**Ultimate Dinner Salads** Jennifer Matthews, 2018-07-05 There was once a time when the word Salad often pointed towards a complimentary or secondary bowl of leafy vegetables that was meant to act as an appetizer to the main course. You go to a food court; there's always a Salad Corner from where people would take a bowl and pick up their favorite veggies and drizzle with their favorite dressing, only to munch on it before the pizza arrives! However, with the recent increase of individuals trying to maintain a healthy diet and lifestyle, Salads have slowly turned into something more than a mere appetizing snack! In fact, thanks to a barrage of health benefits that comes from a bowl of Salad, these beautiful dishes have slowly penetrated into mainstream diet plans and are now considered as the Main course by many! If you visit a restaurant these days, you won't only see a Salad Bar, but the menu will also have a separate section for exquisitely prepared Salad items that are both mouthwatering and satisfying at the same time! In fact, thanks to the recent popularity of Salads, restaurants often end up hiring specialized chefs who have honed their skills in the art of Salad making! These are no longer treated as Optional platters, but rather a crucial component of any healthy diet. And the best part? They are not that much complicated to make! Yes, you heard that right! If you are feeling a bit nervous right now, thinking that you might not have what it takes to prepare a proper Salad platter, then you are wrong! Yes, preparing a hearty Salad is an art, but just like any art form, it can be learned and mastered in no time. And even if you are not in the mood to master it and want to learn to prepare something for you and beloved, you can do that as well! At its core. Making Salad is all about throwing in a bowl and tossing them with your favorite dressing! The actual color, flavor, and texture come from the creativity of the chef and the variety of ingredients used. But having a busy schedule and trying to come up with Salad ideas can be tough right? Well, that is precisely why I have prepared this recipe manuscript! The Salad recipes found in this book range from being extremely easy to slightly awkward, and they use a wide range of unusual ingredients to make every Salad different from one another. And just in case you are wondering, yes! You can prepare these salads even if you have no cooking experience at all! In hopes of making this book accessible to people of all skill levels, I tried my very best to make every recipe as clear and easy to follow as possible. So, if you are ever in doubt, follow the recipes to the Tee, and you will have your very own tongue teaser in no time! Excited to see what I have in store for you? Well. You are more than welcome to go ahead and explore the recipes!
