Now Read on Mandy Hicken, Raymond John Prytherch, 1994 Keen on adventure stories, but have run out of favourite authors? Want to try gothic romances but are not sure where to start? Know that your favourite author writes spy stories, but also writes science fiction under another as yet unknown name? Now Read On will solve all these problems. It is a guide to popular modern fiction divided up into writing genres, such as historical novels, macabre stories and science fiction. Each author entry within these novel types gives a brief life history, outlines the writer's style and lists all the relevant published titles. In addition a Now Read... list indicates authors who write in a similar vein. Much has changed since the first edition. New writers have established themselves as genre writers, some have switched from one area of writing to another or have

even added a new interest to an old one. Around 450 titles have been added to authors listed in the first edition (particularly in 'Family Stories' and 'Police Work'), 60 new names have been selected, and one new genre 'Women Detectives' has been created. All this is backed up by an author index, and a list of characters that reappear in related stories and series. The winners of the relevant book prizes over the last 25 years are also included. This book will prove invaluable to readers, booksellers and library staff, for anyone who wants to expand their fiction reading interests or advise others on the next good read.

Parents who Love Reading, Kids who Don't Mary Leonhardt, 1995 An inspiring and practical book by a veteran high school teacher that shows how to make your child an avid reader -- even if he or she now dislikes books. Virtually all teachers agree: The best students are avid readers. They're the kids who don't just do their homework, but pick up books and magazines to read for pleasure. Yet even parents who love to read sometimes find that their kids don't enjoy books. Now, Mary Leonhardt shows how to awaken, or reawaken, a child to the joy of reading. She even identifies the seven stages that children go through as they develop their reading skills and outlines what parents can do to help them along. Her advice is clear, down-to-earth, and proven effective.

The Skaar Invasion: Book Two of the Fall of Shannara Terry Brooks, 2018-06-19 'TERRY'S PLACE IS AT THE HEAD OF THE FANTASY WORLD' Philip Pullman Following *The Black Elfstone* comes the second book in *The Fall of Shannara* - the epic four-part conclusion to the *Shannara* series from one of the all-time masters of the fantasy genre. Tensions in the Four Lands are high. The mysterious force that laid waste to Paranor has revealed a more human face. While some gain a new understanding of the invaders and what they are after, others continue their existing quests even as the peril rises. For what looked to be a formidable invading force proves only the forerunner of a much vaster army - one that is now marching against

the Four Lands in all its fury. 'I can't even begin to count how many of Terry Brooks's books I've read (and re-read) over the years' Patrick Rothfuss 'I would not be writing epic fantasy today if not for Shannara' Peter V. Brett 'A master of the craft . . . required reading' Brent Weeks

Hunt the Heavens Chris Bunch, Allan Cole, 1996 Joshua Wolfe: Bounty hunter. Federation Intelligence agent. Former friend, then prisoner, of the horrific alien race called the Al'ar. Master of the arcane Al'ar killing arts. And now Federation renegade, searching for Al'ar secrets in the rubble of an old war and the detritus of human lives. No one wanted him to learn those secrets. Not the Federation, which had hired him, then made him a wanted man. Not the deadly Chitet cult, who had their own interests in the Al'ar. And not the Al'ar themselves, whose shadows remained in the form of technological wonders of mystery and violence. His search led him from a mothballed fleet to a private moonlet, to the capital world of the very cult bent on destroying him, to a lethal world of robot protectors . . . and, finally, to an enemy more terrible than anything mankind had yet dreamed of. Wolfe's only friend was Taen, the last Al'ar. Or was he the last?
