**The Little Book of United States Presidents** OH,2020-11-12 Inspirational leadership quotes from every President of the United States of America. The Little Book of United States Presidents is a fascinating collection of over 170 quotes from each person who has held the office, from George Washington to Donald Trump. Sometimes referred to as the Leader of the Free World, the President is elected to lead the United States in times of peace, struggle and in the face of war. The breadth and depth of the responsibility that comes with leading the executive branch offers each President the opportunity to let their thoughts be known and to influence the lives of the people. The Little Book of United States Presidents is a beautifully presented collection of inspirational and thought-provoking quotes from every US President, each of which offers the opportunity to learn from this remarkable collection of leaders. 'The future doesn't belong to the fainthearted; it belongs to the brave.' Ronald Reagan (40th) Republican, January 20, 1981 - January 20, 1989, Address to the Nation on the Explosion of the Space Shuttle Challenger, January 28, 1986. 'Let us never negotiate out of fear. But let us never fear to negotiate.' John F. Kennedy (35th) Democratic, January 20, 1961 - November 22, 1963, Inaugural Address, January 20, 1961. 'Throughout our history the American people have always been the true source of American greatness.' Donald Trump (45th), Republican, January 20, 2017 - Incumbent, Security strategy speech, December 18, 2017.

American Folk Art Kristin G. Congdon,Kara Kelley Hallmark,2012-03-19 Folk art is as varied as it is indicative of person and place, informed by innovation and grounded in cultural context. The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays. American Folk Art: A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists. Some of the men and women profiled in these two volumes are well known, while others are important practitioners who have yet to receive the notice they merit. Because

many of the artists in both categories have a clear identity with their land and culture, the work is organized by geographical region and includes an essay on each region to help make connections visible. There is also an introductory essay on U.S. folk art as a whole. Those writing about folk art to date tend to view each artist as either traditional or innovative. One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits; they are grounded in their cultural context and creative in the way they make work their own. Such insights expand the study of folk art even as they readjust readers' understanding of who folk artists are.

**The Politics of the Presidency** Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2019-12-20 The most up-to-date coverage and analysis of the presidency Never losing sight of the foundations of the political office, *The Politics of the Presidency* maintains a balance between historical context and contemporary scholarship on the executive branch, providing a solid foundation for any presidency course.
