

Resumen Por Capítulos Marianela

J Spring

MARIANELA 2a. ed. ,
Anales Galdosianos ,1981

Psicología Educacional Jorge Catalán,2011 Texto que propone rumbos, porque hace falta una orientación visionaria que señale y descubra caminos por donde transitar, tanto para fines científicos como profesionales, especialmente cuando hay algunos senderos que podrían no ser los óptimos. Problemáticas, porque en un medio cambiante, hay demandas que no pueden esperar, como también otras más o menos advertidas que deberían desplegarse y erigirse en prioridades. Aportaciones, porque en Chile la psicología educacional ha alcanzado un nivel de desarrollo tal, que impele a los formadores de la educación superior a apropiarse de la responsabilidad de incrementar y difundir el saber acumulado.

Auditorías con propósito especial Juan Carlos Barboza Sánchez,Randall Serrano Umaña,José Andrés Blanco Chaves,Marianela Brenes Quirós,2025-09-02 Auditorías con propósito especial se elaboró para facilitar el aprendizaje de los distintos tipos de auditoría que van más allá de las evaluaciones financieras tradicionales. A lo largo de siete capítulos, con un enfoque claro, didáctico y actualizado, se explican los fundamentos de auditoría; las auditorías de procesos de fusión y adquisición, forense, ambiental, tributaria y de calidad; así como los encargos de aseguramiento sobre información financiera y no financiera. La obra le brinda al estudiantado herramientas conceptuales y metodológicas para entender, con un criterio técnico y ético, los desafíos de la auditoría contemporánea. Cada tema se aborda con rigor académico, casos, actividades prácticas y orientaciones normativas nacionales e internacionales. Tales características promueven la articulación entre el conocimiento teórico y la aplicación práctica profesional. Esta unidad didáctica estuvo al cuidado de un equipo multidisciplinario de especialistas y forma parte de la asignatura Auditorías Especiales de la UNED. Se distingue por consolidar en un solo volumen ejes temáticos que usualmente se presentan por separado. Esto la convierte en un recurso de consulta valioso para personas estudiantes, egresadas y profesionales de otras disciplinas interesadas en fortalecer sus competencias en el campo de la auditoría.

Brechas en el ecosistema del libro: gasto y política pública en Chile. Andrés Fernández Vergara,2021-06-29 La concentración económica y la toma de decisiones se opone a la democratización de la lectura y el libro, con ello a la bibliodiversidad, y esta oposición está ocurriendo en Chile y es lo que este estudio busca revelar.

Marianela Benito Pérez Galdós,2025-01-10 Publicada en 1878, Marianela es la penúltima novela de tesis escrita por Pérez Galdós, obras que dedicó a desarrollar sus percepciones y opiniones sobre la realidad social de la época. Las precisas y detalladas descripciones del entorno natural y del contexto marginal que rodea a Pablo y Nela —principales personajes de la novela— se interrelacionan con el análisis psicológico de una relación de amor cuasi platónica. Nela, huérfana y escasamente agraciada, se enamora del sensible y ciego Pablo, al que sirve de lazarillo; el afecto, superando lo velado, se muestra aquí tan real e inmenso que opaca a la tragedia. Considerada como una de las obras cumbre de su autor, Marianela contrapone la belleza física a la belleza moral, mostrándonos cómo en la decrepita sociedad contemporánea quedan aún resquicios para la bondad humana.
