Beginner Piano Lessons for Kids Book Jay Wamsted,2018-09-24 The Beginner Piano Lessons for Kids Book with Online Video & Audio Access by Jay Wamsted was designed to help the absolute beginning student learn to play the piano or keyboard. This step by step course is designed for elementary school-aged children (ages 5-11) and quickly teaches the student to play songs they will know and love. These lessons start by playing with just the right hand and gradually build to adding the left hand thumb and learning how to play with both hands. Song arrangements were carefully selected to provide an easy transition from learning the basics to covering more interesting rhythms, techniques, and musical ideas. The book features standard music notation for each song and exercise along with fingering notation and hand shifts to make the course easier to learn. This method includes online access to over an hour of video instruction that will help the child play with proper form and timing. The video shows the piano, both hands, and the sheet music on-screen at the same time. The audio tracks allow the student to practice and play along with easy songs at two speeds. The slower speed features just the piano playing the song. The faster version includes vocals and other instruments in a performance-like setting.
