Urano en la Carta Natal Liz Greene,2007-11 This text explores the meaning of Uranus, in both its creative and destructive expressions, natively and by transit, linking it with various mythic images and historical events as well as with individual and collective psychological patterns, and using the primary image of Prometheus the Titan to examine just what the creative fire was which he stole from the gods and gave to humankind.

**Fundamentos de Astrología Judicialia** / Alvaro Artagaveytia Alonso,2019-06-21 Versión impresa del curso

Fundamentos de Astrología Judicialia impartido en la Escuela Virtual de Astrología. Tomo 1 En este primer tomo se presentan específicamente los elementos, esto es; Signos, Astros y Casas, sumados a una necesaria revisión histórica, un juego básico de nociones astronómicas necesarias para reconocer los puntos fundamentales de una Carta Natal y un primer montaje de la técnica de interpretación de un tema. Se verá que los aspectos -que están presentes en la mayoría de los manuales como verdaderos elementos-, aquí son de importancia relativa. Es importante destacar que aquellas personas que tengan formación desde otras escuelas encontrarán en este tomo específico, un lenguaje diferente a lo que pueden estar acostumbradas, ya que, desde el recorrido mismo del Zodíaco, se plantean diferencias inicialmente en cuanto a lo que se denomina Regencias.
