

Breaking Up With Babel

James Comper Gray

Breaking Up With Babel Nikki Dent,2023-02-20 Breaking Up with Babel is about rejecting Babel relationships (crafted under the influence of a humanistic and lust-driven culture), and instead growing Garden relationships (fruitful and wholesome), as it was always meant to be before the Fall. It speaks into the relational epidemic of lust and disconnection in a digital age and sows a healthy, biblical vision of sex, dating, and relationships from the yes of God. Modern culture is a confusing, sensual quagmire that is sucking the next generation downward, and in God we have the Remedy to the Babel predicament.

Breaking Up With Babel Youth Curriculum Nikki Dent,2023-10-06 Breaking Up with Babel is about rejecting Babel relationships (crafted under the influence of a humanistic and lust-driven culture), and instead growing Garden relationships (fruitful and wholesome), as it was always meant to be before the Fall. It speaks into the relational epidemic of lust and disconnection in a digital age and sows a healthy, biblical vision of sex, dating, and relationships from the yes of God. Babel's Basement Jane Palmer,2016-01-23 The direct descendent of a carnivorous dinosaur has returned to claim the Earth. Commander Pyg sets up her base in the ancient subterranean Ossiane Empire. Nothing can stop her exterminating the human race apart from an eccentric geologist, sceptical science master, and a few surviving Ossianes. And none of them know about the comet on collision course with the Earth.

Earth, Man, & Devolution R. Pilotte,2009-01-28 A Girl on a couch appeared in an electro-magnetically generated cloud and it was deduced to be a vision from the past. UFO's are seen to appear and disappear out of nowhere and they are presumed to be entering and leaving another dimension. The ancients speak of the Gods descending to earth, and they're deduced to be spacemen from another galaxy seeding life on earth and helping evolution along. Archaeologists see the pyramids and decide they were built by 200,000 slaves to exacting standards we can't match today, just to bury a king.

People read about world flood legends, look at Mount Everest, say “Impossible”, and decide the legends speak of local floods. Anthropologists see writing start about 5000 years ago and deduce this is evidence of the greatest advancement in the history of mankind. These deductions are all incorrect. Find out what these and other curious tidbits really mean, and how they'll change your world view forever. Ever wondered where the Noah floodwater went? Find out where it came from and finally...where it went! Radioactive Carbon 14 in our atmosphere isn't at equilibrium: it forms at a faster rate than it breaks down. Why? And why is that crucial in figuring out the age of the earth? Ever wondered what caused different races? How about Dinosaurs? Find out what killed them... recently, and be prepared for a shock, because they aren't all dead! One of the plagues of Egypt was the river of blood, but this happened in more places than just Egypt. Find out the cause. This book solves the Bermuda Triangle disappearances, invisibility, the Tower of Babel, frozen woolly mammoths, erratics, massive fossil sites all around the globe, destruction of Mu, and Atlantis. We also figure out the origin, of reincarnation, the underworld, the continents, the seven heavens, pole shifts, the Sumerians, and not just the origin of the gods, we find out who they are! How can one book solve so much? Read: Earth, Man & Devolution. I've created a new cover for my book and added 1/3 more material as well as fully illustrated the book. If you have an older edition feel free to contact me for the 3rd edition updates with new cover and all the illustrations for free. (I'm also the artist for my book)I'm on facebook in Victoria BC under Rick Pilotte Some of the books and authors that helped with some key information were Charles Hapgood; Maps of the Ancient Sea Kings, Immanuel Velikovsky, Earth in Upheaval, Wallace Budge (Book of the dead), The Hollow Earth by Raymond Bernard and many more. You can also see some of my letters published in Atlantis Rising magazine by doing an internet search of my title, or however it's done. (I've had 6 letters published to date)

Nelson's New Illustrated Bible Commentary Thomas Nelson,1999-05-13 A comprehensive verse-by-verse commentary for lay Bible students, fully highlighted by articles, maps, charts, and illustrations-all in one volume. Clear and Comprehensive: Annotations by leading evangelical scholars don't dodge tough issues; alternative views are presented fairly, but commentators make their positions clear. Attractively Designed: Graphics appeal to the sound-bite generation and others who aren't traditional commentary readers. Interesting and Revealing: Hundreds of feature articles that provide additional information or new perspectives on a topic related to Bible background. Visually Appealing: Maps, drawings, and photos illuminate the commentary and visualize important information.

Babel's Dawn Edmund Blair Bolles,2011-09-01 Babel's Dawn is a saga covering six million years. Like a walk through a natural history museum, Bolles demonstrates how members of the human lineage came to speak. Beginning with a scene of the last common ancestor ignoring a bird as it flies by, he guides us through generations, illuminating how it became possible for two Homo sapiens to not only acknowledge the songbird, but to also discuss the meaning of its song. Tracing the rise of voluntary vocalizations as well as the first word, phrases, and sentences, Bolles works against the common belief that the reason apes cannot speak is they are not smart enough. In this groundbreaking work, Bolles purposes that we now have substantial evidence that this age-old idea can no longer stand. With concrete portrayals of living individuals interwoven with evidence, data, and theory, Babel's Dawn is a powerful account of a great scientific revolution.

NKJV, The Modern Life Study Bible Thomas Nelson,2014-01-28 As members of the modern age, we sometimes feel disconnected from the world of the Bible. But if we look closely, we can see that although cultures change, our basic challenges stay the same. We still struggle with issues like community, justice, economic stress, political tensions, and cultural and ethnic differences. We still wonder who God is, how to discern His will, and how we fit into His plan. Using historical context and fresh insights backed by biblical scholars, The Modern Life Study Bible explores the timeless truths that connect the people and stories of the Bible to the opportunities and demands we face today. God is at work in our world, inviting us to experience His presence. With innovative, full-color illustrations, maps, and diagrams, along with special information on occupations of the Bible, profiles of people and places, theme indexes, and inspirational biographies of believers who put their faith to work, The Modern Life Study Bible will draw you in, helping you to know and embrace what it means to follow Christ in today's world. Features include: More than 2,400 concise articles and book introductions More than 220 full-color maps Hundreds of diagrams, tables, and illustrations 66 inspirational biographies Indexes to aid navigation and study
