Diaries of Note Shaun Usher,2025-10-07 'Captures moments in time like nothing else.' RICHARD E. GRANT 'Intimate . . . and rarely predictable.' MICHAEL PALIN 'Completely fascinating and inspiring. Completely addictive.' STEPHEN FRY 'A volume to treasure, sigh and snigger over.' BIDISHA An engrossing collection of the most remarkable diary writing - by the famous, infamous and everyman alike - curated by the creator of the globally bestselling Letters of Note . What is more intimate than the diary? Across human history, people have kept these repositories of their most unvarnished truths, poignant hopes, hidden desires and deepest fears. In Diaries of Note, Shaun Usher collects 366 captivating diary entries, each with a different author. The diary welcomes all to its pages. Here we encounter reflections from world leaders, artists, scientists, writers and icons of film and music - including Alan Rickman, Frederick Douglass, Virginia Woolf, Louis Theroux and Emma Thompson - alongside those who were never illuminated by fame, but whose writings reveal them as extraordinary. Beautifully illustrated, this book is a testament to the power of personal narratives, reflecting and encapsulating our deepest, and often most secret, emotions.

Humour Translation in the Age of Multimedia Margherita Dore,2020-11-02 This volume seeks to investigate how humour translation has developed since the beginning of the 21st century, focusing in particular on new ways of communication. The authors, drawn from a range of countries, cultures and academic traditions, address and debate how today's globalised communication, media and new technologies are influencing and shaping the translation of humour. Examining both how

humour translation exploits new means of communication and how the processes of humour translation may be challenged and enhanced by technologies, the chapters cover theoretical foundations and implications, and methodological practices and challenges. They include a description of current research or practice, and comments on possible future developments. The contributions interconnect around the issue of humour creation and translation in the 21st century, which can truly be labelled as the age of multimedia. Accessible and engaging, this is essential reading for advanced students and researchers in Translation Studies and Humour Studies.

The Traitor's Daughter Roxana Spicer, 2025-08-26 INSTANT NATIONAL BESTSELLER The masterful narration of a daughter's decades-long quest to understand her extraordinary mother, who was born in Lenin's Soviet Union, served as a combat soldier in the Red Army, and endured three years of Nazi captivity—but never revealed her darkest secrets. As a child, Roxana Spicer would sometimes wake to the sound of the Red Army choir. She would tip-toe downstairs to find her mother, cigarette in one hand and Black Russian in the other, singing along. Roxana would keep her company, and wonder.... Everyone in their village knew Agnes Spicer was Russian, that she had been a captive of the Nazis. And that was all they knew, because Agnes kept her secrets close: how she managed to escape Germany, what the tattoo on her arm meant, even her real name. Discovering the truth about her beloved, charismatic, volatile mother became Roxana's obsession. Throughout her career as a journalist and documentarian, between investigations across Canada and around the world, she always went home to ask her mother more questions, often while filming. Roxana also took every chance to visit the few places that she did know played a role in her mother's story: Bad Salzuflen, Germany, home to POW slave labourers during the war; notorious concentration camps; and Russia. Under Gorbachev, Yeltsin, and the early years of Putin, she was able to find people, places, and documents that are now—perhaps forever—lost again. *The Traitor's Daughter* is intimate and exhaustively researched, vividly conversational, and shot through with Agnes Spicer's irrepressible, fiery personality. It is a true labour of love as well as a triumph of blending personal biography with sweeping history.

Body Talk Jane M. Ussher, 1997 Psychology has traditionally examined human experience from a realist perspective, focusing on observable 'facts'. This is especially so in areas of psychology which focus on the body, such as sexuality, madness or reproduction. In contrast, many sociologists, anthropologists and feminists have focused exclusively on the cultural and communicative aspects of 'the body' treating it purely as an object constructed within socio-cultural discourse. This new collection of sophisticated discursive analyses explores this divide from a variety of theoretical standpoints, including psychoanalysis, social representations theory, feminist theory, critical realism, post-structuralism and social constructionism. *Body Talk* reconciles the divide by putting forward a new 'materialist-discursive' approach. It also provides

an introduction to social constructionist and discursive approaches which is accessible to those with limited previous knowledge of socio-linguistic theory, and showcases the distinctive contribution that psychologists can make to the field.
