**Nasser Amiri**

*The Essential Book of Business and Life Quotations*, 2023-01-17 An up-to-date book of quotations for executives, academics and anyone who wants to spice speeches and business presentations or simply reflect on some of the best things ever said on topics linked to business and management life in general. From “Aristotle” to “Mark Zuckerberg” and from “Action” to “Work”, this book is a formidable source of witty remarks and inspiration for all. Best of its kind and fully sourced, the book also covers modern topics such as “Bitcoins”, “Digitalization”, “Sustainability” or “Fake News” and includes a large number of quotations never published before.

**Quotationary - The A-Z Book of Quotations** Nasser Amiri, 2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. Quotationary is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form. It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

*The Quote Verifier* Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

*It Is Dangerous to Be Right When the Government Is Wrong* Andrew P. Napolitano, 2011-10-17 DOES THE GOVERNMENT EXIST TO SERVE US OR TO MASTER US? If the government exists to serve us, and if freedom is part of our humanity, how can the government take freedom from us? Is human freedom in America a myth, or is it reality? The United

States of America was born out of a bloody revolt against tyranny. Yet almost from its inception, the government here has suppressed liberty. Within the pages of *It Is Dangerous To Be Right When The Government Is Wrong*, New York Times best-selling author Judge Andrew P. Napolitano lays out the case that the U.S. government, whose first obligation is to protect and preserve individual freedoms, actually does neither. The judge offers eye-opening, sometimes frightening examples of how, time and again, the human liberties we are guaranteed in the Constitution are vanishing before our eyes. He asks: where does freedom come from? How can government in America exercise power that the people have not given to it? What forces have collaborated to destroy personal freedom? This back-to-basics on freedom addresses hard questions: What is a Constitution, and do we still have one? What are the limits to government power in a free society? Why does the government attack, rather than defend, our rights? If our rights are inalienable, how can the government take them away? Do we really own any private property? America is at a fundamental crossroads. There are stirrings in the land and a cry that enough is enough. The stories within these pages are told to help reawaken the natural human thirst for freedom-to point out government interference with natural order and the disastrous consequences that follow.
