**Ricki Winegardner**

*What Every 4th Grade Teacher Needs to Know* Mike Anderson, 2010 You're teaching fourth grade this year. What do you need to know? Mike Anderson gives you practical information about daily routines, furniture, and much more. After a concise review of fourth graders' common developmental characteristics, Mike explains how to adjust your classroom and your teaching to fit these common characteristics. The result: students can learn, and you can teach, with minimum frustration and maximum ease and joy. In clear, plain writing peppered with classroom stories and examples, Mike shares practical know-how on topics like these: Arranging a circle, desks, and tables; Choosing and storing supplies; Scheduling a child-centered day and teaching daily routines; Planning special projects and field trips that maximize learning and build community; Understanding the special concerns of fourth graders' parents and finding the best ways to communicate with them.

*Listening to Children Read Aloud* Gay Su Pinnell, 1995 Conducted as part of the 1992 Integrated Reading Performance Record (IRPR), a study investigated the oral reading proficiency of a subgroup of students participating in the 1992 reading assessment conducted by the National Assessment of Educational Progress (NAEP). Subjects, 1,136 fourth graders, read aloud one passage and were audiotaped as they responded to a series of questions about habits and attitudes related to both instructional and recreational reading. Subjects also completed measures of fluency and comprehension. Major findings were that (1) much can be learned and documented about children's abilities by listening to them read aloud; (2) 55% of the subjects were considered to be fluent, but only 13% could be described as consistently reading with appropriate phrasing and with at least minimal expressiveness; (3) oral reading fluency demonstrated a significant relationship with reading comprehension; (4) fluent reading appeared to be related to certain literacy activities; (5) 57% of the students were at least 96% accurate in their oral reading of the passage; (6) 61% of the students read the passage at a rate of at least 100 words per minute; and (7) accuracy and rate displayed some relationship to reading fluency. (Contains 11 tables and two figures of data. Appendixes present the interview guide, and a description of the procedures and methods of the IRPR.) (RS)

**Co-Teaching in Teacher Education** Christina M. Tschida, Elizabeth A. Fogarty, Joy N. Stapleton, Kristen Cuthrell, Diana B. Lys, Ann Bullock, 2024 This volume examines teacher preparation programs that have successfully used a co-teaching model to improve the clinical experience for teacher candidates and to instill a disposition for equitable practice. Co-teaching

in K-12 classrooms is a well-established practice, especially in inclusive settings, but it is far less common in teacher education programs. Blending research and practitioner voices, this book presents co-teaching as a viable and valuable framework that provides support for teacher candidates, allowing them to grow and learn through reciprocal relationships. Offering their experiences and perspectives, chapter authors share promising practices for centering equity in co-teaching situations. Co-Teaching in Teacher Education challenges teacher preparation programs to prepare educators to work together to support all students in today's diverse classrooms. Book Features: Utilizes an equity lens to examine how co-teaching can benefit both teacher education and practicing teachers. Describes how co-teaching is being used to elevate instruction in K-12 and higher education. Explores a wide variety of contexts in which co-teaching is being used to train teacher candidates and improve student learning, including traditional, alternative, and online programs and rural and urban settings. Provides an Equity Checklist to help educators examine equity considerations that arise throughout the co-teaching cycle (co-planning, co-instruction, co-assessment, and co-reflection).

A Parent's Guide to 4th Grade Ricki Winegardner, 2001 During your initial read of this resource, you may find that some of the key points are not yet relevant to your child. Imagine, if you will, reading the owner's manual to your car. Initially you may peruse the manual, finding that not all of the features or instructions are immediately helpful, but as you drive the car for a period of time, you may find yourself referring to the manual to find important information. Use this book in the same manner. Read initially to gain a baseline understanding of what to expect this year, then pick up the book throughout the year when you are faced with new questions or difficulties. By the end of the fourth grade, you may have a book with dog-eared pages, highlighted passages, and favorite nuggets of information.
