The 72 Angels of the Name Baal Kadmon, 2015-08-16 In this book, we will discuss how to communicate with the 72 angels that are associated with the 72 names of God in volume 1 of this series. We will not be using any fancy and complicated rituals. With all due respect to those who plan elaborate rituals, the rituals end up being more of a distraction. The angels do not require certain hours of day or night or certain colors or garb. They are not human that they require such trivialities. Do you think an angel with a limitless mind requires such limited and minute actions to get its attention? I know this may completely contradict what you have heard, but logically, this is so. If you are looking for elaborate rituals, you will be disappointed in this book. This book is for people who want a direct connection. Not those who wish to mire themselves in complexity that in actuality, is contrived. We know where many of those rituals in all those Grimoires come from and I assure you, the complexities are formalities only and not necessary for deep connection with these angels. With that, In this book, we will go into the significance of the 72 names of God and then proceed to the names of the angels. And finally, how to call upon them to help you.

All the Names of the Lord Valentina Izmirlieva, 2008-09-15 Christians face a conundrum when it comes to naming God, for if God is unnamable, as theologians maintain, he can also be called by every name. His proper name is thus an open-ended, all-encompassing list, a mystery the Church embraces in its rhetoric, but which many Christians have found difficult to accept. To explore this conflict, Valentina Izmirlieva examines two lists of God's names: one from *The Divine Names*, the classic treatise by Pseudo-Dionysius, and the other from *The 72 Names of the Lord*, an amulet whose history binds together Kabbalah and Christianity, Jews and Slavs, Palestine, Provence, and the Balkans. This unexpected juxtaposition of a theological treatise and a magical amulet allows Izmirlieva to reveal lists' rhetorical potential to create order and to function

as both tools of knowledge and of power. Despite the two different visions of order represented by each list, Izmirlieva finds that their uses in Christian practice point to a complementary relationship between the existential need for God's protection and the metaphysical desire to submit to his infinite majesty—a compelling claim sure to provoke discussion among scholars in many fields.

In this text, we will discuss the 72 demons that correspond to the 72 names of God. Each demon has its purpose. Working with the demons, differs in intensity. They are more , how shall we say, assertive. Whereas the angels appear in gentler forms (with a few exceptions of course). In this book, we will discuss how to communicate with these demon. The rituals are similar to the ones we used for the 72 angels. However, there are a few differences. Umbilicans of Babylon Richard Leviton,2024-03-13 Do you ever think about solid ground? The author of this book does, a

lot. Providing solid ground for consciousness is the umbilical function, he says. On January 1, 2020, the long-awaited Golden Age began. So did intense opposition to it from the shadows. It was like a thousand iron heels trying to stamp out spring blossoms. The dark forces exerted their manipulations in the outer world. The angelic contingent counterpointed in the subtle realm. The Earth wobbled. This is an insider's report from three men who worked alongside the "good guys" to adjust the planet's Light grid to better support the flowering of human consciousness that had been intended for this date and to resist, even undermine, the infernal opposition. These "good guy" benefactors included angels, archangels, the Great White Brotherhood, even some of the friendly Dead. Ronald, our narrator, with Joe and Mike, his dependable pals, call themselves geomantic engineers. They work on the Light grid, the subtle energy infrastructure of the Earth that supports the material world. They're like electric utility pole linemen, up there in their extendable buckets, but their main tools are clairvoyance and knowledge of the mechanics of the planet's many Light temples and systems. Ronald provides a vivid field account of an astonishing array of geomantic interventions and "adjustments" made in the last several years to shore up that potentially fabulous Golden Age, despite the dark forces' protracted attempts to derail and smash it. The struggle reveals an Earth like you've never seen before. Our planet was designed to keep consciousness aligned with the spiritual world, galaxy, and beyond. People were supposed to feel firmly anchored in their bodies and planet. The Earth was meant to be the "gate of the gods," the original pure meaning of Babylon. In recent centuries, that smooth reciprocal relationship has been upset. Light forces are trying to uplift awareness, dark forces to suppress it. Jump into Ronald's riveting account to see how it all plays out.

Tetragrammaton: Western Christians and the Hebrew Name of God Robert J. Wilkinson, 2015-02-04 The Christian Reception of the Hebrew name of God has not previously been described in such detail and over such an extended period. This work places that varied reception within the context of early Jewish and Christian texts; Patristic Studies; Jewish-Christian relationships; Mediaeval thought; the Renaissance and Reformation; the History of Printing; and the development of Christian Hebraism. The contribution of notions of the Tetragrammaton to orthodox doctrines and debates is exposed, as is the contribution its study made to non-orthodox imaginative constructs and theologies. Gnostic, Kabbalistic, Hermetic and magical texts are given equally detailed consideration. There emerge from this sustained and detailed examination several recurring themes concerning the difficulty of naming God, his being and his providence.

The Secrets Behind the 72 Names of God Jose Emilio Polo Madero, 2015-04-15 A tool to communicate with God and his Angels as never before existed.

72 Names of the Shemhamforesh in Light of the New Testament and Jesus Christ Kealeboga Lee Seletshoge, 2025-02-22 In my spiritual journey I came across the Shemhamforesh which is usually called the 72 names of God. The 72 names of God

are not known to the Church, they are not found in any scripture. So from the book of Genesis to the book of Revelation, there is no Angel called Vehuhian. This names were formulated using a certain method based on the book of: Exodus 14:19-21 So 72 names of Angel were derived from this verses and three Hebrew Alphabets were used to make each name. Vehuhian became VAV-HEY-VAV, Mahasiah became MEM-HEY-SHIN and Lalahel became LAMED-LAMED-HEY just to mention the few. Unfortunately this knowledge is not known to the Church. This knowledge was revealed to the secret society called the Kabbala/ KBLH. So I am not going to say a lot of things about KBLH because I don't qualify to talk about things hidden in this secret society, movement or faith. All I can say is that KBLH is an Ancient Faith of Rabbis who were seeking the knowledge and wisdom of God. They kept their knowledge to themselves and the Angels who revealed this secrets to them, did not allow them to reveal the secrets. So this secrets are only revealed recently, but I cannot state the year to be exact. There are genuine books of the KBLH and there are fake books as well. The same way they are genuine Rabbis and fake once. So from this KBLH the 72 names of God were formulated using Exodus 14:19-21. While I am not a student of KBLH I am the student of truth because it is written: And ye shall know the truth, and the truth shall make you free. So KBLH as the knowledge of God/Angels given to the Kabbalist is the truth. KBLH when you look careful into it is like Enochian which was also given to Edward Kelly and John Dee by Angels. While KBLH is world wide accepted and it's doctrines have been proven to work, Enochian remains to be a mystery, complicated and ridiculed as the knowledge of Satan. I personally believe Enochian is an Angelic language because I can calculate. Enochian is filled with Angels, Arch Angel Gabriel is recorded telling John Dee that every letter is associated with a number. So my little knowledge tells me that Satan will prefer to hide this knowledge from mankind. God's mission is to reveal Himself to his creatures but Satan's mission is to hide God from God's creatures. If we take Vehuhian for example we have VAV-HEY-VAV. So when we add we have $(6+5+6=17)$ Therefore this name reflects the 17th Hebrew Alphabet which is the voice of God. So because the voice of God is before everything else, this name is placed at the first position or is the first name of the Shemhamforesh. Now I am not claiming that this is the method that is used to calculate this name or it's meaning, I am only stating how through the Hebrew Alphabets this name can be viewed. Now Exodus 14:19-21 is in the old testament. So if I am a new testament person how can I use this name in the new testament. This name reveals Exodus 14:19 as the strange movement that the Angel made. He was walking before them and the pillar was before them, then he went behind them and the pillar was behind them. So this is a strange travel or movement and we find the same in the following scripture: John 6:25 So the pillar or Angel who walk before and behind Israel is revealed by this movement. Jesus came to the sea to travel to the other side and find no boat, so he moved in a strange way. Some say he walked on water, which reveals what God said to Moses when He said: Exodus 14:15. So Jesus did what Israel was afraid to do, to prove to us that He himself is the Christ/ voice that spoke to Moses.
