalog for the New Mexican Chicano movement of the 1970s. Vibrant art by activist Chicanx creatives fills an enormous gap in the history of art from the movement that blossomed in the 1960s and 1970s. The decade between 1970 and 1980 marks an important period in the Chicana and Chicano Movement in New Mexico known simply as the movimiento. Artists from all over the state played important roles in the movement by providing art, participating in political discourse, and organizing actions. However, while some activists and organizers, such as Dolores Huerta, are known and celebrated nationally, most of these artists have gone unrecognized. Not only have they been overlooked in the art history and discourse of New Mexico, they have also gone unrecognized in the discussion of Chicano art history nationally. Voces del Pueblo begins to repair this gap in the history of the Chicana and Chicano art movement. Printed in color and black and white, the book showcases nearly two hundred images, including work by six New Mexico artists as well as historical photos of the movement. Readers will also find interviews with each of these artists and contextualizing essays by the cocurators of the National Hispanic Cultural Center exhibit, Ray Hernández-Durán and Irene Vásquez, as well as scholars, such as Phillip B. (Felipe) Gonzales, Howard Griego, and Sonja Elena Gandert. The result is an incomparable look at art history in New Mexico and the importance of New Mexican artists in the Chicana and Chicano Movement.

MacAddict Guide to Living the iLife Shelly Brisbin,2005 Every new, or relatively new, Mac comes loaded with powerful digital lifestyle applications, collectively known as iLife. Problem is, Apple provides little if any documentation. Sure, these iApps are easy-to-use, but each of them also has tons of undocumented features and shortcuts. We'll visually explain each app's basic features, then go beyond the basics to show hidden features and time-saving shortcuts. In addition, each section that focuses on the creative iApps will include off-the-wall and entertaining, yet useful, projects that'll show readers how to have fun with the easy-but-powerful software that came with their Macs. Finally, we'll take a look inside the Utilities folder to explore all its geeky goodness, and teach the reader which of these apps can help them, and which are better left alone and which one is the gateway to a host of old-school games that we bet you didn't even know were there. Apps covered in this one-of-a-kind book include: 650_table.seel AddXMLRootTags.pl amazon-info.seel amazonls_marc.seel archivearchivein archivecontntdmin archivein archiveinarchive archiveinarchivehtmlfooter archiveinarchivehtmlheader archiveinarchivemonthlyreport archiveinarchive-service autoconfig balancereport balancereport.template balancetrack balancetrackfile balancetrackfile.template balancetrack.template base64 bash_logger.config bash_logger.config.template bash_logger.sh bridcrosswalk bridgetformat bridwatcher bridwatcher-idebk bridwrapgoogle bridwrapmarc bridwrapmarcxml
