The Complete Lyrics of Johnny Mercer Johnny Mercer,Robert Kimball,Barry Day,Miles Kreuger,Eric Davis,2009-10-20

The seventh volume in Knopf's critically acclaimed Complete Lyrics series, published in Johnny Mercer's centennial year, contains the texts to more than 1,200 of his lyrics, several hundred of them published here for the first time. Johnny Mercer's early songs became staples of the big band era and were regularly featured in the musicals of early Hollywood. With his collaborators, who included Richard A. Whiting, Harry Warren, Hoagy Carmichael, Jerome Kern, and Harold Arlen, he wrote the lyrics to some of the most famous standards, among them, "Too Marvelous for Words," "Jeepers Creepers," "Skylark," "I'm Old-Fashioned," and "That Old Black Magic." During a career of more than four decades, Mercer was nominated for the Academy Award for Best Song an astonishing eighteen times, and won four: for his lyrics to "On the Atchison, Topeka, and the Santa Fe" (music by Warren), "In the Cool, Cool, Cool of the Evening" (music by Carmichael), and "Moon River" and "Days of Wine and Roses" (music for both by Henry Mancini). You've probably fallen in love with more than a few of Mercer's songs-his words have never gone out of fashion-and with this superb collection, it's easy to see that his lyrics elevated popular song into art.

Film Music in 'Minor' National Cinemas Germán Gil-Curiel,2017-08-24 Taking its cue from Deleuze's definition of minor cinema as one which engages in a creative act of becoming, this collection explores the multifarious ways that music has been used in the cinemas of various countries in Australasia, Africa, Latin America and even in Europe that have hitherto received little attention. The authors consider such film music with a focus on the role it has played creating, problematizing, and sometimes contesting, the nation. Film Music in 'Minor' National Cinemas addresses the relationships between film music and the national cinemas beyond Hollywood and the European countries that comprise most of the literature in the field. Broad in scope, it includes chapters that analyze the contribution of specific composers and songwriters to their national cinemas, and the way music works in films dealing with national narratives or issues; the role of music in the shaping of national stars and specific use of genres; audience reception of films on national music traditions; and the use of music in emerging digital video industries.

Dub Richard Skinner, 2013-07-15 From growing up in Trinidad in the late 1960s, Richard Skinner recalls the first time he was infected by those languid rhythms we call Dub. From there, he charts a compelling history of the genre; from Kingston and the rise of King Tubby, to the Dub music that reshaped black communities across Britain in the 1990s. www.nochpublishing.com

Ella Fitzgerald J. Wilfred Johnson, 2001-01-01 Ella Fitzgerald was one of America's greatest jazz singers. This volume is as complete a discography of her recorded songs as currently seems possible to compile. This volume also contains a complete discography (1927-1939) for drummer and bandleader Chick Webb, with whom Ella began her recording career in 1935. Part One includes a chronological listing of all known recorded performances of both Chick Webb and Ella. Part Two gives the complete contents of Ella's LPs and CDs, including track listings, titles (with lyricists and composers) and timings. Part Three is an annotated alphabetical listing of all songs contained on all of Fitzgerald's records, with detailed information on each song's composer, lyricist, and history. Reviews of the movies in which Ella appeared and surveys of her career with the Decca, Verve and Pablo music companies are included. The book also has an index of album and CD recordings, and composers, lyricists and musicians.

Rock and Roll Michael Campbell, James Brody, 1999 In this unique exploration of rock and roll, Campbell and Brody take an evolutionary approach, giving students the whole picture of this vastly popular music and its inherent musical relationships. Beginning with the roots of rock, the authors proceed chronologically to discuss all rock styles and their influences, from '50s R&B up through the birth of new wave. This text sets itself apart with its treatment of rock as an integrated family of musical styles, inclusive view of the evolution of this music, and in-depth musical discussion.
