Images of Schoolteachers in America Pamela Bolotin Joseph,Gail E. Burnaford,2000-12 Explores images of schoolteachers from beginning of 20th century to the present. Raises questions about what it means to be a teacher; what influences/sustains people's beliefs about teachers; & the social-political context that shapes images of teachers

Dim Wit Rosemarie Jarski,2008-12-05 'They misunderestimated me' George W. Bush Einstein said only two things are infinite - the universe and human stupidity. So in deference to the dumbing down of our culture, comes Dim Wit - a collection of the most jaw-droppingly stupid things ever said. The cast includes every famous foot-in-mouther from George W Bush to Prince Philip, Paris Hilton to Jade Goody, not to mention hundreds of unsung idiots plucked from villages the world over. The result is a confederacy of dunces more pro-fun than profound - a clever witticism may coax an inward smile but it takes a really stupid remark to deliver a belly laugh. So pick up Dim Wit and prepare to embrace your inner moron - it may be the smartest thing you do... 'My grandma overheard two women talking in a doctor's surgery. After a while, one said to the other, Do you know, Mary, I don't feel too well. I think I'll go home.' - Robyn Jankel 'I don't think anyone should write his autobiography until after he's dead.' - Samuel Goldwyn 'Winston Churchill? Wasn't he the first black President of America? There's a statue of him near me - that's black.' - Danielle Lloyd

Intra-individual Variation in Language Alexander Werth,Lars Bülow,Simone E. Pfenninger,Markus Schiegg,2021-09-07 This volume offers several empirical, methodological, and theoretical approaches to the study of observable variation within individuals on various linguistic levels. With a focus on German varieties, the chapters provide answers on the following questions (inter alia): Which linguistic and extra-linguistic factors explain intra-individual variation? Is there observable intra-individual variation that cannot be explained by linguistic and extra-linguistic factors? Can group-level results be generalised to individual language usage and vice versa? Is intra-individual variation indicative of actual patterns of language change? How can intra-individual variation be examined in historical data? Consequently, the various theoretical, methodological and empirical approaches in this volume offer a better understanding of the meaning of intra-individual variation for patterns of language development, language variation and change. The inter- and transdisciplinary nature of the volume is an exciting new frontier, and the results of the studies in this book provide a wealth of new findings as well as challenges to some of the existing findings and assumptions regarding the nature of intra-individual variation.

Linguistic Justice on Campus Brooke R. Schreiber, Eunjeong Lee, Jennifer T. Johnson, Norah Fahim, 2021-12-06 This book supports writing educators on college campuses to work towards linguistic equity and social justice for multilingual students. It demonstrates how recent advances in theories on language, literacy, and race can be translated into pedagogical and administrative practice in a variety of contexts within US higher educational institutions. The chapters are split across three thematic sections: translingual and anti-discriminatory pedagogy and practices; professional development and administrative work; and advocacy in the writing center. The book offers practice-based examples which aim to counter linguistic racism and promote language pluralism in and out of classrooms, including: teacher training, creating pedagogical spaces for multilingual students to negotiate language standards, and enacting anti-racist and translingual pedagogies across disciplines and in writing centers.

Spin Control Holly O'Dell, 2006 Kate Brown has the opportunity of a lifetime: If she successfully completes her next big project, she'll be promoted to partner in her publicity firm--one of the best in Manhattan. The only trouble? The big project is restoring the image of her bad-boy ex-boyfriend, hotel heir Devin Underhill. She takes on the project with colleague Michael Korten and starts to develop feelings for him, but admitting that is as difficult as the project itself. This doesn't stop Kate from experiencing a tinge of jealousy, however, when Hollywood starlet Miranda Hamilton, an old friend of Michael's, shows up. While Kate tries to decipher the relationship between the two, Devin latches onto Miranda, while simultaneously trying to weasel his way back into Kate's life. Kate definitely has her work cut out for her as she navigates the tabloids, the jet-setting New York social scene, and her own confused feelings about Michael. And just when she thinks she has it all under control, Kate learns the hard way that there are some situations she just can't spin.
