Reincarnation Suzanne Weyn, 2014-03-25 The ultimate historical romance: one love story unfolds over many centuries and lives in this captivating novel from the author of the Bar Code Trilogy. From prehistory to the present, theirs was a love for the ages. It starts with a fight in a cave over an elusive green jewel . . . and then travels over time and lives to include Egyptian slaves, Greek temples, Massachusetts witch trials, Civil War battlefields, Paris on the eve of World War II, America in the 1960s . . . and a pair of modern-day teenagers. For readers who believe that love is stronger than time or death, this is an unforgettable novel from a wonderful storyteller. "Offer this imaginative, passionate tale to romance buffs who need convincing that a fantasy can be a great love story, too." —Booklist (starred review) "Readers with a romantic bent will be drawn to this story, which pushes the notion of eternal love to its limits: two spirits find each other again and again, at different moments in history." —Publishers Weekly

Reincarnation Blues Michael Poore, 2017-08-22 A wildly imaginative novel about a man who is reincarnated over ten thousand lifetimes to be with his one true love: Death herself. "Tales of gods and men akin to Neil Gaiman's Sandman as penned by a kindred spirit of Douglas Adams." —Kirkus Reviews (starred review) First we live. Then we die. And then . . . we get another try? Ten thousand tries, to be exact. Ten thousand lives to "get it right." Answer all the Big Questions. Achieve Wisdom. And Become One with Everything. Milo has had 9,995 chances so far and has just five more lives to earn a place in the cosmic soul. If he doesn't make the cut, oblivion awaits. But all Milo really wants is to fall forever into the arms of Death. Or Suzie, as he calls her. More than just Milo's lover throughout his countless layovers in the Afterlife, Suzie is literally his reason for living—as he dives into one new existence after another, praying for the day he'll never have to leave her side again. But Reincarnation Blues is more than a great love story: Every journey from cradle to grave offers Milo more pieces of the great cosmic puzzle—if only he can piece them together in time to finally understand what it means to be part of something bigger than infinity. As darkly enchanting as the works of Neil Gaiman and as wisely hilarious as Kurt Vonnegut's, Michael Poore's Reincarnation Blues is the story of everything that makes life profound, beautiful, absurd, and heartbreaking. Because it's more than Milo and Suzie's story. It's your story, too. Praise for Reincarnation Blues "The most fun you'll have reading about a man who has been killed by both catapult and car accident." —NPR "This book made me laugh

out loud. And then a page later, it made me sob. Reminiscent of Tom Robbins and Christopher Moore, Poore finds humor in the dark absurdities of life.”—Chicago Review of Books “Charming . . . surprisingly light and uplifting . . . It reads like a writer having fun.”—New York Journal of Books

This Body Laurel Doud,2009-09-26 An unforgettable story of reincarnation and redemption in which a middle-aged woman relives her life in the body of a 22-year-old drug addict, this book signals an astonishing debut from an original writer.

Yesterday Samyann, Samyann Curtis,2013-01 A tender love story pulls the reader back to previous lives and a time richly elegant. In modern day Chicago, déjà vu draws together a handsome mounted policeman and the beautiful young woman who saves his life. Yesterday is also a harrowing tale of escape through the American Civil War, the heart wrenching love of slaves for their young white charges, and The Great Chicago Fire of 1871. In this historical romance, Mark fights through Amanda's rejection to prove that she will love again as she once loved - Yesterday.

Reincarnation Kenneth C. Eng,2007-03 Ages 12 & Up. In a future period known as Reincarnation Times, existence technology has been developed that allows humans to reincarnate after death -- and retain full waking awareness of their past lives. With this life everlasting, people begin to feel immortal and no longer consider death to be part of their existence. Cosine Chan, a law-enforcement agent -- who has spent her life fighting hyperviolent vandals, thieves, and perjurers -- finds herself thrust into investigating a mysterious anarchist known only as Limacon Lambert who is plotting to pollute the consciousness pools of mankind. She soon learns that he is affiliated with a rebel cult that intends to end reincarnation and restore the natural order of the universe. Bravely facing many adversaries and strange alterations of consciousness, Cosine learns that immortality is not the blessing it seems to be, that death is not always a curse, and that it's preferable to live a heroic life than an eternal one.

Reincarnation Júlia Rosell Saldaña,2022-11-07 A young woman goes to the therapist looking for solutions to her problems, and finds herself with an unexpected session.

Orientation Rick R. Reed,2017-03-25 A novel about reincarnation and love Christmas, 1983: Robert is a young man tending to his soul mate Keith, who is dying from AIDS. Robert tries valiantly to make this a special Christmas, but loses the fight late Christmas night. Christmas, 2007: Robert ventures out and finds a young girl about to fling herself into the waters of Lake Michigan. He rescues her, and the two form a bond forged from familiarity, and even love. Neither understands it, since Jess is a lesbian and Robert is gay. But there's more ... Jess begins having strange dreams, reliving key moments she couldn't know about in Keith and Robert's life. They begin to wonder if their feelings might be rooted in something much more mystical than a savior/victim relationship. As the two move toward each other, Robert's younger lover Ethan plots the unthinkable. His crystal meth-addled mind becomes convinced there's only one way to save himself: Robert's destruction. There's a murder attempt ... salvation ... redemption ... And a new love is born.

Reincarnation Stories Kim Deitch, 2019-10-16 Kim Deitch made his name as an “underground” cartoonist — a contemporary of Spiegelman, Crumb, et. al. — but over the last three decades has simply been one of the most vital graphic novelists the medium has to offer, including acknowledged classics such as *The Boulevard of Broken Dreams*, *Alias the Cat*, and *The Search for Smilin’ Ed*. His new graphic novel, *Reincarnation Stories*, feels like the apotheosis of his career, an ambitiously sprawling tour de force exploring the concept of reincarnation. When Deitch was four years old, he began having memories of a time when he wore glasses. The problem was, he had never actually worn glasses. Then, one day, young Deitch is sitting outside his apartment building when an elderly man approaches him, excited. “Is it possible? Sid! SID PINCUS! Good God, man! You’ve changed. You’re smaller! And where are your glasses?” From here, Deitch weaves a dizzying path of reincarnation stories that spans the past, present, and future of human history, with appearances by Frank Sinatra, monkey gods, a forgotten cowboy star of the silver screen, a tribe of Native Americans that successfully resettled on the moon, and a parallel reality where Deitch himself is the megasuccessful creator of a series of kids books about a superhero called Young Avatar, who helps marginalized souls lead better lives and in his secret identity works as a carpenter. Did we mention Deitch’s spiritual nemesis (an incarnation of Judas Iscariot), Waldo the Cat? Deitch’s storytelling mastery has never been more fully on display than in this rich tapestry of a graphic novel, certain to be a staple on 2019 “Best of ” year-end lists.

Torn Clouds Judy Hall, 2012-01-27 *Torn Clouds* features time-traveler Megan McKennar, whose past-life memories thrust themselves into the present day as she traces a love affair that transcends time. Caught up in the dark historical secrets of time.

The Reincarnation of Peter Proud Max Ehrlich, 2012-03-20 Plagued by nightmares of his own death, a California professor puzzles out the riddle of his dreams in this classic spine-tingler about past lives. Dr. Peter Proud’s ordinary life as a professor is threatened by recurrent dreams that all end the same way: with his murder in a lake by a mysterious woman named Marcia. These dreams—which he comes to believe may be flashbacks from a previous life—become so disturbing that he seeks answers from a sleep researcher, a clairvoyant, and an expert in psychic phenomena in order to recover his past. But he soon discovers a new dimension to his dilemma while watching a television show called *America, Past and Present*—and realizes the show is set in the town in his dreams. He travels to Springfield, Massachusetts, where he comes face to face with the woman from his nightmares. The woman, Marcia Curtis, is shocked to find that Peter’s personality traits and characteristics closely mirror those of her dead husband, Jeff. Tensions escalate when Peter, having inserted himself into the Curtis’ lives, falls in love with Marcia’s daughter. Will a second tragedy occur just as Peter is about to unravel the mystery behind his dreams? First published in 1973, this classic suspense novel expertly interweaves themes of life after death, romance, tragedy, and altered consciousness into one unforgettable tale.

But Nina is fascinated and lets herself be drawn into the charming and vulnerable Bucky's tale and into his life. Through hypnotherapy, she meets his former identity, and in real life, she meets his former paramour. If Bucky did live before, is Constance Rawlings his reincarnated lover? A dangerous search begins for the truth behind predestined love, and Nina is caught in the middle of soaring passions and raging jealousies. Peter Paul Rubens's painting, Venus and Adonis, which hangs in the Metropolitan Museum of Art, is the inspiration for this fast-paced thriller set alternately between the seventeenth century in Antwerp and the present day in New York. A novel of intrigue and suspense, The Other Adonis is a tale of true love and murder, a mystery that takes the reader back in time to another world, with a resolution that will delight romantics and turn skeptics into believers.

Reincarnation Angels, Demons and Ghosts Jill Amar,2013-03-29 The intent of writing this book was not to scare anyone but to make everyone of us, including myself, aware of the fact that there is life after death. Our soul keeps on living in another dimension. We are all accountable for our actions, thoughts, and intentions during our lifetime. Therefore, we must

all be kind to one another, out of love for one another and not out of fear of retribution, so we can make this world a better place. After all, it is not only for the benefit of the people close to us and others we encounter during our lifetime but for our own as well. If you are true to yourself, pursue the truth, and are not afraid to face it, then this book is for you. We must all strive to become better people for everyones sake, including ourselves. There is judgment and a Judge after we die, and we must attest in front of the Judge to all of our actions, intentions, and thoughts during our lifetime here on earth.

Terrifying True Stories of Government Experiments and Coverups - Book Three Robert J Dornan,2025-05-26 Step into the vault of history they never meant for you to open. Terrifying True Stories of Government Experiments and Coverups – Book Three rips away the comforting illusion that horrors only happen in fiction. This is not a book of conspiracy theories. This is a documented exposé of what has already been done—by trusted governments, credentialed scientists, and institutions that were never held accountable. Inside these pages, you'll discover the truths they buried: U.S. doctors infecting patients with disease, Soviet scientists weaponizing Ebola, and covert programs designed to break minds, erase memories, and manipulate entire populations—all in the name of control. These aren't rumors. They're backed by declassified files, courtroom testimony, and survivors who lived through the unthinkable. From psychiatric torture disguised as treatment to a ship used as a floating lab of infection, every chapter reveals a chilling reality: the greatest threats to freedom and human dignity have often come from those sworn to protect them. You won't find speculation here. You'll find the records they hoped you'd never read. Uncover the history they tried to erase—before it happens again.

True Real Life Stories of Reincarnation Richard Bullivant,2015-10-01 Have you lived before?Suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord. This book documents the growing public acceptance of the possibility that all of us will live again after we finish our present 'go-around' on the planet Earth. The ancient concept of reincarnation and past lives has not only re-emerged into our modern consciousness, but seems to have become a more natural and accepted part of our world view. Some studies show that twenty-five percent of people in modern western countries now agree that reincarnation is not only possible, but a reality. The implications of this are enormous. Imagine a population that has been released from the fear of death. Suddenly, we have all the time in the world - eternity, in fact! Life now takes on a new dimension of meaning. We realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies, we can access that which is beyond the physical. Our potential is virtually unlimited. Freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living. Knowing that we are not mere physical lumps of biological matter, but indestructible souls constructed of pure consciousness is a magnificent vision for humanity. Knowing that we are 'souls' means that we can live out our lives from that basic understanding. It is the ultimate empowerment. No doubt many will remain sceptical about the possibility of reincarnation. But it seems this is a concept and a phenomenon that is not going

away. Those amazing headlines in the media just keep coming. Every day more people - average, ordinary everyday people - are discovering that they have an undeniable connection to something larger, something infinite and something absolutely amazing.
