The Female Trickster Ricki Stefanie Tannen, 2014-02-25 The Female Trickster presents a Post-Jungian postmodern perspective regarding the role of women in contemporary Western society by investigating the re-emergence of female trickster energy in all aspects of popular culture. Ricki Tannen explores the psychological aspects of what happened when women's imagination was legally and psychologically enclosed millennia ago and demonstrates how the re-emergence of Trickster energy through the female imagination has the radical potential to effect a transformation of western consciousness. Examples are drawn from a diverse range of sources, from Jane Austen, and female sleuth narratives, to Madonna and Sex and the City, illustrating how Trickster energy is used not to maintain power and control but to integrate and unite the paradoxical through humour. Subjects covered include: imagination and metaphor the traditional trickster law and the imagination humour: Eros using logos the postmodern female trickster. This highly original perspective on women's role in contemporary culture will offer readers a new vision of how humour psychologically operates as a healthy adaptation to trauma and adversity. It will be of great interest to all analytical psychologists and psychoanalysts as well as those in women's, cultural, legal and literary studies.

Contemporary American Women Fiction Writers Laurie Champion, Rhonda Austin, 2002-11-30 American women writers have long been creating an extraordinarily diverse and vital body of fiction, particularly in the decades since World War II. Recent authors have benefited from the struggles of their predecessors, who broke through barriers that denied women opportunities for self-expression. This reference highlights American women writers who continue to build upon the formerly male-dominated canon. Included are alphabetically arranged entries for more than 60 American women writers of diverse ethnicity who wrote or published their most significant fiction after World War II. Each entry is written by an expert contributor and includes: ^L^DBLA brief biography ^L^DBLA discussion of major works and themes ^L^DBLA survey of the writer's critical reception ^L^DBLA bibliography of primary and secondary sources

Great Women Mystery Writers Elizabeth A. Blakesley, 2006-11-30 Mysteries are among the most popular books today, and women continue to be among the most creative and widely read mystery writers. This book includes alphabetically arranged entries on 90 women mystery writers. Many of the writers discussed were not even writing when the first edition of this book was published in 1994, while others have written numerous works since then. Writers were selected based on their

status as award winners, their commercial success, and their critical acclaim. Each entry provides biographical information, a discussion of major works and themes, and primary and secondary bibliographies. The volume closes with appendices and a selected, general bibliography. Public library patrons will value this guide to their favorite authors, while students will turn to it when writing reports.

Great Women Mystery Writers Kathleen Gregory Klein, 1994 A dictionary of over 117 women mystery authors giving details on their lives and their writing habits.

Dictionary of Midwestern Literature, Volume 1 Philip A. Greasley, 2001-05-30 The Dictionary of Midwestern Literature, Volume One, surveys the lives and writings of nearly 400 Midwestern authors and identifies some of the most important criticism of their writings. The Dictionary is based on the belief that the literature of any region simultaneously captures the experience and influences the worldview of its people, reflecting as well as shaping the evolving sense of individual and collective identity, meaning, and values. Volume One presents individual lives and literary orientations and offers a broad survey of the Midwestern experience as expressed by its many diverse peoples over time. Philip A. Greasley's introduction fills in background information and describes the philosophy, focus, methodology, content, and layout of entries, as well as criteria for their inclusion. An extended lead-essay, *The Origins and Development of the Literature of the Midwest*, by David D. Anderson, provides a historical, cultural, and literary context in which the lives and writings of individual authors can be considered. This volume is the first of an ambitious three-volume series sponsored by the Society for the Study of Midwestern Literature and created by its members. Volume Two will provide similar coverage of non-author entries, such as sites, centers, movements, influences, themes, and genres. Volume Three will be a literary history of the Midwest. One goal of the series is to build understanding of the nature, importance, and influence of Midwestern writers and literature. Another is to provide information on writers from the early years of the Midwestern experience, as well as those now emerging, who are typically absent from existing reference works.

Simisola Ruth Rendell, 2011-11-02 "Ruth Rendell is the best mystery writer in the English-speaking world."—Time No one admitted to spotting the doctor's missing daughter—even after the murders began. Melanie Akande, eschewing privilege, had insisted on going to the jobsearch office to find employment. But between that office and the bus stop, she vanished. Inspector Wexford hoped someone would have noticed her, since the Akandes were among the few Africans living in Kingsmarkham. Instead, he had found a middle-aged white woman strangled in bed, and a mysterious black girl buried in a shallow grave. Now Wexford, seeking connections among the three women, cast his baleful eye on the changes in once rural Sussex—from a Kuwaiti millionaire's Rolls-Royce to the growing slums and dismal hopelessness of unemployed youth. What he can't see among them is the shocking, blood-chilling motive to kill. And what he has yet to find is a doctor's missing child . . . Praise for *Simisola* "One of the author's best!"—The New York Times Book Review "Rendell delivers a complex crime deftly

unraveled.”—Daily News (New York)

A Dress to Die For Dolores Johnson, 2011-05-25 Everything has come out in the wash for artist Mandy Dyer since she inherited Dyer's Cleaners. Her divorce is behind her, her future is secure, her heart is healed. Mandy's friendship with Kate Bosworth, proprietor of an antique clothing store, dates from their halcyon days of working at street fairs and dreaming great dreams. And the dress Kate wants Mandy to clean hails from another era too, a genuine 1920's Fortuny. Kate calls the creation in blue the find of her career: a ten -dollar purchase worth thousands. Its real cost is her life. Within days Mandy finds Kate murdered in her ransacked apartment, and the memory haunts her. Worse, so does the killer, evidently looking for the Fortuny. Now Mandy is searching flea markets and garage sales to unravel the mystery of where Kate found the dress. But the clues to Kate's death are as slippery as silk--until Mandy realizes that like Kate, the threads of past and present are weaving her destiny. And it's time to face a hard truth, a chilling betrayal...and a murderer's rage.

San Francisco Review of Books ,1991

The Naked City Ralph Willett, 1996 Through a close analysis of films as well as popular fiction, Ralph Willett explores the imaginative geography of the modern American city, a place of opportunity and desire as well as murder and lawlessness.

Mystery and Suspense Writers Robin W. Winks, Maureen Corrigan, 1998 This volume contains bio-critical information on popular writers of the genre.

Sequels Janet Husband, Jonathan F. Husband, 1997 *Sequels*, the most popular and long-lasting guide to novels in series, returns with greatly expanded series listings. Mysteries continue to be a mainstay, with fantasy, science fiction, and romance listings, plus non-genre fiction selections from authors such as Edward Abbey and Lawrence Durrell. The authors have carefully sifted through a growing group of series to select those most likely to be available in a medium-sized public library, weeding out esoteric, obscure, and less popular series. This classic reference includes hundreds of annotated series, title and subject indexes, and suggestions for reading order. Library professionals will find Answers to the perennial question, What should I read next? Guidance on the chronology of a series Easy-to-use tools to identify novels by character, setting, and author The definitive resource for novels in series Including series started since 1989 and updated through 2007, *Sequels* will be the most complete resource for general readers and library patrons as well as readers' advisors; public, university, and high school reference librarians; acquisition and collection management librarians; and even bookstore staff and book

reviewers. The expanded Sequels, 4th edition, will become the RA and reference librarian's resource of choice

Library Journal ,2000

The New Yorker ,1985

What Do I Read Next? 00 V2 Gale Group,2000-11

What Do I Read Next? 1995 Barron,Steven A. Stilwell,1995-08 This annual selection guide covers new novels in the mystery fiction, science fiction, fantasy, horror, western fiction and romance genres. It is intended to help readers to choose titles of interest published during 1995. By identifying similarities in various books, it seeks to help readers to independently choose titles of interest published during 1995. Entries are arranged by author within six genre sections, and provide: publisher and publication date; series name and number; description of characters; time/geographical setting; review citation; genre and setting notations; and related books.
