María Elena Jaime de Pablos

Tarnished Are the Stars Rosiee Thor, 2019-10-15 The Lunar Chronicles meets Rook in this queer #OwnVoices science-fantasy novel, perfect for fans of Marissa Meyer and Sharon Cameron. A secret beats inside Anna Thatcher's chest: an illegal clockwork heart. Anna works cog by cog -- donning the moniker Technician -- to supply black market medical technology to the sick and injured, against the Commissioner's tyrannical laws. Nathaniel Fremont, the Commissioner's son, has never had to fear the law. Determined to earn his father's respect, Nathaniel sets out to capture the Technician. But the more he learns about the outlaw, the more he questions whether his father's elusive affection is worth chasing at all. Their game of cat and mouse takes an abrupt turn when Eliza, a skilled assassin and spy, arrives. Her mission is to learn the Commissioner's secrets at any cost -- even if it means betraying her own heart. When these uneasy allies discover the most dangerous secret of all, they must work together despite their differences and put an end to a deadly epidemic -- before the Commissioner ends them first.

The Star and Celebrity Confessional Sean Redmond, 2013-10-18 In this book the different manifestations, meanings, and processes of the star and celebrity confessional will be explored. The confessional is taken to be any moment in which a star, celebrity, or fan engages in revelatory acts that are considered to be authentic, heart-felt, and honest. These confessional encounters can take place in an interview, through performance and presentation events, online, and in 'unscripted' encounters. A star may break down in tears, or reveal a previously unknown truth about their private life. However, this authenticity is often found to have been manufactured, or is timed to occur against a new release or product launch. Alternatively, the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces. In this book authors consider acts of confession by celebrities such as Tom Cruise, Michael Jackson, Jade Goody, Britney Spears, Sarah Jessica Parker, Tracey Emin, and Russell

Crowe.

Homer Economicus Joshua Hall, 2014-05-14 In Homer Economicus a cast of lively contributors takes a field trip to Springfield, where the Simpsons reveal that economics is everywhere. By exploring the hometown of television's first family, this book provides readers with the economic tools and insights to guide them at work, at home, and at the ballot box. Since The Simpsons centers on the daily lives of the Simpson family and its colorful neighbors, three opening chapters focus on individual behavior and decision-making, introducing readers to the economic way of thinking about the world. Part II guides readers through six chapters on money, markets, and government. A third and final section discusses timely topics in applied microeconomics, including immigration, gambling, and health care as seen in The Simpsons. Reinforcing the nuts and bolts laid out in any principles text in an entertaining and culturally relevant way, this book is an excellent teaching resource that will also be at home on the bookshelf of an avid reader of pop economics.
