

They Tried To Bury Us

David Baud

They Tried to Bury Us Laura Rowley, 2018 Based on the proverb originally written by Greek poet Dinos Christianopoulos, the book explores the ways in which people have been buried throughout history, but like buried seeds, we may rise. -- Author.

Vote Her In Rebecca Sive, 2018-10-16 Men are not the enemy, but they are the problem. Women are wildly underrepresented at every level of the US government: federal, state, and local. Research has shown that women in legislative and executive political positions are far more likely than men to commit to policies that benefit women and girls of all kinds, so after centuries of underrepresentation, it's clear: our best bet for creating a system that is more fair, balanced, and just for everyone is electing our first Madam President. Donald Trump's election didn't mean defeat, and his policies targeting women have not silenced them. Instead, women across the country have been motivated to speak out louder than ever before. There is no more powerful example of this than the Women's March of 2017—held just one day after Trump's inauguration—which was a worldwide catalyst for ongoing change and a vehicle for systemic empowerment that hasn't stopped since. Vote Her In is organized around the inspirational messages seen in protest signs carried at those record-breaking marches. Part One outlines the case for why we need to mobilize now, and Part Two provides a clear strategy for how to get there, with 13 tractable actions that women from all backgrounds can take to help get each other (or themselves) into executive political offices and work toward electing our first woman president in 2020. In *Vote Her In*, author Rebecca Sive has leveraged her decades of political experience to give practical guidance, not just to women seeking political office themselves, but to all women—regardless of their prior exposure to political outreach and activism—who have come together to take action in the wake of Trump's election. This crucial book empowers every American man, woman, and girl who cares about our nation's democratic future to join forces and harness their collective power in the run-up to 2020 and, at last, to form a more perfect union. It's easy to feel angry, but much harder to do something about it. Sive shows us how.

Performance Constellations Marcela A. Fuentes, 2019-10-21 *Performance Constellations* maps transnational protest movements and the dynamics of networked expressive behavior in the streets and online, as people struggle to be heard and effect long-term social justice. Its case studies explore collective political action in Latin America, including the Zapatistas in the mid-'90s, protests during the 2001 Argentine economic crisis, the 2011 Chilean student movement, the 2014-2015

mobilizations for the disappeared Ayotzinapa students, and the 2018 transnational reproductive rights movement. The book analyzes uses of space, time, media communication, and corporeality in protests such as virtual sit-ins, flash mobs, scarfazos, and hashtag campaigns, arguing that these protests not only challenge hegemonic power but are also socially transformative. While other studies have focused either on digital activism or on street protests, Performance Constellations shows that they are in fact integrally entwined. Zooming in on protest movements and art-activism in Mexico, Argentina, and Chile, and putting contemporary insurgent actions in dialogue with their historical precedents, the book demonstrates how, even in moments of extreme duress, social actors in Latin America have taken up public and virtual space to intervene politically and to contest dominant powers.

Lehmann: Postkoloniale Gegenbilder ,2023-06-02 Die deutsche Kolonialzeit in Namibia war in der bildenden Kunst Namibias lange Zeit kein Thema. Erst vor wenigen Jahren begann sich dies zu ändern. Das Interesse einiger weniger Künstler*innen sowie programmatische Ausstellungen an der National Art Gallery in Windhoek hatten den Weg dafür bereitet. Die koloniale Landnahme, der namibische Widerstand und auch der Genozid sind mittlerweile etablierte Topoi in der Kunstwelt Namibias. Dieses Buch zeigt eine Auswahl zeitgenössischer künstlerischer Arbeiten aus verschiedenen Disziplinen von der Druckgrafik bis zur Videokunst und von der Performance bis zur Installation. Diese Arbeiten thematisieren das Erinnern und Vergessen der deutschen Kolonialzeit im heutigen Namibia. Das Ergebnis ist die erste umfassende kunstwissenschaftliche Forschungsarbeit zur künstlerischen Auseinandersetzung mit der deutsch-namibischen Geschichte.

Beyond Broadway Joe Bob Lederer,2018-09-11 On the eve of the fiftieth anniversary of the New York Jets' historic achievement, a nostalgic, inside look from the men who composed the team behind Joe Namath's Super Bowl III win, filled with exclusive insights and stories from the surviving players, coaches, and management of that championship team whose victory changed the landscape of American football. On January 12, 1969, the New York Jets astonished the nation when they beat the favored Baltimore Colts to win Super Bowl III. The key to the Jets' success was quarterback Joe Namath, whose superstar talent, revolutionary personality, cockiness, and charm made him an instant celebrity. But Namath didn't do it alone. In *Beyond Broadway Joe*, the members of that legendary team share for the first time their often funny, sometimes

poignant, and always perceptive personal stories and memorable anecdotes about the Super Bowl team, its players and coaches, and that legendary win. They reminisce about how they became Jets, their success on the gridiron—ten of them were AFC All Stars that magical year of 1968—and reveal for the first time the tactic Namath used to frustrate the Baltimore Colts' defense. They speak about their reactions to Namath's guarantee of a Jets' Super Bowl victory, and how the 39 Forgotten Jets behind him enabled Joe to fulfill that boast. Furthermore, Lederer has interviewed members of the Baltimore team, to provide a 360-degree account of the game that changed it all. Inside, you'll learn: How Joe Namath was able to manipulate the Baltimore Colts defense in Super Bowl III About the player who convinced Joe Namath he was a "hot date" and pranked the playboy quarterback How coach Weeb Ewbank used salaries of players on four other AFL teams to control Jets' player salaries How one Jet, whose play was limited to two games his rookie year, convinced Jets' Coach and General Manager Weeb Ewbank that he would become an all-star Why Jets' star offensive tackle Winston Hill, an eight-time All Pro tackle, was never considered, much less, elected to the Pro Football Hall of Fame How Super Bowl III may have saved the existence of several AFL teams scheduled to be part of the AFL-NFL merger And much more! The Jets players reflect on their evolution from a team considered part of a Mickey Mouse league, through the sudden transformation caused by the signing and introduction of Joe Namath on America's sporting scene. The book explains from different angles—including Jets' game plans—why Jets' coaches and players were supremely confident going into Super Bowl III. Written by a lifelong Jets' fan, Beyond Broadway Joe captures memories—and through never-before-seen material—sheds light on what happened from the 1963 launch of the Jets to the Super Bowl season and in Super Bowl III itself. This first complete celebration of the Jets' Super Bowl team is a must for every Jets diehard, for fans of the old American Football League, those who follow the history of professional football, and for all who love the game.

Critical Dialogues in Latinx Studies Ana Y. Ramos-Zayas, Mérida M. Rúa, 2021-08-10 **WINNER, D. Scott Palmer Prize for Best Edited Collection, given by the New England Council of Latin American Studies** Introduces new approaches, theoretical trends, and understudied topics in Latinx Studies This groundbreaking work offers a multidisciplinary, social-science oriented perspective on Latinx studies, including the social histories and contemporary lives of a diverse range of Latina and Latino populations. Editors Ana Y. Ramos-Zayas and Mérida M. Rúa have crafted an anthology that is unique in both form and content. The book combines previously published canonical pieces with original, cutting-edge works created for this volume. The sections of the text are arranged thematically as critical dialogues, each with a brief preface that provides context and a conceptual direction for the scholarly conversation that ensues. The editors frame the volume around the "humanistic social sciences," using the term to highlight the historical and social contexts under which expressive cultural forms and archival records are created. *Critical Dialogues in Latinx Studies* masterfully sheds light on the diversity and complexity of the everyday lives of Latinx populations, the political economic structures that shape enduring racialization and cultural stereotyping, and the continuing efforts to carve out new lives as diasporic, transnational, global, and colonial subjects.

Voces del Pueblo Ray Hernández-Durán, Irene Vásquez, 2025-12-02 Long overdue art catalog for the New Mexican Chicano movement of the 1970s. Vibrant art by activist Chicana creatives fills an enormous gap in the history of art from the movement that blossomed in the 1960s and 1970s. The decade between 1970 and 1980 marks an important period in the Chicana and Chicano Movement in New Mexico known simply as the *movimiento*. Artists from all over the state played important roles in the movement by providing art, participating in political discourse, and organizing actions. However, while some activists and organizers, such as Dolores Huerta, are known and celebrated nationally, most of these artists have gone unrecognized. Not only have they been overlooked in the art history and discourse of New Mexico, they have also gone unrecognized in the discussion of Chicano art history nationally. *Voces del Pueblo* begins to repair this gap in the history of the Chicana and Chicano art movement. Printed in color and black and white, the book showcases nearly two hundred images, including work by six New Mexico artists as well as historical photos of the movement. Readers will also find

interviews with each of these artists and contextualizing essays by the cocurators of the National Hispanic Cultural Center exhibit, Ray Hernández-Durán and Irene Vásquez, as well as scholars, such as Phillip B. (Felipe) Gonzales, Howard Griego, and Sonja Elena Gandert. The result is an incomparable look at art history in New Mexico and the importance of New Mexican artists in the Chicana and Chicano Movement.
