African Mythology, A to Z Patricia Ann Lynch, Jeremy Roberts, 2010 The African continent is home to a fascinating and strong tradition of myth, due in part to the long history of human habitation in Africa; the diversity of its geography, flora, and fauna; and the variety of its cultural beliefs. African Mythology A to Z is a readable reference to the deities, places, events, animals, beliefs, and other subjects that appear in the myths of various African peoples. For the first time, this edition features full-color photographs and illustrations. Coverage includes:

**The Palgrave Handbook of African Oral Traditions and Folklore** Akintunde Akinyemi, Toyin Falola, 2021-03-05 This handbook offers the most comprehensive, analytic, and multidisciplinary study of oral traditions and folklore in Africa and the African Diaspora to date. Preeminent scholars Akintunde Akinyemi and Toyin Falola assemble a team of leading and rising stars across African Studies research to retrieve and renew the scholarship of oral traditions and folklore in Africa and the Diaspora just as critical concerns about their survival are pushed to the forefront of the field. With five sections on the central themes within orality and folklore - including engagement ranging from popular culture to technology, methods to pedagogy - this handbook is an indispensable resource to scholars, students, and practitioners of oral traditions and folklore preservation alike. This definitive reference is the first to provide detailed, systematic discussion, and up-to-date analysis of African oral traditions and folklore.
