Summary - What Alice Forgot E. Z. - Summary, CREATESPACE INDEPENDENT PUB, 2017-04-11 *What Alice Forgot*: A Complete Summary! *What Alice Forgot* is a novel written by Australian writer Liane Moriarty. It is a drama novel with some humor in it. The story is about a 39-year-old who accidentally fell during one of her gym trainings. She ended up hitting her head, which resulted in the memory loss of her previous 10 years of life. She thinks that she is 29, but she is actually 39, has three children, and her marriage is on the brink of a divorce, which she does not realize at first. The novel is written in a very intriguing and rather interesting way. It makes us ask how we would feel if we had a similar accident and thus, lost an entire period of life. What would the 'younger' versions of ourselves think or say about life if they suddenly found themselves in their future (and our present)? Besides the main female character, we are introduced to some other supporting characters that help discover and bring an end to the whole mess of the protagonist's life. *What Alice Forgot* is another example of Moriarty's quirky, charming, and in-depth style of writing. Once again, she successfully manages to keep the readers reading from cover to cover until they are done with the novel. Here Is A Preview Of What You Will Get: - A summarized version of the book. - You will find the book analyzed to further strengthen your knowledge. - Fun multiple choice quizzes, along with answers to help you learn about the book. This engaging summary presents an analysis of *Heart of Darkness* by Joseph Conrad, in which the sailor Charles Marlow tells the story of his experiences in one of the European colonies in Africa. As a young man, he travelled to the colony for work, where he met the ivory trader Kurtz, who had been driven mad by the unrelentingly harsh climate and was ruling over the indigenous inhabitants as a bloodthirsty, god-like tyrant. *Heart of Darkness*'s exploration of the extreme brutality engendered by colonialism made it one of the most celebrated English-language works of the 19th century, although some later critics have accused Conrad himself of racism and imperialism in his depiction of the novella's black characters. Conrad was born in what is now Ukraine in 1857, and much of his work was influenced by his experiences in the British navy, which took him all over the world, including to a number of European colonies.
