

The Book That Wouldnt Burn

Mark Lawrence

The Book That Wouldn't Burn Mark Lawrence, 2024-03-05 Two strangers find themselves connected by a vast and mysterious library containing many wonders and still more secrets, in this powerfully moving first book in a new series from the international bestselling author of *Red Sister* and *Prince of Thorns*. The boy has lived his whole life trapped within a book-choked chamber older than empires and larger than cities. The girl has been plucked from the outskirts of civilization to be trained as a librarian, studying the mysteries of the great library at the heart of her kingdom. They were never supposed to meet. But in the library, they did. Their stories spiral around each other, across worlds and time. This is a tale of truth and lies and hearts, and the blurring of one into another. A journey on which knowledge erodes certainty and on which, though the pen may be mightier than the sword, blood will be spilled and cities burned.

The Redemption of Althalus David Eddings, Leigh Eddings, 2001-01-23 David and Leigh Eddings were mythmakers and world builders of the first order. With *The Redemption of Althalus*, the authors of the *Belgariad* and *Malloreon* sagas created a thrilling stand-alone epic—boldly written and brilliantly imagined. It would be sheer folly to try to conceal the true nature of Althalus, for his flaws are the stuff of legend. He is, as all men know, a thief, a liar, an occasional murderer, an outrageous braggart, and a man devoid of even the slightest hint of honor. Yet of all the men in the world, it is Althalus, unrepentant rogue and scoundrel, who will become the champion of humanity in its desperate struggle against the forces of an ancient god determined to return the universe to nothingness. On his way to steal *The Book* from the House at the End of the World, Althalus is confronted by a cat—a cat with eyes like emeralds, the voice of a woman, and the powers of a goddess. She is Dweia, sister to The Gods and a greater thief even than Althalus. She must be: for in no time at all, she has stolen his heart. And more. She has stolen time itself. For when Althalus leaves the House at the End of the World, much wiser but not a day older than when he'd first entered it, thousands of years have gone by. But Dweia is not the only one able to manipulate time. Her evil brother shares the power, and while Dweia has been teaching Althalus the secrets of *The Book*, the ancient God has been using the dark magic of his own Book to rewrite history. Yet all is not lost. But only if Althalus, still a thief at heart, can bring together a ragtag group of men, women, and children with no reason to trust him or each other. Praise for *The Redemption of Althalus* “Highly recommended . . . Featuring a cast of engaging characters, some fanciful plot twists, and a light-hearted atmosphere that should appeal strongly to fans and first-time readers alike.”—Library Journal “The story takes

off. The interactions between characters, straightforward plotting, and doses of wry humor keep the tale humming.”—Booklist “An engaging young reprobate hero . . . [A] magical realm of good-natured fun.”—Publishers Weekly “A compelling, involving story.”—Science Fiction Chronicle

Disgraced Detective Joe Lucas is as dedicated as Lucy. His aim is to bring her home. By any means necessary. Stepping into her sister's shoes, this small-town girl is thrust into a terrifying night journey of deceit, danger, and degradation. By recreating her sister's journey, she unwittingly heads toward her sister's fate; and even as she believes that she's closing in on the murderer, the murderer is closing in on her.

The Book That Broke the World Mark Lawrence, 2025-03-04 Two people living in a world connected by an immense and mysterious library must fight for those they love in the second book in a new trilogy from the international bestselling author of *The Book That Wouldn't Burn*. The Library spans worlds and times. It touches and joins distant places. It is memory and future. And amid its vastness Evar Eventari both found, and lost, Livira Page. Evar has been forced to flee the library, driven before an implacable foe. Livira, trapped in a ghost world, has to recover the book she wrote—one which is the only true threat to the library's existence—if she's to return to her life. While Evar's journey leads him outside into a world he's never seen, Livira's path will take her deep inside her own writing, where she must wrestle with her stories in order to reclaim the volume in which they were written. The secret war that defines the library has chosen its champions and set them on the board. The time has come when they must fight for what they believe, or lose everything.
