* A RICHARD AND JUDY BOOK CLUB PICK * 'Chilling and compelling' - THE SUN 'Turns a traditional crime plot to very modern effect' - SUNDAY TIMES 'Brilliant - creepily atmospheric and incredibly tense' - HARRIET TYCE THE WORLD'S TOUGHEST REALITY SHOW. A PRIZE WORTH KILLING FOR... Frozen Out is set to be a TV sensation. On a small ship off the coast of Greenland, six contestants will push themselves to breaking point for a £100,000 prize. The show is Tori Matsuka's baby. After years working her way up the ladder, she's finally launching her own production company and everything is riding on the show. For camerawoman Dee, it's a chance to start again after the tragedy that tanked her undercover journalism career. But as errors and mishaps mount on set, tempers among the cast and crew start to fray. And when one of the contestants is found dead, only Dee realises that the death wasn't natural - and from what she's seen from behind the camera, it won't be the last. As the Arctic ice closes in and all chance of escape is cut off, one thing becomes clear: although the world outside wants them dead, it's the secrets inside the ship that might cost them their lives... Packed with suspense from the first page to the last, Freeze is a must-read for fans of Shiver, The Sanatorium and One By One. This thriller isn't just chilling: it's sub-zero.

Delicate Condition Danielle Valentine,2023-08-01 THE INSPIRATION FOR FX'S AMERICAN HORROR STORY:

DELICATE STARRING EMMA ROBERTS AND KIM KARDASHIAN A GOOD MORNING AMERICA BUZZ PICK As seen in People, Vanity Fair, Variety, Entertainment Weekly, USA Today, Shondaland, and more! Anna Alcott is desperate to have a family. But as she tries to balance her increasingly public life as an indie actress with a grueling IVF journey, she starts to suspect that someone is going to great lengths to make sure that never happens. Crucial medicines are lost. Appointments get swapped without her knowledge. Cryptic warnings have her jumping at shadows. And despite everything she's gone through to make this pregnancy a reality, not even her husband is willing to believe that someone is playing twisted games with her. Then her doctor tells her she's had a miscarriage—except Anna's convinced she's still pregnant despite everything the grave-faced men around her claim. She can feel the baby moving inside her, can see the strain it's taking on her weakening body. Vague warnings become direct threats as someone stalks her through the bleak ghost town of the snowy Hamptons. As her symptoms and sense of danger grow ever more horrifying, Anna can't help but wonder what exactly she's carrying inside of her...and why no one will listen when she says something is horribly, painfully wrong.

A Tale from the Hills Terry Hayden,2003 In a mountainous region of Southwestern Virginia where poverty and hardship were an everyday part of life, there lived a family with the last name of Hill. The Hill children grew up without the benefit of a mother, but under the very watchful eyes of a humble but somewhat roguish father. In spite of many hardships and almost impossible living conditions, most of the children grew up to be proud and respectable citizens of Washington County. That is all except one, and his name was William. William started life under the close scrutiny and support of his loving sister Alice, but after her death in a tragic accident, his life was changed forever. He became tortured by dreams of death and ghostly images which ultimately led to his running away from home at the tender age of twelve. Thus began a long and even more tragic journey of paranoia and mystery that ended when he was twenty-five. William's journey took him from rural Virginia, through the Carolinas and further South, where he left murder and mayhem as his calling card. World War II was his only means of escape from capture for his hideous crimes, but he ultimately met his well deserved end at the hands of a nearly helpless old woman. He changed many lives and families forever but in the end he received his just rewards.
