*America's Indomitable Character Volume III* Frederick William Dame, 2014-09-09 Volume III of America's Indomitable Character concerns itself with: □American character identity as represented by ten selected Colonial female authors, among them the early Colonial authors of religious freedom Anne Hutchinson and Anne Dudley Bradstreet; the Colonial adventuress Sarah Kemble Knight; Anne Cotton and her eye-witness accounts of the history of Virginia; Mercy Otis Warren, a contemporary historian of the American Revolutionary Period; Abigail Adams who gave her husband John Adams, the second President, political advice; Judith Sargent Murray, a Colonial feminist; the African-American poet Phillis Wheatley; Hannah Webster Foster, an early advocate of female education; and Susanna Haswell Rowson, America's first professional female novelist. □How the Thirteen Original Colonies became states. □The American Constitution and American character identity. □Attempts to destroy the American Constitution. □The Monroe Doctrine and American character identity. □The origin and essence of Romanticism and its importance in America. □A presentation of Nature, human nature, society, the social contract, and education in selected works of William Hill Brown, Philip Morin Freneau, Charles Brockden Brown, Washington Irving, William Cullen Bryant, David Crockett, James Fenimore Cooper, Edgar Allan Poe. □The Bill of Rights. □David Crockett's Not Yours to Give Speech. □Why Colonists and immigrants came to America and how they became Americans. □Individualism and anti-elitism in America's character. □America as a place where individuals form and decide of their own destiny; where, as Don Fredrick says, society means nothing more than a collection of many individual citizens in the same place; where there exist not many rules telling a person what he is permitted to do, but only a few rules telling him what he cannot do. Or, at least, that is what America was when the aforementioned authors wrote about the nation.

**BASA 2019** Prasetyo Adi Wisnu Wibowo, Suwardi Endraswara, Teguh Supriyanto, Kundharu Saddhono, Pardi, 2020-06-18

This proceeding contains selected papers of The International Seminar On Recent Language, Literature, And Local Culture Studies “Kajian Mutakhir Bahasa, Sastra, Dan Budaya Daerah (BASA)” held on 20-21 September 2019 in Solo, Indonesia. The conference which was organized by Sastra Daerah, Faculty of Cultural Sciences Universitas Sebelas Maret and Culture Studies Postgraduate Program of Universitas Sebelas Maret. The conference accommodates topics for linguistics in general including issues in language, literature, local cultural studies, philology, folklore, oral literature, history, art, education, etc. Selecting and reviewing process for the The International Seminar On Recent Language, Literature, And Local Culture Studies “Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah” was very challenging in that it needs a goodwill of those who were involved in such a process. More than ten experts were invited in reviewing, giving suggestions for revision and at last selecting the papers. On that account, we would like to forward our appreciation and our gratefulness to such invited experts for having done the process. The committee received more than 180 papers from the participants and based on the results of the review, only 141 papers were declared fit to be presented at the seminar and subsequently published in the proceedings of BASA#3-2019. Papers in the proceeding are expected to give academic benefits, especially in broadening the horizon of our understanding in language, literature, and local culture studies. We realize that what we are presenting for the publication is still far from being perfect. Constructive criticism is very much welcome for improvement. Finally, the committees thank for the participation and congratulate for the publication of the papers in the proceedings of BASA#3-2019. The committees also thank all those who have supported and actively participated for the success of this event. Hopefully these Proceedings can be used as references in developing technology and improving learning activities in the fields of education, social, arts and humanities.
