Mormons and Popular Culture J. Michael Hunter,2012-12-05 Many people are unaware of how influential Mormons have been on American popular culture. This book parts the curtain and looks behind the scenes at the little-known but important influence Mormons have had on popular culture in the United States and beyond. *Mormons and Popular Culture: The Global Influence of an American Phenomenon* provides an unprecedented, comprehensive treatment of Mormons and popular culture. Authored by a Mormon studies librarian and author of numerous writings regarding Mormon folklore, culture, and history, this book provides students, scholars, and interested readers with an introduction and wide-ranging overview of the topic that can serve as a key reference book on the topic. The work contains fascinating coverage on the most influential Mormon actors, musicians, fashion designers, writers, artists, media personalities, and athletes. Some topics—such as the Mormon influence at Disney, and how Mormon inventors have assisted in transforming American popular culture through the inventions of television, stereophonic sound, video games, and computer-generated animation—represent largely unknown information. The broad overview of Mormons and American popular culture offered can be used as a launching pad for further investigation; researchers will find the references within the book's well-documented chapters helpful.

Candid Conversations with Connie, Volume 2 Kathy Buchanan,2015-03-01 Welcome to Candid Conversations with Connie, Volume 2! And these conversations are going to be very candid. In this book we're only taking questions from girls! Yep, they can ask whatever they want, and I will answer from my vast knowledge and experience. (Well . . . maybe not vast.) If I don't know the answer, I'll ask my friend Penny. We've been where you are, and we know what it's like. You're not a little girl anymore, but you're still years off from adulthood. You still like to play, but you also enjoy having long conversations with friends. You sometimes want to cuddle on your mom's lap, and other times you wish she would just leave you alone. All that's pretty normal, and you'll see that from the questions we're answering.

Send Out Your Light Sandra McCracken,2021-09-28 In the middle of Psalm 43, God offers us a dynamic invitation: Send out your light. Prolific singer-songwriter Sandra McCracken believes we each have the opportunity to hear and answer this invitation. This book is written in three parts: part one is the becoming, the creation, how God makes us and gives us an identity. Part two is the disorientation of loss, displacement, and the dark night of the soul. Part three is reorientation, how God brings us through the darkness and illuminates our path with Scripture, sending us out to take his light to others. This has been the shape of Sandra McCracken's life. Through it all, songs and Scripture have been there to light the way, helping her respond to God's call. How will you respond to God's call to send out his light?

Tripplets Paul Daze, 2017-09-05 Preston, California is headed for a staggering shake up unlike no earthquake can create, by virtue of teen identical triplets Terrell, Derrell, and Jerrell Jenkins. However, their road to excellence is paved with many potholes to make their journey jarring and difficult. With each brother having their share of problems, Terrell's troubles seem to eclipse the others by far. Being overly good-natured brands him an easy target for public harassment, ridicule, and disregard, and if that wasn't enough, the strong tie he always had with his brothers is quickly unraveling. Terrell feels obligated to preserve unity within the family, since it was the one thing the boys' father routinely instilled in them, right up until the time of his mysterious death. As Terrell's optimism declines, his discovery of three mystical stones, which grants the brothers with incredible mental powers, is just the remedy to give his diminishing hope an upsurge. The stones were once owned by gifted Asian children, born over two thousand years ago, and identical triplets as well. The vitality of these extraordinary gems establishes a special meaning for both generations of triplets, and sets the course for adventure that will ultimately change the city of Preston and mankind's lives forever.
