The Core of Judaism - All Essential Books in One Volume Louis Ginzberg, Heinrich Graetz, Judah Halevi, Moses Maimonides, Samuel Rapaport, Simeon Singer, Nurho de Manhar, Abraham Cohen, 2023-11-12 *The Core of Judaism - All Essential Books in One Volume* offers an unparalleled exploration into the depth and breadth of Jewish thought and literature. This anthology weaves together a tapestry of philosophical treatises, historical narratives, and poetic expressions, showcasing the diversity within Jewish literary tradition. Covering centuries of intellectual discourse and spiritual reflection, the collection captures the essence of Jewish faith, practice, and identity. Without singling out individual works, the anthology presents a cohesive narrative that emphasizes the universality and specificity of Jewish experiences through profound dialogue. The contributing authors represent a distinguished assembly of Jewish scholars and thinkers such as Louis Ginzberg, Heinrich Graetz, and Moses Maimonides, among others, each bringing their unique insights into the fold. Their works harmonize with historical and cultural movements within Judaism, contributing to a panoramic view of Jewish intellectual legacy. The anthology encapsulates voices that span the philosophical and geographical lands of Jewish history, providing readers with a diverse understanding that transcends temporal boundaries. Readers are invited to engage with this collection as a gateway into the multifaceted world of Jewish scholarship. The book offers an invaluable educational opportunity to traverse the varied landscapes of Jewish thought and its manifestations throughout history. Whether for scholars, students, or curious readers, this anthology provides a comprehensive insight into the richness of Jewish literature and the conversations it continues to inspire between past and present through its diverse narratives.

Classics and Interpretations Ching-I Tu, 2017-11-30 In recent years in the West, scholars have attempted to unravel old constructs of interpretation and understanding, using the discipline of hermeneutics, or the scientific study of textual interpretation. Borrowed from students of the ever growing body of biblical interpretive literature that originated in the early Christian era, theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation. *Classics and Interpretations* applies this method to Chinese culture. Several essays focus on hermeneutic traditions of Neo-Confucianism. Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation, in Chinese poetics and painting, and in contemporary Chinese culture. This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition. Part 1, *The Great Learning* and

Hermeneutics, demonstrates the use of commentary to define how the individual creates his social self, and discusses differing interpretations of the Ta-hsueh text and its treatment as either canonical or heterodox. Part 2, Canonicity and Orthodoxy, considers the philosophical touchstones employed by Neo-Confucian canonical exegetes and polemicists, and discusses the Han canonization of the scriptural Five Classics, while illuminating a double standard that existed in the hermeneutical regime of late imperial China. Part 3, Hermeneutics as Politics, discusses the transformation of both the classics and scholars, and explores the dominant hermeneutic tradition in Chinese historiography, the scriptural tradition and reinterpretation of the Ch'un-ch'iu, and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius. The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics, Hermeneutic Traditions in Chinese Poetics and Non-Confucian Contexts, Reinterpretation of Confucian Texts in the Ming-Ch'ing Period, and Contemporary Interpretations of Confucian Culture. Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor. This volume will excite scholars of the Confucian, Buddhist, and Taoist systems of thought and belief as well as students of history and hermeneutics.

Joshua and Judges in Yiddish Verse Oren Cohen Roman, 2022-06-21 This book offers annotated editions of four distinct sixteenth-century Yiddish epic poems, all preserved in single copies. Two of them retell the narrative found in the book of Joshua, and two relate the events described in the book of Judges. As typical specimens of the once popular literary genre, the Old Yiddish biblical epic, the content of the works is based on Jewish sources, while their style and form were influenced by German epic and chivalric literature. The epics often elaborate on the biblical narrative, with rich passages that echo the cultural setting in which they were composed, presumably German and Italian lands. The four epics are presented here for the first time in modern academic editions. They are studied and compared with one another, and footnotes provide information concerning the sources of additions and changes, translation methods, historical details, obscure words and idiomatic expressions, and more. As these epics represent some of the earliest examples of biblical epics in Yiddish, the discussion also touches upon the origins of the genre, tracing its path from orality to written text. The annotated edition presents the original Old Yiddish texts together with an English introduction.

Children's Book Prizes Ruth Allen, 2019-01-22 First published in 1998, this book is the first comprehensive survey of the awards made to children's books in the English-speaking world. The Volume covers nearly forty different prizes including

well-known and established ones such as the Newbury Award, prizes instigated by the commercial sector such as the Smarties Prize, as well as nationally sponsored awards and prizes for illustrators. Detailed lists are provided of the winning titles and, where appropriate, the runners-up in each year that the award has been given. Ruth Allen also presents some fascinating and often entertaining insights into the motivations behind awards and how they are viewed by authors, illustrators, publishers, librarians, booksellers and potential purchasers. The various criteria applied by judges of these awards are also examined, with an assessment of whether they have always achieved the 'right' result. This Volume is both a useful guide for adults wishing to buy good books for children and an important tool for those researching the history of the children's book industry.

Beauty in Disrepair Norma Forte, Celia Forte, 2020-10-22 Norma and Celia Forte's mother was a beautiful woman with stunning blue eyes, intellectual curiosity, and artistic talents, but she was broken, often bruised, and sometimes a monster. She wore many faces. In *Beauty in Disrepair*, authors and sisters Norma and Celia Forte narrate their memories of a tumultuous childhood, offering perspectives on living with a parent suffering with Dissociative Identity Disorder, formerly known as Multiple Personality Disorder. Through a collection of vignettes and poetry, this memoir provides a visceral account of the residual effects of being raised primarily by a parent who was undiagnosed until their adulthood. The Forte sisters tell how working through these memories was a painful, but ultimately rewarding journey. The process of healing is life long, and they are finally making peace with their lost childhood as adult survivors. *Beauty in Disrepair* reflects on the girls' childhood as survivors of direct abuse and the residual effects of DID as their mother battled at least twenty-two alter identities. Norma and Celia openly share their story to offer peace to others facing the same experiences and provide a hopeful future for those who have yet to find the beauty they seek, that is in disrepair.
